

Past Papers For Gcse Maths Edexcel Burton

Exam Board: WJEC Level: GCSE Subject: Mathematics First Teaching: September 2015 First Exam: June 2017 Maximise your students' grade potential with a step-by-step approach that builds confidence through topic summaries, worked examples and exam style questions. - Identify areas of improvement to focus on through diagnostic tests for each topic. - Develop exam skills and techniques with skills-focused exam-style questions and exam advice on common pitfalls. - Build understanding and confidence with clear explanations of each topic covering all the key information needed to succeed. - Consolidate revision with 'two weeks to go' summaries for each topic.

A revision guide for the London Examinations Board GCSE higher maths exam. The book offers: key point summaries of candidates expected knowledge; worked examples; test-yourself diagnostic questions; and a further practice examination paper. The text is cross-referenced to the companion course text. We all have to take GCSE maths, but that doesn't mean we all find it easy! If you have been struggling with maths and find working with numbers particularly tough, this is the go-to GCSE maths study guide to help you ace your exams. This is the first GCSE maths study guide (covering number, proportion and

algebra) that uses engaging multisensory methods of learning for students with specific learning differences. It offers unique insight into why you may find maths extra challenging and gives practical advice on how you can adapt your studying processes to suit the way that you learn best. With a range of study strategies and fun activities, the guide covers topics from fractions, multiplication and division to algebra, quadratics and percentages. With everything tailored to suit young people who think and learn differently, this GCSE maths study guide has all you need to improve your maths skills...and maybe even learn to love maths!

Edexcel GCSE Maths Practice Papers and Solutions

Edexcel International GCSE Maths Practice Papers and Solutions

This book supports students preparing for the AQA GCSE exam. The practice papers in the book are carefully modelled after past papers and specifications of exam board to ensure that the papers as a whole provide a rich and varied practice to meet all requirements of GCSE mathematics with an appropriate difficulty. Papers are designed to teach students the

most easily applicable, reusable and fastest solutions to typical problems, and utilise problems which target areas of maths which students typically forget under the pressure of an exam. Solutions provided have been reviewed by many students to ensure that they are easily understandable while being the fastest and most re-applicable.

This pack contains six realistic exam-style practice papers for Higher level GCSE Maths. It also includes a formula sheet and detailed answer book so that students can mark their own work.

Intending to help students revise the key topics they need to brush up on, this work includes "test yourself" diagnostic questions, worked examples, practice questions and summaries on important topics, and practice examination papers.
