Packed with profiles, quizzes, fill-in fun and loads of top tips for creating your own videos, from the perfect camera angle to the best background. Be inspired to create and share your very own TikTok style - it's your time to shine!

Between 1995 and 2010, millions of Americans moved between the states, taking with them over \$2 trillion in adjusted gross incomes. Two trillion dollars is equivalent to the GDP of California, the ninth largest in the world. It's a lot of money. Some states, like Florida, saw tremendous gains (\$86.4 billion), while others, like New York, experienced massive losses (\$58.6 billion). How did this happen? What factors led to this massive movement of money? Using official statistics from the IRS, How Money Walks explores the hows, whys, and impact of this massive movement of American working wealth. Consider these facts. Between 1995 and 2010: The nine states with no personal income taxes gained \$146.2 billion in working wealth. The nine states with the highest personal income tax rates lost \$107.4 billion. The 10 states with the lowest per capita state-local tax burdens gained \$69.9 billion. The 10 states with the highest per capita state-local tax burdens lost \$139 billion. Money—and people—moved from high-tax states to low-tax ones. And the tax that seemed to matter the most? The personal income tax. The states with no income taxes gained the greatest wealth, while the states with the highest income taxes lost the most. Why does this matter? Because the robust presence of working wealth is the leading indicator of economic health. The states that gained working wealth are growing and thriving. The states that lost working wealth lost their most precious cargo—their tax base—and the consequences are dire: stagnation, deterioration, an economic death spiral as they continue to raise taxes and lose people, businesses, and working wealth. The numbers don't lie.

“When I read How Money Walks, I thought, ‘It’s about time.’ Finally, we have a book that addresses one of our nation’s most critical (yet rarely discussed) fiscal issues: the migration of working wealth as a direct result of personal income tax rates. Brown’s book paints a clear portrait of where money goes and why. How Money Walks should be required reading for anyone who wants to understand why some states struggle to retain people and businesses while others become billions of new dollars each year.” Dr. Arthur Laffer Founder and chairman, Laffer Associates and Laffer Investments Former economic advisor to President Ronald Reagan

The secret to an extraordinary life starts with five simple changes that anyone can make. In this groundbreaking book, Zack Friedman starts with a fundamental question: What drives success? It's not only hard work, talent, and skill. The most successful people have one thing in common, ?the power to flip five internal "switches." We all have these five switches, and when activated, they are the secret to fuel success, create happiness, and conquer anything. The Lemonade Life is filled with inspirational and practical advice that will teach you: Why you should write yourself a \$10 million check Why your career depends on the Greek alphabet Why you need?kiga?in your life How Judge Judy can help you have better work meetings

How these twenty questions will change your life Learn from the entrepreneur who failed 5,126 times before becoming a billionaire, the fourteenth-century German monk who helped reinvent Domino's Pizza, the technology visionary who asked himself the same question every morning, the country music icon who bought more than one hundred million books, and the ice cream truck driver who made \$110,027 in less than one hour. With powerful stories and actionable lessons, this book will profoundly change the way you live, lead, and work. Your path to greatness starts with a simple choice. Everyday, you're choosing to live one of two lives: the Lemon Life or the Lemonade Life. Which life will you lead?

A comprehensive guide to dealing with student loans, written to concisely cover a complex topic and give you (the premed, medical student, resident, or attending physician) the tools and background you need to handle the big investment you've made in yourself. Topics include: - Borrowing less and minimizing interest accrual during school - How Federal Loans & Federal Repayment Options -- income-driven repayment (IBR, PAYE, REPAYE, and ICR) - Federal "Direct" Consolidation - Forbearance & Deferment - Public Service Loan Forgiveness - Maximizing PSLF - Long-Term Loan Forgiveness & Loan Repayment Programs - Private Refinancing - Taxes & Retirement This is the only complete up-to-date book-length treatment of student loans currently available, and it's doubly unique as the only one written specifically for doctors by a fellow physician. The Step-By-Step Guide to Getting Your Kid Through College Without Student Loans

I Don't Want to Die Poor

According to a recent study by the National Center for Education Statistics, an estimated 65 percent of recent college graduates are burdened by student loans. Although the average debt is \$19,000, loans can exceed \$50,000 and may be much higher for those who attend graduate school, law school, or medical school. Many students, faced with the task of repaying such a large amount of money, become overwhelmed merely thinking about it. But, using this new book, you can learn how to eliminate your student loans and be debt free. In this exhaustively researched book, you will learn everything you need to know about student loans, including grace periods, deferment, forbearance, interest rates, co-signors, exit counseling, prepayment, discharges, cancellation, default, and much more. You will create a repayment schedu understand the various repayment options, such as graduated repayment, level repayment, income-sensitive repayment, extended repayment, serialization, and income-contingent repayment, and be able to choose the appropriate plan for your unique situation. Additionally, you will learn how to save money through consolidation, how to secure the best interest rate, how consolidating can improve your credit score, how to use lender incentive programs to save money, and how to lower interest rates. Whether you are a current student looking to get a jumpstart on repayment or you are a recent graduate trying to wade through the letters you are receiving from your lenders and consolidation companies, How to Wipe Out Your Student Loans and Be Debt Free will be an indispensable companion. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's (a/m/s) garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that give readers up-to-date, pertinent information, real-world advice, and step-by-step instructions. Every book has resources, contact information, and web sites of the products or companies discussed.

In 2013, student loan debt in the US passed \$1 trillion. That's more than our total amount of credit card debt and automobile debt. Graduates are starting out with poor employment prospects, obscene levels of debt, and few tools to help. Adam S. Minsky is a leading expert in student loan law. He is renowned as a pioneer in student loan law as the founder of one of the first law firms in the country devoted entirely to helping student borrowers. With few resources available for student borrowers navigating Byzantine repayment systems, he wrote this book as a practical, easy-to-read guide for managing your student debt. Whether your loans are federal or private, in good standing or in default, this guide identifies your options and helps you determine the best way forward.

In Pay Your Student Loans Fast, Val Breit reveals step-by-step how she eliminated over 42,000 dollars in college debt in less than three years—while she and her husband were both new public school teachers. She gives you every step you need in an easy-to-follow guide. You will be inspired and finally have the proven plan that can get you from wishing you were debt-free to actually living the debt-free life of your dreams. You're off to college to acquire skills, graduate, get a well-paying job, and live the good life ever after. Not so fast. A mountain of college loans after graduation may weigh you down for decades as you struggle to pay them off. Don't let the financing of your education stand in the way of your future dreams. Save money, find little-known sources for money win scholarships you never thought you'd qualify for, pick the right loans and payment plans, and you can avoid devastating debt entirely. Get smart "before" you get smart in college with tips and techniques in "Screw College Debt." Create your own action plan using the 100-at-a-glance strategies to avoid and pay for college debt-before you get into money trouble. Or learn how to dig out with creative (legal) repayment strategies. Knowledge is power. Go into the college game with the right winning strategy and plan to be the founder of Maroon & Co. and a member of "Cash in with Your Money," helps you (and your parents) explore every money-saving strategy and answers every question from WHY ("Why the heck is college so expensive?") to HOW ("How do I avoid college debt entirely?")

Today, 70% of college graduates exit school with student debt - these students carry over \$1.4 trillion dollars in loans. The average 2017 graduate will leave school with over \$37,000 in debt and an average payment of over \$350 a month. BYE Student Loan Debt was created by author Daniel J. Mendelson to tackle this very epidemic. He and his wife once had nearly \$150,000 in debt as a result of a 14 combined years of secondary education. By following the principles outlined in this book, they eliminated it all within 5 years and gained financial freedom! Use the 5 simple step process outlined with interactive online calculator tools to customize a repayment solution and empower you to eliminate your student loan debt. Say BYE to student loan debt, and hello to financial freedom! For those that are already in student loan debt, this book will show you the fundamentals of how to understand, manage and eventually eradicate your debt. For those yet to take out loans, the book will highlight the principles required to minimize your debt burden and prevent a lifetime of student loan payments. Within these chapters, you will learn to: 1) Organize your loan situation and set realistic goals 2) Create a budget and make a plan 3) Bargain hunt for favorable loan consolidation terms 4) Execute a loan plan by prioritizing the most costly loans first 5) Employ programs to alter, delay, or have loans completely forgiven 6) Save and invest for your future 7) Prevent student loan debt from the beginning of your education 8) Customize a loan repayment plan with interactive online calculators

Don't be a statistic: For millions of Americans, paying for college meant taking out loans. If you are one of the 70% of college graduates burdened with these loans, Student Loan Solution could change your life. Fight the student loans epidemic affecting 40 million borrowers:earn the best way to pay off the college degree you worked so hard to earn. Student Loan Solution has the tools you need to start your student loans repayment with a bang. Learn how to: • Pay off your student loan debt • Personalize your student loan repayment plan • Live a happier, financially smarter life

Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the benefit of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult on your finances. I now feel confident I can be a millionaire in 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial literacy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, MD Scroll up, click the buy button, and get started today!

A Simple Plan for Paying Off Debt: Car Loans, Student Loan Repayment, Credit Card Debt, Mortgages, and More. Debt-Free Living Is Within Your Reach! (Simple Personal Finance Books)

College Success

Beating the College Debt Trap presents students with a better way to do college. The radically counter-cultural truth is that students don't have to be totally dependent on Mom, Dad, or Uncle Sam to get the most out of college. Graduation on a solid financial foundation is possible. But it will require a little creativity, hard work, and a willingness to delay gratification. Chediak gets into the gritty-gritty of how to get work and make money during the college years, pay off any loans quickly, spend less, save more, and stay out of debt for good. He also unpacks how to transition from college into career, honor god while achieving financial independence, and use your finances to make a positive, eternally-significant difference in the lives of others. As a young engineering professor with an aptitude for finances and money management, Chediak has become particularly concerned with the financial health of young adults, especially in light of the ever increasing costs of college. In Beating the College Debt Trap he helps do something about this problem. He engages, in a friendly manner, the "real world" financial issues that 17-25 year olds face, with clarity, practical help, lots of illustrations, and a little humor, while conveying a distinctly Christian perspective.

A guide to investing basics by the author of Broke Millennial, for anyone who feels like they aren't ready (or rich enough) to get into the market Millennials want to learn how to start investing. The problem is that most have no idea where to begin. There's a significant lack of information out there catering to the concerns of new millennial investors, such as: • Should I invest while paying down student loans? • How do I invest in a socially responsible way? • What about robo-advisors and apps--are any of them any good? • What where can I look online for investment advice? In this second book in the Broke Millennial series, Ed Miller answers questions and delivers all of the investment basics in one easy-to-digest package. Tackling topics ranging from common terminology to how to handle your anxiety to retirement savings and even how to actually buy and sell a stock, this hands-on guide will help any investment newbie become a confident player in the market on their way to building wealth.

A college education is still one of the best investments you'll ever make-even if it is quickly becoming one of the most expensive. While there are many available options to help you pay for college, navigating the application process and even knowing where to look for aid can be utterly confusing. The Ultimate Guide to Student Loans brings refreshing clarity to the problem so you can be sure you're making the right money decisions upfront, capitalizing on the aid that's available to you, and preparing yourself to efficiently pay off any debt you incur. Authors Bruce Mesnekooff and Jordan Goodman, experts in education funding, debt issues, and personal finance, keep you up-to-date with the latest changes in government rules and regulations, simplifying the complexities of the financial aid process into easy-to-follow steps. Inside, you'll learn negotiating tactics that will ensure you get the best deals and even find out how to obtain debt forgiveness. Whether you're daunted by the idea of getting money for college or currently struggling to pay off your student loans, this manual can lead you through the financial maze to victory-a debt-free education.

How to get good with money when you have no idea where to start. The Financial Diet is the personal finance book for people who don't care about personal finance. Whether you're in need of an overspending detox, buried under student debt, or just trying to figure out how to live on an entry-level salary, The Financial Diet gives you tools to make a budget, understand investments, and deal with your credit. Chelsea Fagan has tapped a range of experts to help you make the best choices for you, but she also knows that being smarter with money isn't just about what you put in the bank. It's about everything—from the clothes you put in your closet, to your financial relationship habits, to the food you put in your kitchen (instead of ordering in again). So The Financial Diet gives you the tools to negotiate a raise and the perfect cocktail recipe to celebrate your new salary. The Financial Diet will teach you: • how to get good with money in a year. • the ingredients everyone needs to have a budget-friendly kitchen. • how to talk about awkward money stuff with your friends. • the best way to make (and stick to!) a budget. • how to take care of your house like a grown-up. • what the hell it means to invest (and how you can do it).

Get Back to Zero

There are 37 million Americans with student loan debt and they are looking for one thing...answers. In School Loans Gone, Christopher T. Lawson describes methods and techniques for eliminating student loan debt fast. This is real world information that really works for real people who don't have rich parents or six-figure salaries. When you follow the simple step-by-step instructions outlined in these pages you will see; your student loan balances fall faster than ever before, your stress levels decrease, and life choices that you thought were out of reach suddenly return as viable options that you can realistically pursue. This book is a gold mine of practical, hands-on information that will show you: How to make your student loan balances go down rapidly each month using the money you already earn. How to relieve the enormous financial stress on yourself and your marriage that the debt has created by knowing exactly what you have to do and the specific steps you need to take to get completely out of debt in the shortest possible time. How to identify the needs versus the wants in your spending plan so you can expand your financial choices and options without increasing your income. How to build a proper spending plan so you can pay off your student loans and still be able to eat and live a decent lifestyle. Strategies for on-going financial organization, recordkeeping, and progress tracking. How to clarify your goals, values, and vision so that you get the things done that really matter in your life without waiting for your student loans to be paid off. How to create and maintain an emergency savings account even if your money routinely runs out before the end of your month. How to give yourself an immediate breath of fresh air if you really feel like you are drowning right now. How to build a complete financial inventory of everything you have to work with to accomplish your goals.(Hint: It's more than you think.)

Presents an analysis of Wal Mart business tactics, where the company's efforts to lower prices has had far-reaching effects on its suppliers, competitors, employees, and foreign manufacturers.

Dave Ramsey explains those scriptural guidelines for handling money.

You don't have to spend decades paying off your student loans! You can destroy your debt fast and live a life of freedom. You've been lied to: there's no such thing as good debt. Debt sucks. Period. And that includes student loan debt. No matter what you believed—or were told—when you took out your loans, you need to get serious about getting rid of your debt fast, because it's costing you more than you know. That's why bestselling author Anthony O'Neal wrote this motivating 64-page Quick Read—to show you why you need to dump your debt fast and how to do it. If you have student loan debt and have never heard of Ramsey Solutions or the 7 Baby Steps, this 64-page Quick Read is for you. Anthony will walk you step-by-step through Baby Steps 1 and 2 to show you how to dump your debt forever. You'll learn: The ugly truth about how debt hurts you - The importance of an emergency fund and how to budget (Baby Step 1) - The power of the debt snowball (Baby Step 2) - Exactly what to do to pay off your student loans faster - How to control your money so it doesn't control you - You'll also hear stories from real people about how they paid off their debt fast - You don't need relief from your debt, you need to get mad at it. Because the truth is, when you get mad enough, you can pay off your loans faster than you ever thought possible—and take control of your money, and your life, for good! Don't let anything stand in the way of your future. This plan has helped millions get out of debt and you're next. You can do this! (Ramsey Press)

Every parent wants the best for their child. That's why they send them to college! But most parents struggle to pay for school and end up turning to student loans. That's why the majority of graduates walk away with \$35,000 in student loan debt and no clue what that debt will really cost them.1 Student loan debt doesn't open doors for young adults—it closes them. They postpone getting married and starting a family. That debt even takes away their freedom to pursue their dreams. But there is a different way. Going to college without student loans is possible! In Debt-Free Degree, Anthony O'Neal teaches parents how to get their child through school without debt, even if they haven't saved for it. He also shows parents: How to prepare their child for college "Which classes to take in high school" How and when to take the ACT and SAT "The right way to do college visits "How to choose a major A college education is supposed to prepare a graduate for their future, not rob them of their paycheck and freedom for decades. Debt-Free Degree shows parents how to pay cash for college and set their child up to succeed for life.

Student debt is a form of debt that is owed by an attending, formerly withdrawn, or graduated student to a lending institution, or a financial institution. The lent amount, often referred to as a student loan or the debts may be owed to the school (or the bank) if the student has dropped classes and withdrawn from the school, or if the student has graduated but is underemployed. The \$1.2 Trillion student loan debt crisis is hurting the American economy. Parents and students sign for student loans unaware of the effect it can have on their financial future. This book will help you understand student loans and how to get out of debt and show you how student loans affect your credit score and how you can improve your score.

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

The Financial Diet

Student loans will dependably be with us, tragically, acquiring to accomplish an advanced education is the main way the lion's share of Americans will achieve their objective of winning a higher education. Student debt can be confusing, and unnecessarily so. This book is all about how to pay off Student Loans Faster. Student loans open the way to open doors for each understudy who wishes to get school training. Since we realize that getting to go to school is not leaving, ventures to counterbalance the nibble of acquiring to get to school ought to be taken as far ahead of time as could be allowed to diminish and deal with your obligation. This book will simply reveal the best approaches to pay off your student loans faster. Best of luck!

The decision of whether to go to college, or where, is hampered by poor information and inadequate understanding of the financial risk involved. Adding to the confusion, the same degree can cost dramatically different amounts for different people. A barrage of advertising offers new degrees designed to lead to specific jobs, but we see no information on whether graduates ever get those jobs. Mix in a frenzied applications process, and pressure from politicians for "relevant" programs, and there is an urgent need to separate myth from reality. Peter Cappelli, an acclaimed expert in employment trends, the workforce, and education, provides hard evidence that counters conventional wisdom and helps us make cost-effective choices. Among the issues Cappelli analyzes are: What is the real link between a college degree and a job that enables you to pay off the cost of college, especially in a market that is in constant change? Why it may be a mistake to pursue degrees that will land you the hottest jobs because what is hot today is unlikely to be so by the time you graduate. Why the most expensive colleges may actually be the cheapest because of their ability to graduate students on time. How parents and students can find out what different colleges actually deliver to students and whether it is something that employers really want. College is the biggest expense for many families, larger even than the cost of the family home, and one that can bankrupt students and their parents if it works out poorly. Peter Cappelli offers vital insight for parents and students to make decisions that both make sense financially and provide the foundation that will help students make their way in the world.

In her debut book Dear Debt, personal finance expert Melanie Lockert combines her endearing and humorous personal narrative with practical tools to help readers overcome the crippling effects of debt. Drawing from her personal experience of paying off eighty thousand dollars of student loan debt, Melanie provides a wealth of money-saving tips to help her community of debt fighters navigate the repayment process, increase current income, and ultimately become debt-free. By breaking down complex financial concepts into clear, manageable tools and step-by-step processes, Melanie has provided a venerable guide to overcoming debt fatigue and obtaining financial freedom. Inside Dear Debt you will learn to: - Find the debt repayment strategy most effective for your needs - Avoid spending temptations by knowing your triggers - Replace expensive habits with cheaper alternatives - Become a frugal friend without being rude - Start a side hustle to boost your current income - Negotiate your salary to maximize value - Develop a financial plan for life after debt

When I graduated college I had multiple undergraduate school loans. Every month I would pay almost 20% of my salary to various loan companies. Every time I hit that "submit payment" button I would think to myself "Fck student loans." After doing some research, I found a simple way to reduce my month payments (MoneyMoney) and still pay off my loans faster than the average graduate. Net effect, I was finally able to say Fck you to my student loans. The goal of this book is to help you first select a manageable monthly payment plan, then pay them off as fast as possible. My hope is that by then end of the book you will be able to say Fck you to your student loans.

College tuition and student debt levels have been rising at an alarming pace for at least two decades. These trends, coupled with an economy weakened by a major recession, have raised serious questions about whether we are headed for a major crisis, with borrowers defaulting on their loans in unprecedented numbers and taxpayers being forced to foot the bill. Game of Loans draws on new evidence to explain why such fears are misplaced—and how the popular myth of a looming crisis has obscured the real problems facing student lending in America. Bringing needed clarity to an issue that concerns all of us, Beth Akers and Matthew Chingos cut through the sensationalism and misleading rhetoric to make the compelling case that college remains a good investment for most students. They show how, in fact, typical borrowers face affordable debt burdens, and argue that the truly serious cases of financial hardship portrayed in the media are exceptionally common and the popular narrative would have us believe. But there are more troubling problems with student loans that don't receive the same attention. They include high rates of avoidable defaults by students who take on loans but don't finish college—the riskiest segment of borrowers—and a dysfunctional market where competition among colleges drives tuition costs up instead of down. Persuasive and compelling, Game of Loans moves beyond the emotionally charged and politicized talk surrounding student debt, and offers a set of sensible policy proposals that can solve the real problems in student lending.

Repaying college loans can be a daunting task, but there are ways to make it easier. This book will help you understand your student loans, how to make them more manageable, and how to pay them off faster. It will also help you understand the benefits of making consistent loan payments versus postponing repayment. Discover what you're up against when it comes to repaying college loans—and pick the strategy that makes the most sense for you with Student Loan Forgiveness or Ten Years to Life?

One of NPR's Best Books of 2020 One of Time's 100 Must-Read Books of 2020 From the New York Times bestselling author of I Can't Date Jesus, which Vogue called "a piece of personal and cultural storytelling that is as fun as it is illuminating," comes a very and insightful essay collection that explores the financial and emotional cost of chasing your dreams. Ever since Oprah Winfrey told the 2007 graduating class of Howard University, "Don't be afraid," Michael Arceneaux has been scared to death. You should never do

will help lessen the cost and number of student loans that you will require for your educational needs. By the end of this course you will understand how student loans work and have a solid plan for repayment after graduation so that you do not end up defaulting on your loans and going even further into debt. You will learn: 1) you will learn about the various types of student loans available such as Stafford and Pell grants. 2) You will learn about the various types of lending institutions that offer educational finance programs such as private institutions, government assistance, and nonprofit organizational student loans. 3) You will learn how to set up a budget and plan for your educational expenses over the course of your 4 to 5 year university career. 4) You will learn about various government grants and scholarships that are available to satisfy your financial needs that do not need repayment. 5) You will learn about various work-study or vocational programs offered by many universities to help students lessen their financial burdens. 6) You will learn about the various options for repaying your student loan debt such as a payment plan as well as loan forgiveness opportunities which may be offered by various employers and companies. 7) You will learn about easy and effective ways to make a little extra money online so that you can help lessen the financial burden of your loans. 8) You will learn the procedures concerning defaulting on student loans and/or declaring financial hardship. Who this class is for: this class is for parents or guardians of college students as well as the students themselves who are considering starting university or students that have just graduated and are looking to understand the best way to go about paying off their student loans so as to avoid starting the new chapter of their lives with a significant amount of debt hanging over their heads. This course will help students and parents or guardians to understand what to expect when applying for student loan as well as the types of student loans that will be the most cost-effective way to pay for an education.
