Why is fashion "in fashion" in museums today? This timely volume brings together expert scholars and curators to examine the reasons behind fashion's popularity in the twenty-first century museum and the impact this has had on wider museum practice. Chapters explore the role of fashion in the museum across a range of international case studies including the Costume Institute at the Metropolitan Museum of Art in New York, The Fashion Museum at Bath, ModeMuseum in Antwerp and many more. Contributions look at topics such as how fashion has made museums accessible to diverse audiences and how curators present broader themes and issues such as gender, class and technology innovatively through exhibiting fashion. Drawing on approaches from dress history, fashion studies, museum studies and curatorship, this engaging book will be key reading for students and scholars across a range of disciplines.

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.
