***Position Pieces for Cello is designed to give students a logical and fun way to learn their way around the fingerboard. Each hand position is introduced with exercises called "Target Practice," "Geography Quiz," and "Names and Numbers." Following these exercises are tuneful cello duets which have been specifically composed to require students to play in that hand position. In this way, students gain a thorough knowledge of how to find the hand positions and, once there, which notes are possible to play. Using these***

meets Paper Towns in a funny and heartfelt debut about a boy's delirious summertime quest with his ex-girlfriend. The summer after senior year should have been a time for Cam to party and hang out with his friends. It should also have been a time for him to win back the love of his life, Allison Tandy, who'd dumped him so brutally the year before. But it quickly becomes clear that this summer is going to be worse than a failure for Cam. It's going to be a tragedy. Ally is left comatose after a terrible car accident on her way home from college. Then Cam tears his ACL, followed by an

operation that leaves him in agony. Now Cam will be spending his time on the couch, ruminating over the fact that his ex may not survive. But when, after taking his medication, Cam starts seeing Ally everywhere--yes, comatose Ally--he starts to think two things: 1. He might be headed for a mental breakdown and 2. This summer might just be interesting after all. Brimming with honesty and humor, *A Heavy Dose of Allison Tandy* interrogates how much control we really have over matters of love . . . and life. This violin tutor contains a beginners' course in 20 steps,

with over 100 popular songs and tunes. It can be used alongside companion tutors for viola, cello and double bass and includes duets.

This book is designed as a workbook to teach theory specifically relevant to the violin at a level that is attainable and challenging, yet fun for young children. It is intended to build confidence and solidify the relationship between theory and playing. Children will enjoy the drawing and coloring activities in the book, while developing the fundamentals of violin theory at the same time. The book can be used to teach beginners the

basics of theory, or even to refresh musicians who might need a small review of violin theory. No matter who uses this book, it will give a strong foundation to violin theory, and through this understanding will foster a greater love of playing. Concepts covered in this book include: learning the parts of the violin; learning about line and space notes; learning musical symbols; and how to draw music.
