- Practical and high-frequency vocabulary throughout the book
- Interactive quizzes and streaming audio recordings via the McGraw-Hill Education Language Lab for study on-the-go

This book is the culmination of educational know-how and systematic grammar organization acquired by the three authors from their experience actually teaching Korean to foreigners in the classroom. In focusing strictly on Korean grammar, this series represents a departure from most current integrated teaching materials, allowing foreign learners to more easily concentrate on grammar in their study of Korean. The authors have included real dialogues and illustrations to make the study of Korean more interesting, especially for those students who have heretofore felt Korean grammar to be difficult. Further, this series equally serves as a general Korean grammar reference that can be used by Korean language instructors both in Korea and abroad who regularly experience the difficulty of teaching Korean grammar first-hand.

Explains the rudiments of German grammar and provides vocabulary exercises for self-study.

Modern German Grammar: A Practical Guide, Third Edition is an innovative reference guide to German, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. Part A covers grammatical categories such as word order, nouns, verbs and adjectives. Part B is organised according to language functions and notions such as: making introductions asking for something to be done delivering a speech possibility satisfaction. The book addresses learners' practical needs and presents grammar in both a traditional and a communicative setting. New to this edition, and building on feedback from the previous edition: The rules of the latest (and so far final) spelling reform have been implemented throughout. Examples of usage have been updated and consideration given to Swiss and Austrian variants. The chapter on register has been expanded and now includes youth language and frequently used Anglicisms in German. The Index now has even more key words; it has also been redesigned to differentiate between German words, grammar terms, and functions, thus making it more user-friendly. The Grammar assumes no previous grammatical training and is intended for all those who have a basic knowledge of German, from intermediate learners in schools and adult education to undergraduates taking German as a major or minor part of their studies. The Grammar is accompanied by a third edition of Modern German Grammar Workbook (ISBN 978-0-415-56725-1) which features exercises and activities directly linked to the Grammar. Ruth Whittle is Lecturer, John Klapper is Professor of Foreign Language Pedagogy, Katharina Glöckel is the Austrian Lektorin and Bill Dodd is Professor of Modern German Studies – all at the University of Birmingham. Christine Eckhard-Black is Tutor and Advisor in German at the Oxford University Language Centre.

The Grammar Made Easy series is ideal for complete beginners as well as for those non-linguists who have some knowledge of the language but need to know the basics of grammar to progress beyond phrasebook level. The books consist of seven units that present basic grammar topics in an accessible and non-patronising manner. The interactive CD-ROM provides extensive interactive grammar practice, it contains around 220 activities (those included in the book plus extra ones) covering all the language in Italian Grammar Made Easy. Learners work at their own pace and move through the different sections with ease. Numerous grammar tips are at hand if needed. All the correct answers will be recorded so that learners can practise their listening and pronunciation skills. The CD-ROM can be used with the book or on its own as a revision tool.

It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Unlike most grammar series, this one simplifies and clarifies what is often perceived as the most difficult aspect of learning a foreign language. Oxford Easy Grammar texts cover all the fundamental and essential points of a language's grammar in a clear and user-friendly way, with every grammatical point clearly explained and backed up by examples in English before being illustrated in the foreign language. Each area of grammar is presented on a double-page spread for easy access and navigation, with all example sentences highlighted to show what is being illustrated. Finally, a full A-Z list of grammatical terms with clear descriptions rounds out each volume.

- English Grammar for Students of German

- Interactive German Grammar Made Easy
- Interactive French Grammar Made Easy
- German Grammar For Beginners

With all the new German spellings, Collins Easy Learning German Grammar offers beginners a clear and easy-to-understand guide to the verbs and grammar of German.

For all those who have struggled to learn German in the past. For all those who think they're just not a linguist. For all those who don't have the time -- or the inclination -- to sit and study a textbook. This is your chance to have a one-to-one lesson from Paul and his native-speaking German expert, Katharina, and all in your own time. Download the course to your MP3 player and within a few hours you will have learned over 6,000 German words. Importantly, you will also know how to make your new vocabulary work for you. No set phrases, no lists of

vocabulary. Just real German at your fingertips. Each course includes: 12 CDs holding over 12 hours of audio an 80-page booklet a DVD demonstrating Paul's method

This program provides the simplest approach to German grammar and make you proficient in speaking and writing in the language. Includes over 200 exercises and helpful tips for the grammar-phobe.

Talk German Grammar is the ideal resource for anyone setting out to learn German, whether at home or in a class. Using the tried-and-tested principles of the bestselling Talk series, it demystifies grammar and guides you through the key structures of German in a way that's really easy to follow, even if you have no experience at all of grammar and grammatical terminology. With its straightforward approach and attractive layout, Talk German Grammar promotes a real understanding of how German works and how it relates to English. It contains clear explanations and hundreds of useful examples, as well as learning tips and strategies. Interesting practice activities reinforce the language patterns and help you remember what you've learned. Talk German Grammar can be used successfully alongside any learning materials, but is the perfect companion for Talk German and Talk German 2. 264-page book.
