

## Peaceful Parent Happy Siblings Fighting

***Draws on the author's Positive Parenting Solutions online course to explain how to correct negative behaviors in children, introducing the psychological theories of Alfred Adler on using empowerment to promote healthy child development.***

***An uplifting account of a young woman's efforts to live life to its fullest while gradually going blind describes her diagnosis with retinitis pigmentosa at age 19, her reckless relationships, training at a circus school and extensive travels before unexpectedly falling in love and becoming pregnant. 30,000 first printing.***

***Do the demands of motherhood tip you out of balance, leaving some parts of your life brushed aside? Are you pulled in all directions - never sure if anything you're doing is 'good enough'? Project Me for Busy Mothers is the essential go-to guide for modern mothers who want to take control of their lives. Become the expert of you and your family by doing the Project Me Life Wheel® assessment, then head straight to the life area chapter that needs your focus first - family, love, health, money, personal growth, productivity, work or fun. You'll soon gain a fresh perspective and become proactive about your own happiness. Filled with practical strategies, guiding questions, inspirational accounts, and a treasure trove of recommended resources, this workbook and guide will motivate you to become the project manager of your life.***

***A Powerful Approach to Bringing God's Grace to Kids Did you know that the way we deal (or don't deal) with our kids' misbehavior shapes their beliefs about themselves, the world, and God? Therefore it's vital to connect with their hearts--not just their minds--amid the daily behavior battles. With warmth and grace, Jim and Lynne Jackson, founders of Connected Families, offer four tried-and-true keys to handling any behavioral issues with love, truth, and authority. You will learn practical ways to communicate messages of grace and truth, how to discipline in a way that motivates your child, and how to keep your relationship strong, not antagonistic. Discipline is more than just a short-term attempt to modify your child's actions--it's a long-term investment to help them build faith, wisdom, and character for life. When you discover a better path to discipline, you'll find a more well-behaved--and well-believed--kid.***

*Peaceful Parent, Happy Siblings**How to Stop the Fighting and Raise Friends for Life**Penguin*

*Our children can be our greatest teachers. Parenting expert Susan Stiffelman writes that the very behaviors that push our buttons – refusing to cooperate or ignoring our requests – can help us build awareness and shed old patterns, allowing us to raise our children with greater ease and enjoyment. Filled with practical advice, powerful exercises, and fascinating stories from her clinical work, Parenting with Presence teaches us how to become the parents we most want to be while raising confident, caring children. “Shows parents how they can transform parenting into a spiritual practice.” – Eckhart Tolle, author of The Power of Now “Clear, wise, soulful, and poetic.” – Alanis Morissette*

*Could be a new page adventure between your partner that you would like to use a journal for it, simple and easy planner to write the planning of your adventure, is no more fighting between us note book. Using as: - Peaceful couple - Peaceful parent - Peaceful family Good idea as a gift to your preferable person.*

*Parenting isn't easy. Showing up is. Your greatest impact begins right where you are. Now the bestselling authors of The Whole-Brain Child and No-Drama Discipline explain what this means over the course of childhood. “There is parenting magic in this book.”—Michael Thompson, Ph.D., co-author of the New York Times bestselling classic Raising Cain One of the very best scientific predictors for how any child turns out—in terms of happiness, academic success, leadership skills, and meaningful relationships—is whether at least one adult in their life has consistently shown up for them.*

*In an age of scheduling demands and digital distractions, showing up for your child might sound like a tall order. But as bestselling authors Daniel Siegel and Tina Payne Bryson reassuringly explain, it doesn't take a lot of time, energy, or money. Instead, showing up means offering a quality of presence. And it's simple to provide once you understand the four building blocks of a child's healthy development. Every child needs to feel what Siegel and Bryson call the Four S's: • Safe: We can't always insulate a child from injury or avoid doing something that leads to hurt feelings.*

*But when we give a child a sense of safe harbor, she will be able to take the needed risks for growth and change. • Seen: Truly seeing a child means we pay attention to his emotions—both positive and negative—and strive to attune to what's happening in his mind beneath his behavior. • Soothed:*

*Soothing isn't about providing a life of ease; it's about teaching your child how to cope when life gets hard, and showing him that you'll be there with him along the way. A soothed child knows that he'll never have to suffer alone. • Secure: When a child knows she can count on you, time and again, to show up—when you reliably provide safety, focus on seeing her, and soothe her in times of need, she will trust in a feeling of secure attachment. And thrive! Based on the latest brain and attachment research, The Power of Showing Up shares stories, scripts, simple strategies,*

*illustrations, and tips for honoring the Four S's effectively in all kinds of situations—when our kids are struggling or when they are enjoying success; when we are consoling, disciplining, or arguing with them; and even when we are apologizing for the times we don't show up for them.*

*Demonstrating that mistakes and missteps are repairable and that it's never too late to mend broken trust, this book is a powerful guide to cultivating your child's healthy emotional landscape.*

From squabbling siblings to bosom buddies. Every parent's dream is within your reach. Constant bickering, hurtful name-calling, intense fighting over toys and your attention... Surely, this wasn't what you had in mind when you first found out you were giving your child a new sibling. When you dreamed of having a family, you probably imagined happy laughter, peaceful playtime, and generous sharing between your kids. Instead, what you got were frequent fights, shouting matches, and maybe some kicking or hair-pulling. No one wants to see their kids not getting along. Not only is this stressful for your kids, it's stressful for you as a parent too. It can be an added burden to keep breaking up arguments when you could be doing more productive tasks instead. There's also the worry that the constant conflicts will have lasting effects on your children's relationship, even up to adulthood. From resentment over a newborn baby, to toddlers struggling with sharing, and to unhealthy competition between your school-age children, each stage of childhood comes with its own set of problems. And each requires their own actions and solutions. If your stern reprimands and firm rules don't seem to be working, it might be time to try a different approach—one that doesn't focus on ending quarrels, but on making your kids closer to each other. In Parenting Siblings Without Rivalry, you will discover: How to equip your kids with the right skills to manage conflicts on their own, so you won't have to How to prepare your children for a new arrival in the family, regardless of their age, so they won't feel overlooked The essential family activity you should regularly schedule to defuse any issues before they escalate Why you shouldn't treat your children equally, and how to treat them instead How to handle your child's feelings of jealousy when one child needs or gets more attention than the others The nighttime routine that will build a lasting bond between siblings, even if they usually can't stand each other The surefire way to end any altercation over a coveted toy, without having to bribe or scold your kids Crucial mistakes you could be making that could fuel anger and resentment between your children And much more. Any relationship will come with its own issues and conflicts. No matter how close people are, inevitably, disputes will arise. And when it's kids that are involved, even the tiniest disagreement can intensify into a full-blown war. But when your children are guided on how to respond, and encouraged to communicate, the outcome doesn't have to be ugly. Raising kids who get along isn't easy, but it's also not impossible. Whether you're a blended family, a family with adoptees, or a family with a newborn baby, increasing closeness and minimizing discord is certainly achievable. And even if you've got more kids than you can handle-or if you're facing the challenging task of raising troublesome twins—this comprehensive guide has got you covered. Your kids can grow up to be the best of friends, but even if they don't, they can remain friendly and supportive of one another even when they have their own families. If you want your children to fight for each other rather than with each other, then scroll up and click the "Add to Cart" button right now.

"Trust me. This is the only baby book you'll ever need! It's amazing, heartwarming, and completely user-friendly. Just add your heart!" --Christiane Northrup, MD, author of Mother-Daughter Wisdom, The Wisdom of Menopause, and Women's Bodies, Women's Wisdom Attached at the Heart offers readers

practical parenting advice for the modern age. In its most basic form, "attachment parenting" is instinctive. A crying baby is comforted and kept close to parents for protection. If hungry, he or she is breastfed. And while it is understood that there is no such thing as perfect parenting, research suggests that there is a strong correlation between a heightened sense of respect, empathy, and affection in those children raised the "attachment parenting" way. In this controversial book, readers will gain much needed insight into childrearing while learning to trust the intuitive knowledge of their child, ultimately building a strong foundation that will strengthen the parent-child bond. Using the Eight Principles of Parenting, readers will learn: How to prepare for baby before birth Why breastfeeding is a must for busy moms When to start feeding solid food How to respond to temper tantrums Sleeping safety guidelines and the benefits of cosleeping Tips for short separation How to practice positive discipline and its rewards Tips for finding and maintaining balance The benefits of using a baby sling and implementing infant massage Tips on dealing with criticism from those opposed or unfamiliar with AP style The dangers surrounding traditional discipline styles of parenting Contrary to popular belief, "attachment parenting" has been practiced in one form or another since recorded history. Over the years, it had been slowly replaced by a more detached parenting style—a style that is now believed by experts to be a lead contributing factor to suicide, depression, and violence. The concept of "attachment parenting"—a term originally coined by parenting experts William and Martha Sears—has increasingly been validated by research in many fields of study, such as child development, psychology, and neuroscience. Also known as "conscious parenting," "natural parenting," "compassionate parenting," or "empathic parenting," its goal is to stimulate optimal child development. While many attachment-parenting recommendations likely counter popular societal beliefs, authors Barbara Nicholson and Lysa Parker are quick to point out that the benefits outweigh the backlash of criticism that advocates of detached parenting may impose.

"This is a must-read for every family that yearns to create peace and harmony." --Shefali Tsabary, Ph.D., New York Times bestselling author of The Conscious Parent Tired of yelling and nagging? True family connection is possible--and this essential guide shows us how. Popular parenting blogger

Rebecca Eanes believes that parenting advice should be about more than just getting kids to behave. Struggling to maintain a meaningful connection with her two little ones and frustrated by the lack of emotionally aware books for parents, she began to share her own insights with readers online. Her following has grown into a thriving community--hundreds of thousands strong. In this eagerly anticipated guide, Eanes shares her hard-won wisdom for overcoming limiting thought patterns and recognizing emotional triggers, as well as advice for connecting with kids at each stage, from infancy to adolescence. This heartfelt, insightful advice comes not from an "expert," but from a learning, evolving parent. Filled with practical, solution-oriented advice, this is an empowering guide for any parent who longs to end the yelling, power struggles, and downward spiral of acting out, punishment, resentment, and shame--and instead foster an emotional connection that helps kids learn self-discipline, feel confident, and create lasting, loving bonds.

Having a little sister isn't always a picnic. Older sisters may feel jealous of the time taken away from them, the toys they have to share, and the attention focused on the youngest member of their family. Getting along is often a day-to-day battle, but what can parents do to make this situation easier and to help children realize how special it is to have a sister? In Spice & Little Sugar, the delightful new children's book about sibling rivalry, authors Megan Waldrep and Melissa Nelson show big sisters the big benefits, responsibilities, and absolute joys of their role.

Told in a whimsical rhyme that children will love to read aloud, Spice & Little Sugar first humorously relates all the ways Little Sugar gets on Spice's nerves, from grabbing her favorite toys to sticking to her like glue when Spice wants to be left alone. But gradually Spice comes to realize that Little Sugar does have her good points, including sticking up for her when she gets in trouble with their parents and saving the day with her cute face. Parents will love the warm, gentle lessons the book teaches about understanding how positives can outweigh negatives, and kids will laugh at the playful illustrations and funny story. The perfect book for siblings, Spice & Little Sugar can be read and enjoyed by the whole family, time and time again.

Parenting With Patience

Your Three-year-old

For most of us, dreams of family harmony and cooperation often give way to the reality of squabbling and fighting between siblings. In Keep the Siblings, Lose the Rivalry, Dr. Todd Cartmell explodes the myth that parents must sit passively by while sibling conflict runs rampant. Based on solid biblical principles and sibling research, Cartmell provides a ten-step plan that will help you enrich your family soil, plant the seeds of sibling relational skills, and provide an environment that will encourage respectful sibling relationships. Cartmell includes fifteen "ready-to-use" Family Time Discussion Guides and creates powerful object lessons using common household objects such as stinky socks, post-it notes, tennis balls, and tasty treats. With role-plays, Scripture references, and interactive discussion questions, each Family Time Discussion Guide will bring you closer together as a family and improve your children's skills at handling sibling conflict in a respectful way. Practical, down-to-earth, and leavened with Cartmell's dry humor, Keep the Siblings, Lose the Rivalry will equip you to handle the most difficult sibling challenges.

Proven ways to create a more loving family Research proves that happy families are good for health, longevity, peace of mind, productivity, and success. In The Secrets of Happy Families, Scott Haltzman offers an original approach to building family contentment that works for families of all ethnicities and make-ups – two-parent, single-parent, blended, childless, or same-sex couple. He provides a "positive psychology" way of solving family problems through strategy and leadership, including knowing and accepting who you are, taking a leadership role in loving and united relationships, building a network of support in extended families and communities, and making quality time for fun, adventures, holidays, and rituals.

Popular parenting expert Dr. Laura Markham, author of PEACEFUL PARENTS, HAPPY SIBLINGS, has garnered a large and loyal readership around the world, thanks to her simple, insightful approach that values the emotional bond between parent and child. As any parent of more than one child knows, though, it 's challenging for even the most engaged parent to maintain harmony and a strong connection when competition, tempers, and irritation run high. In this highly anticipated guide, Dr. Markham presents simple yet powerful ways to cut through the squabbling and foster a loving, supportive bond between siblings, while giving each child the vital connection that he or she needs. PEACEFUL PARENT, HAPPY SIBLINGS includes hands-on, research-based advice on: • Creating deep

connections with each one of your children, so that each truly believes that you couldn 't possibly love anyone else more. • Fostering a loving family culture that encourages laughter and minimizes fighting • Teaching your children healthy emotional self-management and conflict resolution skills—so that they can work things out with each other, get their own needs met and respect the needs of others •

Helping your kids forge a close lifelong sibling bond—as well as the relationship skills they will need for a life of healthy friendships, work relationships, and eventually their own family bonds.

*A groundbreaking guide to raising responsible, capable, happy kids Based on the latest research on brain development and extensive clinical experience with parents, Dr. Laura Markham’s approach is as simple as it is effective. Her message: Fostering emotional connection with your child creates real and lasting change. When you have that vital connection, you don’t need to threaten, nag, plead, bribe—or even punish. This remarkable guide will help parents better understand their own emotions—and get them in check—so they can parent with healthy limits, empathy, and clear communication to raise a self-disciplined child. Step-by-step examples give solutions and kid-tested phrasing for parents of toddlers right through the elementary years. If you’re tired of power struggles, tantrums, and searching for the right “consequence,” look no further. You’re about to discover the practical tools you need to transform your parenting in a positive, proven way.*

*When parents fight, children suffer. While parental conflict is a difficult subject, it’s too important to children to ignore. In this story, the focus is less on the fighting parents and more on the feelings the child experiences--with help for how to deal with them.*

*From the widely acclaimed HOW TO TALK series, discover how to cope with - and deflect - sibling rivalry. Full of humour and compassion, SIBLINGS WITHOUT RIVALRY challenges the idea that constant conflict between siblings is natural and unavoidable. With this book, you'll learn how to: · Avoid comparisons and the perils of equality.*

*· Intervene helpfully and step away at the right time. · Encourage good feeling between your children.*

*The #1 New York Times best-selling guide to reducing hostility and generating goodwill between siblings. Already best-selling authors with How to Talk So Kids Will Listen & Listen So Kids Will Talk, Adele Faber and Elaine Mazlish turned their minds to the battle of the siblings. Parents themselves, they were determined to figure out how to help their children get along. The result was Siblings Without Rivalry. This wise, groundbreaking book gives parents the practical tools they need to cope with conflict, encourage cooperation, reduce competition, and make it possible for children to experience the joys of their special relationship. With humor and understanding—much gained from raising their own children—Faber and Mazlish explain how and when to intervene in fights, provide suggestions on how to help children channel their hostility into creative outlets, and demonstrate how to treat children unequally and still be fair. Updated to incorporate fresh thoughts after years of conducting workshops for parents and professionals, this edition also includes a new afterword.*

**There are times when what a youngster does or says is absolutely baffling to mom or dad. How can 15-year-old Sarah spend hours prepping her hair and not give one second to cleaning her room? Likewise, what's wrong with 10-year-old Mark who knows he shouldn't bully his little brother but does so anyway? Certainly parents want answers, and no one is surprised when a parent falls back on interrogating a child or teen with repeated “Why?” or “What were you thinking?” questions.Unfortunately, searching for the reasons children behave as they do by asking the ubiquitous “Why?” is ultimately unsuccessful and, frankly, irrelevant. “I don't know,” “Because,” or “I wasn't thinking,” is the usual child response, resulting in frustrated parents and youngsters who feel embarrassed, stupid or annoyed.Drs. Charles C. Larson and John B. Dockstader, each with more than thirty years of experience working with parents and youngsters, advise parents to step back from situations such as those described and offer, instead, techniques for evaluating and solving family problems without needing to know “Why?”. The authors counsel parents how to determine if a problem exists, who owns the problem and who is best equipped to solve it. Numerous real-life examples are presented to illustrate the problem-solving process and solutions.In Parenting Without Guilt, parents learn not only to solve family problems, but also why the challenges parents and youngsters face today are more demanding than ever before. In addition, parents are guided through each stage of child development, from birth to young adulthood, with attention to typical problems any parent may anticipate. Resources that parents can use to help them resolve family discords are discussed, to include working with educators, clergy, pediatricians, private practitioners and others.With compassion, humor and wisdom gained through practical experience, Drs. Larson and Dockstader offer information and advice that provides any parent with the skills to raise successful children without guilt, anxiety or distress.**

**Offers parents advice and techniques for peaceful interaction between siblings by providing anecdotes, true stories, humor, and compassion.**

**Parenting can be such an overwhelming job that it's easy to lose track of where you stand on some of the more controversial subjects at the playground (What if my kid likes to rough house—isn't this ok as long as no one gets hurt? And what if my kid just doesn't feel like sharing?). In this inspiring and enlightening book, Heather Shumaker describes her quest to nail down “the rules” to raising smart, sensitive, and self-sufficient kids. Drawing on her own experiences as the mother of two small children, as well as on the work of child psychologists, pediatricians, educators and so on, in this book Shumaker gets to the heart of the matter on a host of important questions. Hint: many of the rules aren't what you think they are! The “rules” in this book focus on the toddler and preschool years—an important time for laying the foundation for competent and compassionate older kids and then adults. Here are a few of the rules: • It's OK if it's not hurting people or property • Bombs, guns and bad guys allowed. • Boys can wear tutus. • Pictures don't have to be pretty. • Paint off the paper! • Sex ed starts in preschool • Kids don't have to say “Sorry.” • Love your kid's lies. IT'S OK NOT TO SHARE is an essential resource for any parent hoping to avoid PLAYDATEGATE (i.e. your child's behavior in a social interaction with another child clearly doesn't meet with another parent's approval)!**

**Cure your kids of the entitlement epidemic so they develop happier, more productive attitudes that will carry them into a successful adulthood. Whenever Amy McCreedy mentions the "entitlement epidemic" to a group of parents, she is inevitably met with eye rolls, nodding heads, and loaded comments about affected children. It seems everywhere one looks, there are preschoolers who only behave in the grocery store for a treat, narcissistic teenagers posting selfies across all forms of social media, and adult children living off their parents. Parenting expert McCreedy reveals in this book that the solution is to help kids develop healthy attitudes in life. By setting up limits with consequences and training them in responsible behavior and decision making, parents can rid their homes of the entitlement epidemic and raise confident, resilient, and successful children. Whether parents are starting from scratch with a young toddler or navigating the teen years, they will find in this book proven strategies to effectively quell entitled attitudes in their children.**

From leading researchers, this book presents important advances in understanding how growing up in a discordant family affects child adjustment, the factors that make certain children more vulnerable than others, and what can be done to help. It is a state-of-the-science follow-up to the authors' seminal earlier work, Children and Marital Conflict: The Impact of Family Dispute and Resolution. The volume presents a new conceptual framework that draws on current knowledge about family processes; parenting; attachment; and children's emotional, physiological, cognitive, and behavioral development. Innovative research methods are explained and promising directions for clinical practice with children and families are discussed.

Author Arlene Karian opens the door to success for millions of parents now – and in the future. In "Mentoring Your Child To Win: The 7 Breakthrough Keys How A Single Former Welfare Mom Raised A Multi-Millionaire Kid", Arlene – “The Parenting Mentor” – provides you with a proven plan she created for herself and is now available to all who shape a child's consciousness.Easy and enjoyable to follow, parents will find the tools to create a bond with their children in an exciting new way. Recently validated by science, Arlene's system will open a whole new world of possibilities, empowering you to raise extraordinary children and also uplift you and your entire life in the process.The simple secret: Arlene became a mentor to her son by following a simple original system. Now you can use Arlene's "Road Map to 21st Century Parenting" system to help your children avoid negative outside influences and achieve great things, so they become what they were meant to become.In "Mentoring Your Child To Win: The 7 Breakthrough Keys How A Single Former Welfare Mom Raised A Multi-Millionaire Kid," you'll discover:[] The 7 Keys to 21st Century Parenting[] The 3 Scientific Research Secrets about Parenting[] How To Mentor Your Child to Excel[] How to Raise an Extraordinary Child[] How To Get Your Kid To Say 'No' to Outside InfluencesPlus a lot more detailed, step-by-step guidance, inspiration, and help for parents and guardians to modernize parenting with a new breakthrough approach to interface with these troubled times.In addition, the book reveals:[] Detoxing Your Mind: An Innovative Way to De-stress[] How To Effortlessly Organize Your Day [] Keeping The Love Alive In Spite Of Dishes, Laundry and Texting"Mentoring is the new way," Arlene says. "I raised my son to excel while on welfare. It's because I blended parenting with mentoring that my son became so extraordinary, successful, and a living role model of my work. Helping all parents bring out the best in their children, whatever that might be, is now my passion."Arlene believes that true wealth comes from the wisdom of the one who is shaping a child's life. Her book will guide you on an incredible new journey toward that end.Mentoring Your Child To Win: The 7 Breakthrough Keys – How A Single, Former Welfare Mom Raised A Multi-Millionaire Kid brings solutions for parenting in the 21st Century.

This report examines the links between inequality and other major global trends (or megatrends), with a focus on technological change, climate change, urbanization and international migration. The analysis pays particular attention to poverty and labour market trends, as they mediate the distributional impacts of the major trends selected. It also provides policy recommendations to manage these megatrends in an equitable manner and considers the policy implications, so as to reduce inequalities and support their implementation.

Parents have heard that play is a child's work—but play is not for kids only. As psychologist Lawrence J. Cohen, Ph.D., demonstrates in this delightful new book, play can be the basis for an innovative and rewarding approach to parenting. From eliciting a giggle during baby's first game of peek-a-boo to cracking jokes with a teenager while hanging out at the mall, Playful Parenting is a complete guide to using play to raise strong, confident children. Have you ever stepped back to watch what really goes on when your children play? As Dr. Cohen points out, play is children's complex and fluid way of exploring the world, communicating hard-to-express feelings, getting close to those they care about, working through stressful situations, and simply blowing off steam. That's why "playful parenting" is so important and so successful in building strong, close bonds between parents and children. Through play we join our kids in their world. We help them express and understand deep emotions, foster connection, aid the process of emotional healing--and have a great time ourselves while we're at it. Anyone can be a playful parent--all it takes is a sense of adventure and a willingness to let down your guard and try something new. After identifying why it can be hard for adults to play, Dr. Cohen discusses how to get down on the floor and join children on their own terms. He covers games, activities, and playful interactions that parents can enjoy with children of all ages, whether it's gazing deep into a baby's eyes, playing chase with a toddler, fantasy play with a grade schooler, or reducing a totally cool teenager to helpless laughter. Playful Parenting also includes illuminating chapters on how to use play to build a child's confidence and self-esteem, how to play through sibling rivalry, and how play can become a part of loving discipline. Written with love and humor, brimming with good advice and revealing anecdotes, and grounded in the latest research, Playful Parenting will make you laugh even as it makes you wise in the ways of being a happy, effective, enthusiastic parent.

Now I See You

Dealing with the Feelings

Celebrate! ADHD

Stop the fighting! "He hit me!" "She won't stay on her side of the room!" "Leave my stuff alone!" Is your day punctuated by tattling, tears, and testiness among your children? Does your home resemble a war zone, with fights breaking out constantly among combative siblings? Do you wonder why your kids can't get along? You're not alone. Sibling rivalry has become one of the most frustrating problems facing today's parents. Yet sibling rivalry is not an inevitable outcome. It is possible to help your children move from enemies to friends. In Ending Sibling Rivalry, Sarah Hamaker provides common sense and practical solutions to this familiar problem, guiding parents through the roots and remedies of sibling rivalry.

Ending Sibling Rivalry addresses the harmful impact of competition on the sibling relationship, how to avoid the trap of favoritism and comparison, and how to teach children conflict resolution. Whether your children are toddlers or teenagers, Ending Sibling Rivalry provides

What do you do when your marriage is so unhappy that you begin to fantasize about your husband's funeral? That's how bad it got for Alisa Bowman. . . So she launched a last-ditch effort to save her marriage. Project: Happily Ever After is her fearlessly honest and humorous account of how she went from being a “ divorce daydreamer ” to renewing her wedding vows—and all of the steps in between. From bikini waxes to erotica, romance instruction manuals to second honeymoons, the silent treatment to power struggles, she goes where many marriage-improvement gurus have feared to tread. Equal parts funny, poignant, and most importantly, useful, Bowman's story will give other miserably-married folks courage and hope. And in addition to telling her own story, she packs straightforward prescriptive guidance, including a “ 10-Step Marital Improvement Guide. ” Readers will laugh. They'll cry. And they can start on the road toward their own happy ending!

This is a quick book to read when you are calm, to use when you are not! Positive discipline has to begin with positive stress management. All families have stress. Make it work for you! Learn how to recognize stress, manage it, and regain your patience before yelling. Learn why children have tantrums at all ages, and how to help them channel anger into lifelong skills for self-control and communication. Learn normal childhood development, capabilities and temperament, so you can respectfully and non-punitively resolve everyday family issues. "Every parent needs patience, and this book has simple, respectful ways to calm down and connect." - Dr. William Sears and Martha Sears, RN, co-authors of The Baby Book and The Discipline Book

A practicing psychologist with years of personal and professional experience guides parents to childrearing techniques that can reduce or prevent sibling conflicts, and tips on how to eliminate stress among children. Reprint.

The Secrets of Happy Families

*In The Secrets of Happy Families, New York Times bestselling author Bruce Feiler has drawn up a blueprint for modern families — a new approach to family dynamics, inspired by cutting-edge techniques gathered from experts in the disciplines of science, business, sports, and the military. Don't worry about family dinner. Let your kids pick their punishments. Ditch the sex talk. Cancel date night. These are just a few of the surprising innovations in this bold first-of-its-kind playbook for today's families. Bestselling author and New York Times family columnist Bruce Feiler found himself squeezed between caring for aging parents and raising his children. So he set out on a three-year journey to find the smartest solutions and the most cutting-edge research about families. Instead of the usual family "experts," he sought out the most creative minds—from Silicon Valley to the set of Modern Family, from the country's top negotiators to the Green Berets—and asked them what team-building exercises and problem-solving techniques they use with their families. Feiler then tested these ideas with his wife and kids. The result is a fun, original look at how families can draw closer together, complete with 200 never-before-seen best practices. Feiler's life-changing discoveries include a radical plan to reshape your family in twenty minutes a week, Warren Buffett's guide for setting an allowance, and the Harvard handbook for resolving conflict. The Secrets of Happy Families is a timely, counterintuitive book that answers the questions countless parents are asking: How do we manage the chaos of our lives? How do we teach our kids values? How do we make our family happier? Written in a charming, accessible style, The Secrets of Happy Families is smart, funny, and fresh, and will forever change how your family lives every day.*

*Brothers that love each other are a force to be reckoned with It's one of the oldest and most complicated relationships going back to The Bible and still relevant today How can brothers just get along? There's so much potential in the relationship between brothers. Brothers can achieve great things together. But, with this power and potential for good lies the potential for disaster too. Hatred between brothers can be toxic and can tear apart a family for generations. If you're a parent of boys it's imperative that you do everything in your power to make sure your boys in your family get along and are on the same team. You don't want a strained relationship between brothers causing problems in the family. So, how do you do it? How This Book Can Help You This book explores the relationship between brothers from the perspective of a parent raising boys. Starting from when boys are young, learn why boys fight and how small issues should be solved early on to prevent massive issues down the road. For parents of boys, this book helps you raise your boys so they get along with and love each other. For adults with brothers, this book helps you reflect on your past and understand the reasons why events from your childhood have impacted the relationship you have with your brother. This book explains the reasons why brothers fight, and then provides actionable tips, tactics, and strategies to use in order to bring brothers together. Brothers can do great things - use this book to help you discover ways of bringing out the full potential and power of brothers united.*
