This Book of Quotes includes important phrases by Frida Kahlo and Diego Rivera selected and translated by Maria Tsaneva in corresponding English-Spanish paragraphs. The book is excellent way to read Paragraph by Paragraph Translation as each individual English paragraph is paired with the corresponding Spanish paragraph. The paragraphs are not long, so there is no need to do a lot of back and forth to see the English translation and the Spanish text. Frida and Diego was a legendary couple, they both were revolutionaries

and artists. Although Frida lived in the shadow of Diego, and shared his ideals, she created a painting entirely personal, metaphorical and naive derived from her exalted sensibility.

European religious drama adapted for an Aztec audience Don Bartolomé de Alva was a mestizo who rose within New Spain's ecclesiastical hierarchy when people of indigenous heritage were routinely excluded from the priesthood. In 1640 and 1641 he translated several theatrical pieces from Spanish into Nahuatl, yet this prodigious accomplishment remained virtually unknown for centuries. Nahuatl Theater, Volume 3 presents for the first time in English the complete dramatic works of Alva, the only known plays from Spain's Golden Age adapted

into the lively world of Nahuatl-language theater. Alva's translations—"The Great Theater of the World," "The Animal Prophet and the Fortunate Patricide," "The Mother of the Best," and a farcical intermezzo—represent ambitious attempts to add complex, Baroque dramatic pieces by such literary giants as Lope de Vega and Pedro Calderón de la Barca to the repertory of Nahuatl theater, otherwise dominated by sober one-act religious plays grounded in medieval tradition. The Spanish sources and Alva's Nahuatl, set on facing pages with their English translations, show how Alva "Mexicanized" the plays by incorporating Nahuatl linguistic conventions and referencing local symbolism and social life. In their introductory essays,

the editors offer contextual and interpretive information that provides an entrée into this rich material. As the only known adaptations of these theatrical works into a Native American language, these plays stand as fine literature in their own right.

In Part I, William Rowe draws out the latent layers of political meaning in Vallejo's 'pre-political' work, Trilce; Adam Feinstein weighs the evidence for and against the case that there was a rift between the two most important Latin American poets of the twentieth century (Vallejo and Pablo Neruda); and David Bellis compares and contrasts Vallejo's Spanish Civil War poetry with that composed by Neruda and the Cuban poet

In Part II, Dominic Moran provides a line-by-line dissection of Vallejo's favourite poem of his early period, 'El palco estrecho'; Adam Sharman offers a close reading of Poem XXIII of Trilce; Paloma Yannakakis looks at the role played by the human body in Vallejo's poetics; while Michelle Clayton reviews the ways in which animals are represented in Vallejo's poetry. In Part III, Santi Zegarra discusses the influence that Vallejo's poetry has had on his film-making; Eduardo González Viaña reveals how

Sin embargo, su vida daría un vuelco drástico cuando Rosie fue marcada por el abuso sexual del que fue objeto dentro de su familia a una muy temprana edad. Viviendo con miedo y oprimida por secretos dolorosos, estuvo agobiada por amenazas constantes, confusión y dolor. No sólo le fue arrebatada su infancia, sino también su confianza y su autoestima. Sintiendo completamente hecha pedazos y perdida, Rosie se

Por primera vez y con inquebrantable franqueza y valentía, Rosie comparte los traumáticos detalles de los abusos que sufrió, de su lucha diaria para salir adelante y de cómo gracias al cariño de su familia encontró, una vez más, el amor. Pero aún así, poco después la vida de Rosie sería duramente impactada otra vez cuando fue sacudida por la peor tragedia que podría haber imaginado y su más mayor miedo se hizo realidad: la muerte de su amada hermana. En la misma medida desgarradora y edificante, la historia de Rosie constituye un testimonio verídico sobre la superación de la adversidad y una muestra de

This selection of papers from the ITI's landmark First International Colloquium on Literary Translation includes provocative perspectives on the teaching, research and status of literary education in universities. By way of introduction Peter Bush looks at strategies for raising the profile of the theory and practice of literary translation, its professionalisation and role in the development of

national and international cultures. Nicholas Round and Edwin Gentzler explore undergraduate teaching of translation in the UK and the US while Douglas Robinson gives a Woody Allenish frame to an experience of pedagogy. Susan Bassnett sets out an overview of the development of research in Translation Studies that is complemented by case studies of translations of Shakespeare's Letter-Puns by Dirk Delabastita and of Molly Bloom's Soliloquy by Maria Angeles Code Parrilla. Kirsten Malmkjær and Masako Taira respectively review translating Hans Christian Andersen and the Japanese particle *ne* as examples of the relationship between linguistics and literary translation. Ian Craig examines the impact of censorship on the translation of children's

¿Es la vida compleja o somos nosotros quienes la complicamos? Richard Gerver en este su tercer libro: Simple Thinking, hace caer en la cuenta al lector sobre la innata facilidad de las personas para complicar lo sencillo. Nos abre los ojos ante la compleja realidad de vida; una realidad que podría hacerse más sencilla si llegáramos a desarrollar lo que él llama un pensamiento simple. Gerver muestra comportamientos para despejar y ordenar la mente y ayudarnos así a liberar el verdadero potencial de cada persona. Argumenta sabiamente: el

éxito no es complicado. Nos invita a aprender de los más pequeños, para los que todo es posible. Con esta obra aprenderemos a apreciar en ellos, y desarrollar en nosotros mismos, la capacidad de vivir y actuar con resiliencia, autenticidad y pasión; de creer en nosotros mismos, sin importar lo que otros piensen; de renovar nuestros pensamientos, comportamientos y acciones; de dejar atrás las cadenas que nos impiden alcanzar nuestras metas. En definitiva, un libro sencillo para simplificar nuestra vida y así alcanzar el éxito y la felicidad. Un texto hecho de sentido común, el cual resulta ser a menudo el menos común de los sentidos.

This book explores the issue of politeness phenomena and socially appropriate behavior in two societies, Mexico and the United States, in three different contexts: refusing invitations, requests, and suggestions. In addition to a state-of-the-art review of the speech act of refusals in numerous languages, the book provides a rigorous analysis of data collection methods utilized to examine speech act behavior at the production and perception levels. Many examples of native speaker interactions illustrate the similarities and differences observed in the realization patterns and the perception of refusals by Mexicans and

Americans in formal and informal situations. The data are analyzed in terms of refusal sequences and pragmatic strategies which are strategically used to carry out relational work during the negotiation of face. The results of the quantitative and qualitative analyses are interpreted in light of the notions of face, politeness, and relational work in Mexico and the United States. This publication will be of interest to researchers and students in pragmatics and discourse analysis, cross-cultural communication, and sociology.

This biography offers a fresh understanding of the life and work of Spanish composer Manuel de Falla (1876-1946), recognized as the greatest composer in the Spanish cultural renaissance that extended from the latter part of the 19th century until the outbreak of the Spanish Civil War in 1936. The biography incorporates recent research on Falla, draws on untapped sources in the Falla archives, reevaluates Falla's work in terms of current issues in musicology, and considers Falla's accomplishments in their historical and cultural contexts. exponentially in the late fifteenth and sixteenth centuries, and as the horizons of imperial experience grew more distant, strategies designed to convey the act of witnessing came to be a key source of textual authority. From the relación to the captivity narrative, the Hispanic imperial project relied heavily on the first-person authority of genres whose authenticity undergirded the ideological armature of national consolidation, expansion, and conquest. At the same time, increasing pressures for religious conformity in Spain, as across Europe, required subjects to bare themselves before external authorities in intimate confessions of their faith. Emerging from this charged context, the unreliable voice of the pícaro poses a rhetorical challenge to the authority

of the witness, destabilizing the possibility of trustworthy representation precisely because of his or her intimate involvement in the narrative. In Knowing Fictions, Barbara Fuchs seeks at once to rethink the category of the picaresque while firmly centering it once more in the early modern Hispanic world from which it emerged. Venturing beyond the traditional picaresque canon, Fuchs traces Mediterranean itineraries of diaspora, captivity, and imperial rivalry in a corpus of texts that employ picaresque conventions to contest narrative authority. By engaging the picaresque not just as a genre with more or less strictly defined boundaries, but as a set of literary strategies that interrogate the mechanisms of truth-telling itself, Fuchs shows how self-consciously
