The Secret War Council, Germany's
spy organization in New York,
received orders from Berlin to stop
the flow of munitions through
terrorism in January 1915. German
agents in the U.S. firebombed
freighters on the high seas, incited

labor unrest, fomented troubles along the Mexican-American border, and damaged or destroyed dozens of American factories and logistics installations. The German secret war against the United States in 1915, its discovery and publication, combined with the

disastrous sinking of the Lusitania in May of that year, did much to prepare the American public to finally accept joining the Entente powers against Germany in 1917. This is the story of a group of German agents in the United States, who executed this mission.
