"Every moment of Sir Hugo Fletcher's life has been chronicled in the British press: his privileged upbringing, his high-profile charity work to end human trafficking -- even his two marriages. But when the billionaire philanthropist is discovered murdered in his London home, tied naked to a bed, the scandal is only a shadow of the darkness lurking off-camera. Laura Fletcher returns from an Italian vacation to find her husband dead and her home under siege by paparazzi. Is she shocked? Yes. But is she distraught? Not exactly. Especially when Chief Inspector Tom Douglas reveals his suspicions that Hugo's killer is female. Laura always knew she wasn't the only woman in Hugo's life. And she knows she wasn't the only one with a motive to kill. The deeper Douglas digs, the more sordid details about Hugo Fletcher he uncovers. And yet nothing compares to the secret Laura guards, a secret that could bring the guilty to justice -- or destroy an innocent life forever."--Publisher description.

*Six friends. One killer. Who do you trust? A teen girl is missing after a night of partying; thirty years later, the discovery of her body reopens a cold case in "a scorching portrait of friendship and its betrayal." (Nicci French). "This enjoyably chilling suspense tale . . . conveys both the thrills and the dangers of being a teenager on the brink of adult independence."—The New York Times Book Review On a scorching July night in 1983, a group of teenagers goes camping in the forest. When they wake in the morning the youngest of their group, Aurora Jackson, has disappeared. An exhaustive investigation is launched, but no trace of the teenager is ever found. Thirty years later, Aurora's body is unearthed in a hideaway that only the six friends knew about, and Jonah Sheens is put in charge of solving the long-cold case. Back in 1983, as a young cop in their small town, he had known the teenagers—including Aurora—personally, even before taking part in the search. Now he's determined to finally get to the truth of what happened that night. Sheens's investigation brings the members of the camping party back to the forest, where they will be confronted once again with the events that left one of them dead and all of them profoundly changed forever. This searing, psychologically captivating novel marks the arrival of a dazzling new talent, and the start of a new series featuring Detective Chief Inspector Jonah Sheens. It's December 1997 and a man-eating tiger is on the prowl outside a remote village in Russia's Far East. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. To their horrified astonishment it emerges that the attacks are not random: the tiger is engaged in a vendetta. Injured and starving, it must be found before it strikes again, and the story becomes a battle for survival between the two main characters: Yuri Trush, the lead tracker, and the tiger itself. As John Vaillant vividly recreates the extraordinary events of that winter, he also gives us an unforgettable portrait of a spectacularly beautiful region where plants and animals exist that are found nowhere else on earth, and where the once great Siberian Tiger - the largest of its species, which can weigh over 600 lbs at more than 10 feet long - ranges daily over vast territories of forest and mountain, its numbers diminished to a fraction of what they once were. We meet the native tribes who for centuries have worshipped and lived alongside tigers - even sharing their kills with them - in a natural balance. We witness the first arrival of settlers, soldiers and hunters in the tiger's territory in the 19th century and 20th century, many fleeing Stalinism. And we come to know the Russians of today - such as the poacher Vladimir Markov - who, crushed by poverty, have turned to poaching for the corrupt, high-paying Chinese markets. Throughout we encounter surprising theories of how humans and tigers may have evolved to coexist, how we may have developed as scavengers rather than hunters and how early Homo sapiens may have once fit

seamlessly into the tiger's ecosystem. Above all, we come to understand the endangered Siberian tiger, a highly intelligent super-predator, and the grave threat it faces as logging and poaching reduce its habitat and numbers - and force it to turn at bay. Beautifully written and deeply informative, *The Tiger* is a gripping tale of man and nature in collision, that leads inexorably to a final showdown in a clearing deep in the Siberian forest.

For Fitzroy, what the Butcher of Broxburn didn't leave behind chills her to the bone: not a single trace of his most recent victim or abductee. All Fitzroy wants to know now is . . . dead or alive, where is the girl? Brian Howley is in plain sight with a new name and a new identity, Howley is making plans for an ingenious new start, and he's daring Fitzroy to come along. Clue by terrifying clue, she's following in a killer's footsteps, but even she can't imagine where they'll lead. Because Howley's endgame has a terrifying twist—one that will not only change her fate, but the fate of everyone Fitzroy is risking her life to protect. She didn't see the patch of black ice until it was too late. The car started to spin, and as it veered off into the deep ditch and the mounds of snow beside the road, she saw him. The little boy frozen in the ice. When the remains of two bodies are found in an open grave along a desolate highway in Stillwater, Minnesota, Special Agent Nikki Hunt knows exactly who they are. The bright blue jacket lying on the frozen earth belongs to Kellan Rhodes, the missing boy she's desperately been trying to find for the last two days. The other body is his mother Dana, who had been Nikki's lead suspect. Although the wounds on Dana's body suggest she murdered her son and took her own life, Nikki finds evidence that suggests she was a victim too. Dana was desperately trying to regain custody of Kellan, and Nikki finds boot prints at the scene that belong to someone else. When another child is reported missing, local journalist Caitlin Newport claims the cases are linked: Zach Reeves was taken away from his own mother in a custody battle, just like Kellan was. Caitlin once helped Nikki find out the truth about her own parents' murders, but her desire for a story nearly cost Nikki her life. Now, Nikki must decide if she can trust Caitlin again, before time runs out to find the killer and bring Zach home alive...
