book will

instead lays  
out a natural

premise of the  
book is based

on this famous  
quote; "When  
you change the  
way you look  
at things, the  
things you  
look at

the beginning  
of the book it  
is recommended  
to establish

an environment

Less

to becoming

additionally
