

Phantom Boys 2 More Thrilling Tales From Uk And Us Operators Of The Mcdonnell Douglas F 4

Twin brothers discover their new home is also a portal--for an hour a day--to a parallel dimension in this spine-chilling middle-grade adventure, perfect for fans of *The Mysterious Benedict Society*. Twelve-year-old twins Colm and Mal might look identical, but they're different in just about every other way. The one thing they can agree on is that neither brother wants to move to Chicago for a fresh start with their mom two years after their dad's death. The boys soon discover that their new apartment building, Brunhild Tower, is full of strange quirks: a mysterious Princess who warns them not to wander the building at midday, eerie sounds coming from the walls, and an elevator that's missing a button for the thirteenth floor. Then one afternoon, that button appears, catapulting the brothers and their inquisitive new neighbor, Tamika, into a parallel dimension and a twin building stuck in time, where the spirits of all the former residents of Brunhild Tower live on, trapped by an ancient curse. Now, Colm, Mal, and Tamika must race against time to solve the mystery of the phantom tower—or risk spending an eternity as ghosts themselves.

Dark magic and dark pasts haunt the characters in these short stories set in mysterious, exotic Thailand. Ghosts and spirits and the real-life terror of despair besiege the pages of *The Phantom Lover and Other Thrilling Tales of Thailand*, horror stories by award-winning writer and longtime Thailand resident Jim Algie. In these tales you'll meet: A photojournalist who is literally haunted by the images of everyone he ever failed or exploited while getting a story. A drug trafficker-turned-writer who confronts vulnerability in his hard-as-nails partner in crime. An executioner who explores the nature of violence in a painful search for loving kindness. For these characters, the naturally lush, deeply spiritual, and excitingly urban Thailand that is their home is also a place full of demons, a place where desperation is another word for normal. Each story follows their attempts to push through and make sense of the many different shades of darkness. *The Phantom Lover and Other Thrilling Tales of Thailand* warps the boundaries between the conceivable and the bizarre, and proves that the surreal can seem very real indeed. A resident of Thailand since 1992, travel writer (and one-time punk rocker, cable TV host, college DJ, and music journalist) Jim Algie taps into Thailand's ethos from a very unique perspective. He offers readers the best elements from the worlds of both supernatural and horror fiction.

Night of the Phantom

From Richard Pike, best-selling author of *Hunter Boys* and *The Lightning Boys* volumes, comes the newest addition to Grub Street's popular *Boys* series; *Phantom Boys*. Originally developed for the US Navy, this twin-engined supersonic long-range fighter-bomber first flew in the spring of

1958. It then entered service for the US Navy in 1961, and in 1969 with the Fleet Air Arm and RAF in the UK. Regarded as one of the most versatile fighters ever built, the Phantom F-4 was the US Navy's fastest and highest-flying aircraft. It was flown by both US military demonstration teams (Navy Blue Angels and the Air Force Thundercats) from 1969 to 1973. It ended its service in 1991 with the RAF. But it continued to serve a variety of air forces across the world, with some still in service fifty years after its first flight. Throughout the twenty chapters of this book, thirteen contributors will take readers across the world with adventures in the Falkland Islands, the United States of America, the United Kingdom, the Far East and Germany. There are anecdotes of reconnaissance missions, encounters with the Russian Tupolevs, record-breaking flights and life on HMS Ark Royal. The scope, flair and pace of the writing in this book will appeal to the general reader as well as to the enthusiast.

LEXX Unauthorized, Series 2 - The continuing story of Kai, an undead assassin, Zev, a combination of love slave and cluster lizard, Stanley Tweedle, a hapless security guard and 790, a robot head, careening through space together in the LEXX, a stolen, planet destroying, biological warship shaped like a dragonfly. In the second series, the crew travel through space, searching for a new home, or at least a good time, while in their wake a mysterious force is destroying the universe. LEXX was one of the strangest and most wildly surreal space operas ever conceived, owing as much to Luis Bunuel and Alejandro Jodorowsky as to Star Trek and Star Wars. It was unique and unforgettable, mixing black comedy and absurdism with epic drama, and an astonishing visual sense. Backstage, the story of the creation of the series was even more extraordinary, a tale of regional Atlantic film makers, renegade artists, cult film makers, wild experimentation, Canadian cultural nationalism, German entrepreneurs, new computer generated imagery technologies and backstage chaos intersecting in wildly unpredictable ways, to create truly exotic images and stories. The product of years of research and dozens of interviews, this is a 'must buy' for any fan of the show itself or of science fiction movies television generally, and an eye opening insight into film and television production, especially Canadian and international productions.

The trial of a lifetime is about to begin . . . At the center of Phantom Money lies Declan Collins, a brilliant criminal defense lawyer, who writes a screenplay woven around an ingenious money laundering scheme. The script is nothing more than an artistic dalliance until Matt Esposito, Collins ' best friend, gives it to Blackpool Studios, a new movie studio with big money. A week later, Collins and Esposito find themselves on a private jet to Mexico to meet with an investor interested in making the screenplay into a film. Unfortunately for Declan and Matt, the “ investor ” is Ramon Cayetano, the head of a very old and powerful Mexican drug cartel. Cayetano desperately needs to launder one hundred million dollars of drug profits into the US within six months, and he intends to use Collins ' s scheme to make that happen. Collins and Esposito are forced to play the lead roles in the illicit operation, thrusting them into a world of intrigue, violence, and mortal danger. To survive, they must secretly launder a mountain of money in an impossibly short time, deceive an FBI strike team, and outwit the drug lord. Sean O ' Keefe has written a complex and exciting page-turner (think The Firm meets Ozark) that will have his readers rapt until its dramatic ending.

And Alison knows this because she, too, lived at Wolf Hall and knew Mary...more than four hundred years ago. The painting of Mary is more than just a beautiful object for Alison—it holds the key to her past life, the unlocking of the mystery surrounding Mary's disappearance and how Alison can get back to her own time. To when she and Mary were childhood enemies yet shared a pact that now, finally, must be fulfilled, no matter the cost. Bestselling author of House of Shadows Nicola Cornick offers a provocative alternate history of rivals, secrets and danger, set in a time when a woman's destiny was determined by the politics of men and luck of birth.
