## **Phoenixcry A Reverse Harem Romance The Rogue Witch Book 1**

My blood is their salvation... and my ruin. ?For years, the monsters who killed my family have held me in a cage. Brutalized and half-starved. Only kept alive so they can steal my blood. Until one evening when four eerily gorgeous men break me out of my prison. They give me a soft bed and delicious food. They say they'll protect me-but their generosity may come at a price. My rescuers are monsters like my captors: fae who shift into wolves. A curse gripping the faerie realm turns them wild under the full moon. Only

my blood can cure their rage. These fearsome men need me, and not just to lift the curse. A tragedy left them outcasts, and offering me to their rulers could win them back the home and the power they lost. No matter how kindly they treat me, no matter how their smoldering eyes and strong hands stir unfamiliar desires in both my body and my heart, their castle is just another prison. As long as I'm a prize more than a person, my life will never be my own. I've survived this long without giving up. I won't roll over now. But how can one damaged human girl hold her own against the savage fae? \*Captive of Wolves is the first in a new paranormal romance saga featuring possessive wolf shifters, fraught fae politics, and a wounded heroine coming into her own. Grab it now and get swept away in the fantasy!\*

I was hired to protect her, not make her scream my name. From

dodging bullets in Afghanistan to working for the Secret Service, I know danger pretty well. Or I thought I did. That was before my latest assignment came with a whole new kind of danger. Her name? Ruby. She's the gorgeous-as-hell, opinionated, spitfire daughter of Senator Burgess. Her family's beyond strict, but for a girl who's so innocent, she's anything but sweet. Wicked green eyes, curves that beg me to touch them, and a smile that makes me think dirty, dirty thoughts. Her father's a nightmare — a totalitarian who rules his family with an iron fist. He decides what clothes his daughters wear, what books they read, where they can go — hell, who they marry. Ruby can pretend with them, but she can't pretend with me. I can tell there's more to her than the demure southern belle she has to be in public. But I'm a professional, hired to be her bodyguard. I know better than to fall for someone I'm supposed to

protect, but with every glance, every accidental touch, every word she says to me, I just want her more. I want to tear away the innocent good girl veneer, and make the real Ruby scream my name as she rakes her nails down my back. It's f\*cking dangerous. If we get caught, there will be hell to pay — and it'll be worse for her. But I don't think I can stay away.

They say not to jump at shadows. That's all well and good, but what if you're being hunted by one? Trying to escape her past, Ari is working to atone for her actions and have a normal human life. The only problem with that? She isn't human. Unlike most werewolves, she avoids as much contact with the supernatural world as possible, building a life for herself in the human world. Until one day her past catches up with her, and she is forced to immerse herself in the supernatural world. Offered protection from the local wolf pack, she

is forced to accept it, but nothing in the supernatural world comes for free. For highly independent lone wolf Ari, this is her worst nightmare, especially as several Alpha males start vying for her affections. Ari will have to decide whether her independence is more important to her than her life. \*Please note this is an 18+ reverse harem novel and may include triggers for some readers\*

More than music is made in this rock star reverse harem romance. In order for Vienna Charleston to win back her crown as pop's princess, all she needs to do is stay out of the tabloids, lose some weight, and rewind some years. However, with her star fading, the executives from her record label burst her pop bubble when they insist she become the lead singer for an all male rock band or face financial and public ruin by breaking her contract. After the suicide of their lead singer, the members of the Archangels band have been

stuck in purgatory. Broke and trapped in a bad contract that gives the label complete control of their creative endeavors, they're at the mercy of whatever the executives have in store for them, even if it's bringing in a spoiled diva as their lead. Between the charming longhaired drummer who wants to sleep with her, the intellectual keyboardist who wants her to write music, and the brooding lead guitarist who simply hates her, their new band, Fallen Archangels seem doomed. The only way they are able to get any rhythm is when the four of them are in bed, but when their hit turns viral sensation and their fame explodes, they have to hide themselves from their label and the public or risk getting crushed. Fans who love how authors like EL James brought BDSM to the mainstream with Fifty Shades of Grey will enjoy this contemporary romance take on the exploding Reverse Harem genre.

Lily's world has been rocked. Lies, betrayal, and the revelation of her magic have left her floundering. But she knows she can trust Matt, Nate, Josh, and Jake. They promised to support her, but their suspicions of Drew continue to grow, despite his apologies and explanations. However, the more she talks with Drew, the more she suspects that Jonas isn't what he seems either. Unsure of them both, she tells the boys her doubts, but their refusal to listen brings tension to the group. Tension increases when jealousy explodes into their budding relationship.

## A Contemporary Rockstar Romance

What if Red Riding Hood didn't fall in love with one Big Bad Wolf but three? I've been a city girl my entire life. But when my grandmother got sick, I didn't think twice before packing my bags and moving to Crimson Hollow, a small town in West Virginia. Two years later, I'm still here and finally adjusting to the quiet life. Only there's nothing ordinary about this town. A walk in the woods proved almost deadly and left me changed forever. I was attacked by a rogue wolf, and now, I belong to the Crimson Hollow pack. I'm a shifter. To make matters worse, my arrival in the pack created a rift among the wolves, making it impossible to tell friend from foe, including the three alpha's sons who have taken a keen interest in me. If dealing with all that wasn't enough, wolves are disappearing. We

What if there was one singular thing that you could focus on that could improve almost every aspect of your well-being from your immune system to mental health, weight, skin, sleep, hormone imbalance, autoimmunity, and more? What if that "one thing" was actually an entire ecosystem located within the body? The human microbiome or "gut" is an emerging area of science that is teaching us centuries' worth of knowledge regarding health. The gut houses an impressive community of microbes responsible for almost every aspect of your health including your brain! Today's modern diet, environment, and lifestyle have wreaked havoc on this precious internal ecosystem and thus have resulted in a

massive influx of disease, sickness, and mental health. Now, unlike most diet books, what if hacking your gut wasn't just about what you ate but a culmination of how you think, move, and live all together? What if your physical health was also connected to your fulfillment, work, family time, and financial choices? Buddha Belly is the tool for hacking your microbiome, your internal life powerhouse, utilizing all aspects of true health. Ultimate health is mental, emotional, physical, and spiritual; and only when all areas come into alignment can we experience our best life in a state of wellness and well-being. Replace fear and suffering with empowerment and vitality and create your best life while building the ultimate mind and body to enjoy it.
