Put down your phone screen and crack open this intricately illustrated jigsaw puzzle, which celebrates pop culture of the 90's - the raddest decade ever. In the 90's Icons jigsaw puzzle, the 500 pieces tessellate to reveal an intricately designed collage of pop-cultural classics. Any millennial will say that the 90's were the best decade (even though many were still in diapers at the time). Regardless, and putting the whole 90's-kid debate aside for a moment, they're very much right. Much of 90's culture dictates ours today. Without Friends or Seinfeld, would our world still turn? We doubt it, and this jigsaw puzzle just about proves it. As you assemble this puzzle, get ready for a Nokia, Nintendo 64, Tamagotchi, Discman, Rollerblades, Bucket hats, CD-ROM, Beanie Babies, Chokers and more! Then there's personalities like Oprah, The Fresh Prince, Princess Diana, Madonna, The Spice Girls, and Britney Spears, as well as the classic film and TV of the 90s, Dawson's Creek, Jurassic Park, Pretty Woman, Home Alone, Mrs Doubtfire, Pulp Fiction, and more! Billeace Bloom was once an atheist driven by toxic fears to learn if God was real and to find Him if possible. As a result of that search, her life now provides credible evidence that God is the same yesterday, today, and forever. In a fascinating autobiography, Billeace begins by revealing how her views of Christianity as a mundane existence fueled her internal struggle to either remain an atheist or release her entire life to God. After detailing how the Lord told her there is no room in the abundant life for boredom, Billeace discloses how she never dreamed how true those words would become when she surrendered her will for His will. As she describes her journey to the truth, Billeace becomes whole when she fills in each piece of her spiritual puzzle. She reminds us that with God as our constant companion, life overflows with miracles, transformations, lessons, laughter, mysteries to solve, and victories. Missing Pieces of the Puzzle is the true story of a former atheist who found the reality of God, experienced Him in remarkable ways, and affirmed the Bible is God's own words that can dramatically change lives.

"The Tangram is one of the most ancient puzzles in the world, focused on deciphering silhouettes composed with the seven pieces. This book presents a collection of totally different types of puzzles. The puzzles we present here use the pieces as building blocks only, and present many versatile challenges, from all types of recreational mathematics fields. For example, here you will find symmetry puzzles, cover-up puzzles and even a Poker-related puzzle. In several puzzles we will use not all seven pieces but a subset of them, and there are also puzzles for which you will need to join all pieces from two Tangram sets. From the moment we changed the rules (using the seven pieces to decipher silhouettes) we felt that the sky is the limit! There is something magical and enchanting in those seven pieces that enabled us to find many puzzles and challenges! Almost all the puzzles presented are new, unique and original. Some are based on classic puzzles, as well as more modern ones, modified and presented with using the set of Tangram pieces"--

"Raw, honest, hard to put down and incredibly beautiful. Joshua reminds us that we are all many different pieces of a complex puzzle. A continuing story of love, hope and healing."-Gemma Ray, BBC Lancashire. Joshua Gaskell's story is a complicated jigsaw. Navigating his youth through confusing and turbulent emotions including bullying, rejection, heartbreak and struggles with his sexuality, everyday normal stresses and strains snowballed quickly. A survivor of the Manchester Arena bombing which saw a suicide bomber claim the lives of 22 people and injure 800 at an Ariana Grande concert, Joshua found himself no longer understanding his place in society and how to deal with his thoughts. Severe depression and post-traumatic stress disorder ensued and with that came crippling anxiety, struggles with historical trauma, addiction and suicide attempts. When the UK lockdown in 2020 shut down his business leaving him in severe financial, emotional and mental stress, it was too much. Joshua finally reached out for help and sought solace and healing in his therapist, Catherine. It was Catherine who recognised that Joshua's story of survival could help others. She recommended Joshua write this book. This book is his story. And it may be your story too. "My therapist, Catherine, asked me during our sessions, "What are you living for?" My answer was that I'm living to complete my puzzle", said Joshua. In this unfiltered and raw memoir, Joshua recounts the incremental mental toll that led to him feeling that life was not worth living. Gripping and shocking, yet hopeful, this book is a reminder that we are all many puzzle pieces in our jigsaw of life. Some we need help to find, some are hard to place but learning to enjoy the process of fitting the dramatically different pieces together is the most beautiful and meaningful part of life.
