8. 5 X 11 Bordered Softcover 150 Page Sketchbook

At last - an antithesis to chick-lit. Set in a dystopic Manchester, A Clockwork Apple introduces Alex, an angry young heroine for our times who rages against the middling 'Blytons' and all they stand for. Her gang is all female, the state's control is exercised through addiction therapy, and Alex's solace is in high literature and postmodern deconstructionism!

A liff is a familiar object or experience that English has no word for. Afterliff, its long-awaited sequel, corrects this disgraceful oversight by recycling the names found on signposts. This brilliant successor to Douglas Adams' and John Lloyd's 1983 classic The Meaning of Liff features over 900 essential new definitions, including: Anglesey n. Hypothetical object at which a lazy eye is looking. Badlesmeare n. One who dishonestly ticks the 'I have read and agree to the Terms and Conditions' box. Caterham n. An overwhelming desire to use the Pope's hat as an oven glove. Clavering ptcpl v. Pretending to text when alone and feeling vulnerable in public. Eworthy adj. Of a person: worth emailing but not worth phoning or meeting. Kanumbra n. The sense that someone is standing behind you. Ljubljana interj. What people say to the dentist on the way out. Loughborough n. The false gusto with which children eat vegetables in adverts. Sorrento n. The thing that goes round and round as a YouTube video loads. Uralla n. A towel used as a bathmat. In 1983, John Lloyd and Douglas Adams authored The Meaning of Liff, a bestselling humour classic which went on to sell hundreds of thousands of copies. John Lloyd's other books include 1,411 QI Facts To Knock You Sideways and The Book of General Ignorance.

This reissued illustrated chapter book is based on the classic characters found in Pokemon GO and the classic animated series on Netflix. The Pokémon hot air balloon race is on. And the prize is a rare Dratini. Windy could have won—but Team Rocket took the wind out of her sails! Can Ash and his Pokémon help Windy blow off the competition? Between hail storms, Beedrill swarms, Weezing's Smoke Screen and Arbok's balloon-tearing fangs, the odds are against them. It's going to take a lot to win this race—but Ash won't let Team Rocket burst anyone's bubble. This reissued illustrated chapter book is based on the classic characters found in Pokemon GO and the classic animated series on Netflix.

Over a mere three decades, the video game has become the entertainment medium of choice for millions of people, who now spend more time in the interactive virtual world of games than they do in watching movies or even television. The release of new games or game-playing equipment, such as the PlayStation 2, generates great excitement and even buying frenzies. Yet, until now, this giant on the popular culture landscape has received little in-depth study or analysis. In this book, Mark J. P. Wolf and four other scholars conduct the first thorough investigation of the video game as an artistic medium. The book begins with an attempt to define what is meant by the term "video game" and the variety of modes of production within the medium. It moves on to a brief history of the video game, then applies the tools of film studies to look at the medium in terms of the formal aspects of space, time, narrative, and genre. The book also considers the video game as a cultural entity, object of museum curation, and repository of psychological archetypes. It closes with a list of video game research resources for further study.

The intersections of law and contemporary culture are vital for comprehending the meaning and significance of law in today's world. Far from being unsophisticated mass entertainment, comics and graphic fiction both imbue our contemporary culture, and are themselves imbued, with the concerns of law and justice. Accordingly, and spanning a wide variety of approaches and topics from an international array of contributors, Graphic Justice draws comics and graphic fiction into the range of critical resources available to the academic study of law. The first book to do this, Graphic Justice broadens our understanding of law and justice as part of our human world—a world that is inhabited not simply by legal concepts and institutions alone, but also by narratives, stories, fantasies, images, and other cultural articulations of human meaning. Engaging with key legal issues (including copyright, education, legal ethics, biomedical regulation, and legal personhood) and exploring critical issues in criminal justice and perspectives on international rights, law and justice—all through engagement with comics and graphic fiction—the collection showcases the vast breadth of potential that the medium holds. Graphic Justice will be of interest to academics and postgraduate students in: cultural legal studies; law and the image; law, narrative and literature; law and popular culture; cultural criminology; as well as cultural and comics studies more generally.

Train Your Angry Dragon

Adobe Photoshop Elements 12 Classroom in a Book

The wildly inventive debut collection of stories by the Oscar-nominated star of The Social Network. “Hilarious . . . It’s a hoot” (People, The Best New Books). Jesse Eisenberg, known for his iconic film roles, his regular pieces in the New Yorker and two critically acclaimed plays, proves himself “a deeply original comic voice” in these 28 stories” about the funniness, sadness, and strangeness of everyday life and they really made me laugh” (Roz Chast). Moving from contemporary LA to the dorm rooms of an American college to ancient Pompeii, Eisenberg throws the reader into a universe of social misfits, reimagined scenes from history, and ridiculous overreactions; a college freshman forced to live with a roommate is stunned when one of her ramen packets goes missing (“She didn’t have ‘one’ of my ramens. She had a chicken ramen.”); Alexander Graham Bell has teething problems with his invention (“I’ve been calling Mabel all day, she doesn’t pick up! Yes, of course I dialed the right number—2!”); and in the title story, a precocious and privileged nine-year-old boy finds himself in the uncomfortable position as an amateur restaurant critic. Featuring illustrations by award-winning cartoonist Jean Jillian, this “alphabet soup of sketches, riffs, and innovations” (Seattle Times) explores the various insanities of the modern world, “playfully bringing both familiar and wholly original scenarios to life” (Marie Claire). A Fall Books Preview Selection by Audible One of the Wall Street Journal’s 15 Books to Read This Fall One of USA Today’s Weekend Picks for Book Lovers One of People Magazine’s Best New Books What can law’s popular cultures do for law, as a constitutive and interrogative critical practice? This collection explores such a question through the lens of the ‘cultural legal studies’ movement, which proffers a new encounter with the ‘cultural turn’ in law and legal theory. Moving beyond the ‘law ands’ (literature, humanities, culture, film, visual and aesthetics) on which it is based, this book demonstrates how the techniques and practices of cultural legal studies can be used to metamorphose law and the legalities that underpin its popular imaginary. By drawing on three different modes of cultural legal studies – storytelling, technology and jurisprudence – the collection showcases the intersectional practices of cultural legal studies, and law in its popular cultural mode. The contributors to the collection deploy differentiated modes of cultural legal studies practice, adopting diverse philosophical, disciplinary, methodological and theoretical approaches and subjects of examination. The collection draws on this mix of diversity and homogeneity to thread together its overarching theme: that we must take seriously an interrogation of law as culture and in its cultural form. That is, it does not ask how a text ‘represents’ law;

but rather how the representational nature of both law and culture intersect so that the 'juridical' become visible in various cultural manifestations. In short, it asks: how law's popular cultures actively effect the metamorphosis of law.

The brand new edition of the bestselling Super Deluxe Essential Handbook is here - and it includes all-new Pokémon!
