World-renowned dog behaviourist and psychologist Mark Vette (of Driving Dogs and Flying Dogs fame) shows you how to transform your dog and create a harmonious life-long bond. This book looks at how the dog evolved from the wolf, and the ancient co-evolved bond that exists between humans and dogs, before explaining how to get your dog into a fundamental calm 'learning state' so you can encourage the behaviours you want from your pet. Mark then explains how to train your new puppy, and if you have an older dog that wasn't trained properly at that crucial early stage, how to correct each of the top ten behavioural problems that occur. Drawing from Mark's own life and experiences there are case studies throughout with beautiful photographs of these amazing animals. The top ten problems are: 1. Hyperactivity 2. Phobias 3. Excessive submission 4. Dog-to-dog aggression 5. Dog-to-human aggression 6. Barking 7. Separation distress 8. House training 9. Destructive behaviours 10. Recall This book is absolutely packed with information. It is a comprehensive practical guide combining the latest cognitive science with modern, loving, training techniques.

So what happens if you eat an apple with a green worm inside? Not just any worm, of course, but a fuzzy one, a buzzy one, a great big fat juicy one! Children

will love this story about Daddy Zebra's trip to hospital-and the surprise ending!

Lorn (Netherlorn) is a district in the County of Argyllshire.

`This collection...is outstanding. It has an excellent grasp of the field and students in fields of both social studies of childhood and children's rights and citizenship will gain a lot from reading and studying the book' - Jens Qvortrup, Professor of Sociology, University of Trondheim `Anyone who is concerned with citizenship should grapple with the thesis in this collection. This stimulating book will provoke discussion of what is involved in recognising that children are as much part of our society as adults' - Professor Michael Freeman, Editor of International Journal of Children's Rights Children and Citizenship offers a contemporary and critical approach to notions of children's citizenship. Drawing on different disciplinary perspectives and including contributions by leading scholars in the field, this book makes explicit connections between theoretical approaches, representations of childhood, the experiences of children

themselves, legal instruments, policies and their implementation. Each chapter presents complex issues in an accessible way, helping readers to understand notions of children's citizenship that are embedded in contemporary debates. Children and Citizenship is an important and timely book and will be invaluable for undergraduate and postgraduate students across a wide number of disciplines, including health, social work, childhood studies, youth studies, education, law and social policy, together with policy-makers and practitioners in allied areas. Antonella Invernizzi is a Senior Lecturer at the Department of Applied Social Sciences, Swansea University. Jane Williams is a former UK and Welsh Assembly government lawyer now based in the School of Law, Swansea University where she teaches Public Law, aspects of child law and children's rights

Jerome Kaino: My Story

The Scots Worthies (Classic Reprint)

John Minton (1917-57) was an artist, a Bohemian and, in his own lifetime, a myth.

During the 1940s and early 1950s he became a central figure within Soho, an intimate

friend of, among many others, Michael Ayrton, Robert Colquhoun, Lucian Freud and the poet W.S. Graham. He enjoyed early success as a painter and was associated in the 1940s with the English Neo-Romantics. By the early 1950s he had become the most admired and influential illustrator of his day. Frances Spalding's sensitive account of Minton's life and work makes use of letters, articles and revue sketches by Minton himself, as well as many interviews with the artist's friends and acquaintances. She brings out the many conflicts within him, and shows how these were reflected in his art through its combination of romantic imagery and taut severities of style. His deep melancholy was for the most part kept hidden behind a euphoric generosity and a wild restlessness. But gradually, like his alcoholism, it became all-pervasive, and tragic and embittered he took his own life, aged thirty-nine. This new edition incorporates a new preface by the author and a new appendix featuring lists of public collections, exhibitions, illustrated books and book jackets, and a select bibliography. It will be widely welcomed by art historians, curators, dealers and all those interested in this fascinating period in British art and culture.

Sketches of Early Scotch History and Social Progress

Excerpt from The Scots Worthies John Howie, the Author of the "Scots Worthies," was born at Lochgoin, in the parish of Fen wick, and shire of Ayr, on the 14th day of November, 1735. According to the tradition of the family, his ancestors were of French extraction. In consequence of the severities exercised against the Waldenses during the twelfth century, multitudes were obliged to flee from the homes of their fathers, and to seek safety in distant countries. Among these were three brothers of the name of Howie, who valuing the truth as much as their lives, were induced to leave their native country, and seek refuge in Scotland, rather than relinquish their religious sentiments. One of them took up his residence at Lochgoin, and during more than six centuries, his descendants have occupied the same farm. From its sequestered situation, this place must have been exceedingly suitable to the feelings of a foreigner, desirous to escape from the cruelties of relentless persecution, and longing for the enjoyment of religious retirement. Whether the Howies retained, for any length of time, their Waldensian doctrines - whether they maintained intercourse with the Lollards of Kyle - or whether they yielded to the zealous abettors of Popery, cannot now be determined. It is probable that secluded as they were, by their retired situation from the more influential and cruel propagators of the Romish faith, they would retain several of their primitive opinions, although some of them no doubt would be lost, through the corruption and deceitfulness of the human heart, as well

as from the darkness and superstition of the times. No sooner, however, did the Reformation in Scotland commence, than the Howies shewed themselves the friends of civil and religions liberty, by hospitably sheltering many of those faithful witnesses of the Redeemer, "who foiled a tyrants and a bigots bloody laws." About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The hilarious sequel to 'The Oarsome Adventures of a Fat Boy Rower'. One hundred years ago Robert Falcon Scott and Roald Amundsen were racing to claim the last great geographic prize, the South Pole. It was an epic battle, a life or death struggle. Now, a century later, Kevin and Jamie know how they feel. The Hot Polish Girl (HPG) is starting to get clucky. Kate is back in the picture. Their carefree bachelor days are numbered. There is only one solution. They set themselves the challenge of trekking, unsupported 2400kms from the Antarctic coast to South Pole and back across the coldest, windiest, highest, driest, most 'est' place on Earth. Along the way they

experience abyss-like crevasses, tooth-cracking cold, fickle GPSs and skin-melting frostbite. They are ravaged by auto-cannibalism, attacked by white ninjas and meet girls in bikinis. Through their adventures they unravel the mysteries around Captain Scott's last expedition. Written in the same whimsical, entertaining style as 'The Oarsome Adventures of a Fat Boy Rower', 'Race to the Pole' puts a modern human face on a classic adventure story. www.escapetothepole.com

“Is it wrong that I wanted to underline every single word in this book? Simmons brilliantly crystallizes contemporary girls’ dilemma: the way old expectations and new imperatives collide; how a narrow, virtually unattainable vision of ‘success’ comes at the expense of self-worth and well-being. Enough As She is a must-read.” —Peggy Orenstein, author of *Girls & Sex* From the New York Times bestselling author of *Odd Girl Out*, a deeply urgent book that gives adults the tools to help girls in high school and college reject “supergirl” pressure, overcome a toxic stress culture, and become resilient adults with healthy, happy, and fulfilling lives. For many girls today, the drive to achieve is fueled by brutal self-criticism and an acute fear of failure. Though young women have never been more “successful”—outpacing boys in GPAs and college enrollment—they have also never struggled more. On the surface, girls may seem exceptional, but in reality, they are anxious and overwhelmed, feeling that, no matter how hard they try, they will never be smart enough, successful enough, pretty enough, thin enough, popular enough, or sexy enough. Rachel Simmons has been researching young women for two decades, and her research plainly shows that girl competence does not equal girl confidence—nor does it equal happiness, resilience, or self-worth. Backed by vivid case

studies, Simmons warns that we have raised a generation of young women so focused on achieving that they avoid healthy risks, overthink setbacks, and suffer from imposter syndrome, believing they are frauds. As they spend more time projecting an image of effortless perfection on social media, these girls are prone to withdraw from the essential relationships that offer solace and support and bolster self-esteem. Deeply empathetic and meticulously researched, *Enough As She Is* offers a clear understanding of this devastating problem and provides practical parenting advice—including teaching girls self-compassion as an alternative to self-criticism, how to manage overthinking, resist the constant urge to compare themselves to peers, take healthy risks, navigate toxic elements of social media, prioritize self-care, and seek support when they need it. *Enough As She Is* sounds an alarm to parents and educators, arguing that young women can do more than survive adolescence. They can thrive. *Enough As She Is* shows us how.

Brewer's Dictionary of Phrase and Fable (20th edition)

Art in Dundee 1867-1924

The revealing autobiography of New Zealand rugby legend Jerome Kaino. At just 21 years old Jerome Kaino was touted as the next big thing. In his first year of professional rugby, he made spectacular debuts for Auckland, the Blues and the All Blacks. It was a dream beginning for a quiet Samoan kid from South Auckland. But just as quickly as it had all begun, his life and

career began to spiral out of control. With over 50 All Black caps, 100 matches for the Blues and a Rugby World Cup victory to his name, Jerome Kaino is one of New Zealand's true sporting heroes. Now for the very first time, Kaino lays bare his greatest triumphs and adversities, with rare insights ahead of perhaps his greatest test of all - winning back-to-back world cups for New Zealand

***'This is, in fact, not what you were looking for; but it's much more interesting.'* Terry Pratchett Much loved for its wit and wisdom since 1870, Brewer's Dictionary of Phrase and Fable takes you on a captivating adventure through its trademark blend of language, culture, myth and legend. Nowhere else could the histories of the guillotine and Guinness stout sit so comfortably alongside the KGB and the Keystone Kops.**

Brewer's is a catalogue of curiosities and absurdities that, over almost 150 years in print, has acquired near-mythical status. Edited by Susie Dent, this new edition includes a brand new Collection of Curious Words and many new and updated entries. Its pages brim with esoteric and entertaining oddities - everything from curious customs to the world of newspapers and political alliances of yesteryear - all seen through the distinctive Brewer lens. This twentieth edition of Brewer's Dictionary of Phrase and Fable encapsulates all the charm and wit that characterise its predecessors and maintains the standards of scholarship and eclecticism that have long been its hallmark. Whether you're a committed Brewerphile or a newcomer to its pages of fascinating entries, this edition will draw you in and keep you glued to its rich mix of eccentric nuggets. As Susie Dent explains in the foreword, Brewer's "is unlike any other reference book that exists, anywhere."

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally

to preserve its true nature.
