*Part coming of age, part call to action, this fast-paced #ownvoices novel about a Deaf teenager is a unique and inspiring exploration of what it means to belong. Smart, artistic, and independent, sixteen year old Piper is tired of trying to conform. Her mom wants her to be “normal,” to pass as hearing, to get a good job. But in a time of food scarcity, environmental collapse, and political corruption, Piper has other things on her mind—like survival. Piper has always been told that she needs to compensate for her Deafness in a world made for those who can hear. But when she meets Marley, a new world opens up—one where Deafness is something to celebrate, and where resilience means taking action, building a com-munity, and believing in something better. Published to rave reviews as Future Girl in Australia (Allen & Unwin, Sept. 2020), this empowering, unforgettable story is told through a visual extravaganza of text, paint, collage, and drawings. Set in an ominously prescient near future, The Words in My Hands is very much a novel for our turbulent times.*

NEW Adventures of Pippi Longstocking

Do You Know Pippi Longstocking

*For very young readers, this is a new edition of one of Pippi's adventures, now with glorious two-colour illustration throughout. Do YOU know what a snirkle is? Pippi doesn't either - but she is going to find out!*

*The inventor of the speculum, J. Marion Sims, is celebrated as the "father of modern gynecology," and a memorial at his birthplace honors "his service to suffering women, empress and slave alike." These tributes whitewash the fact that Sims achieved his surgical breakthroughs by experimenting on eleven enslaved African American women. Lent to Sims by their owners, these women were forced to undergo operations without their consent. Today, the names of all but three of these women are lost. In Mend: Poems, Kwoya Fagin Maples gives voice to the enslaved women named in Sims's autobiography: Anarcha, Betsey, and Lucy. In poems exploring imagined memories and experiences relayed from hospital beds, the speakers challenge Sims's lies, mourn their trampled dignity, name their suffering in spirit, and speak of their bodies as "bruised fruit." At the same time, they are more than his victims, and the poems celebrate their humanity, their feelings, their memories, and their selves. A finalist for the Association of Writers and Writing Programs Donald Hall Prize for Poetry, this debut collection illuminates a complex and disturbing chapter of the African American experience.*

*THE LOST MASTERPIECE FROM ASTRID LINDGREN'S CHILDREN'S CLASSIC Pippi Moves In marks the first time that the legendary Pippi Longstocking comics by the famed children's author and creator Astrid Lindgren and Danish illustrator Ingrid Vang Nyman will be published outside of Scandinavia in thirty years, as well as their first ever publication in English. The outspoken strong-girl with the carrot-colored*

*pigtails and the mismatched socks has enthralled generations of children the world over with her fabulous exploits at Villa Villekulla, where she lives with her horse and monkey. Countless translations of the chapter books are available in more than sixty languages. Pippi is Sweden's best-known children's export, making it all the more remarkable that D+Q has discovered what will be a three-volume series. The comics are re-imaginings of the classic chapter book stories and were originally published in the Swedish magazine Humpty Dumpty in 1957–1959, a decade after the original books. The comics spotlight both Lindgren's brilliant writing and Vang Nyman's bold bright colors that seem presciently and eerily modern. The original illustrator for the chapter books, Vang Nyman was an avant-garde champion of the importance of children's literature who insisted that art in children's books needed to meet the same esthetic standards as art in any other medium. Sadly Vang Nyman never achieved international success, and tragically committed suicide in 1959 due to mental health issues, while Lindgren went on to become one of the world's best-loved writers with more than 145 million books sold worldwide. Similar to D+Q's 2005 unearthing of the Tove Jansson's Moomin comic strip, which has more than 100,000 units in print, these mid-century classics are waiting to be discovered and enjoyed by the world's legions of Pippi fans, both young and old.*
