But that's not at actually true, as popular Inc.com columnist Jeff Haden proves. "Motivation" as we know it is a myth. Motivation isn't the special sauce that we require at the beginning of any major change. In fact, motivation is a result of process, not a cause.

Understanding this will change the way you approach any obstacle or big goal. Haden shows us how to reframe our thinking about the relationship of motivation to success. He

Haden takes the mystery out of accomplishment, proving that success isn't about spiritual awakening or a lightning bolt of inspiration --as Tony Robbins and adherents of The Secret believe--but instead, about clear and repeatable processes. Using his own
