*"We loved the book. The information was well paced and concise enough not to overwhelm. Any beginner would definitely benefit from having this book, and it's a great reminder for those who might have forgotten details or are looking for them." -- Nimal De Silva, The Music Garage (Singapore) "Plenty of detail that goes into posture, hand position, thumb position, etc. The notation and strumming is really good here because it builds up in stages. In a lesson, you can introduce it in this way piece by piece and not overwhelm the student." -- Michael Hanna, Grade 8 RS.Guitar - Larne Guitar School (N.Ireland) Learn to Play Guitar is comprehensive and clear with over 180 photographic examples, illustrations and purpose made diagrams. This guitar book includes 42 downloadable mp3 tracks of full band demo and backing track with the guitar removed for you to play over. Learn to Play Guitar bridges the gaps explaining guitar techniques that can be taken for granted by more experienced guitar players. Melodies: To get you straight into playing music, numbers have been added underneath guitar tablature to assist with the rhythm. Later on, the rhythmical aspect of conventional music notation is covered so you can use it in conjunction with tablature. Rhythm Guitar: Changing between chords and strumming are presented as separate subjects initially, so that you can develop coordination in each hand independently. They are then brought together starting basic and getting more*

*advanced until there is a rhythm guitar musical piece to play. Music theory: The major scale, minor scale, major and minor pentatonic scales and basic major and minor chord construction are explained in terms of the fret-board and reinforced by musical pieces in various styles to make the learning process practical and enjoyable. What else?: Fret-board layout, power chords, barre chords, how to string a guitar, how to practise guitar, palm muting and basic lead guitar techniques. Please Note: The eBook includes musical pieces so is not suitable for smaller screens. "This top value eBook and MP3 package covers a wide range topics essential for all guitarists. Over 100 pages with plenty of information and solid advice that a player can dip into as needed. Evans does not gloss over the often neglected area of reading notation for rhythm. There are many examples to practice (melodies and rhythm patterns) with the backing tracks. I was especially interested in the final section of exercises to keep your body guitar-ready. A very useful tool to help you progress with your guitar playing." -- Hedley Timbs BA(Mus), Grad.Dip. Teaching (New Zealand) "Awesome. Well laid out, easy to look at and there is the supplemental material to top it off. The theory may get tedious for some, it's hard to not teach theory but most people seem to have an aversion to it, the idea of discipline I think." -- Gernot Schlegel, Professional Guitarist & Teacher (Canada) "There's two ways of learning the guitar - the first is to learn enough of the basics to fly towards playing your favourite songs competently, and the second is to*

*intensively gain an understanding of the instrument by forming a solid foundation through taking your time with it in the early stages. The book titled "Learn to play Guitar" by Gareth Evans is of the latter approach. Through reading and learning from this book, players can discover a deep, extensive and in-depth approach to the technique, theory and everything else related to being a good beginner guitarist. Newcomers can learn positive and productive exercises to train their body to better play the guitar (not just their fingers) and across the 120 or so pages within, it's clear that the writer has put a lot of time into figuring out the right approach for starters to take when adjusting to the standard 6-string. Would recommend this for anyone who is looking to get a really solid grip on how to play the guitar, and also to tutors who are looking at ways to improve their own tutoring abilities." -- Logan Ellis, Mgr. Spiderhands Productions Ltd (New Zealand) "Learn to play Guitar is an ideal companion to support the beginner on their new found musical journey. Highly recommended." -- Liam Cain, BMus (hons) Professional Guitarist (UK)*

If You're New To The Guitar and Want To Be Playing Your First Song In 7 Days or Less Then Keep Reading... Do you want to learn to play the Guitar? Do you want to do it in a fun and practical way? Do you want to be playing your first song by this time next week (or earlier)? If you're an aspiring Guitarist like I was, you probably answered yes to all of the questions. Now, learning the 'boring' parts like Music Theory and ALL Chords certainly has it's place, however, as a beginner what we want to do is PLAY Music, not theorize about it. That's why I'm so passionate about writing these books, to help aspiring Guitarists not go through the same boring fate I did. Not only that, I saw so many potentially great Guitarists give up because they couldn't deal with the mind-numbing teachings anymore. The funny thing is once you have hours and hours of playing time under your belt, learning the 'boring' parts isn't half as bad, as you know you're only doing it if it's essential to make you a better Guitarist. And, believe me, once

### ***Idiot's Guides: Playing Guitar***

It Took Me 3 Months to Play My First Song - But You'll Be Doing That in Less Than A Week. It wasn't because I was slow or bad at guitar. Neither was it because I practiced less. I was simply misguided - like every other person to ever pick up the guitar! I took the "traditional" method of learning where you learn all the chords and all the theory behind it before you get to the fun part. This also involves months of practice and learning boring theory. This book is here to end that - to simplify things - to make things so simple that you'll be playing your first melody on day 1 and your first song within 7 days. How can this book do that? You would have heard people say - "You need to learn theory to be a real guitarist" Well..... Wrong! Not everyone needs to know theory - why do you need to learn all the boring theory if it's of no use to you? Why is this forced upon all guitarists? This book cuts out all the cr\*p and gives you a streamlined process of mastering guitar. Even if you failed every exam at school and you have never picked up a single instrument in your life, you will be able to become a proficient guitar player without years and years of expensive guitar lessons. With the right strategy, you will get addicted to your guitar and the songs you are able to play. How long will I have to practice? Now, I know you have other commitments in life and cannot spend 25 hours a day practicing guitar.

No one wants to do that. This book has been designed with exactly that in mind. It will give you goals for each of your 7 days with step by step instructions on what to play each day. You won't have to worry if you're practicing too less or too much - the book will tell you what you need to be accomplishing each day. Commit a few hours a day for 7 days and you'll make your friends and family jealous when you pull your guitar out. It doesn't matter if you just enter primary school or you are about to retire. This calculation applies to all 6.8 billion people between 6 and 80 years of age in this world. In *Guitar for Beginners*, you'll discover: A practical day-by-day guide to own yourself and your guitar in less than 7 days How you be your guitar teacher and progress into the league of the big players The chords that will allow you to play your favorite songs A beyond beginners' guide to prepare you for your musical journey Free audio tracks to help you with the charts Real photos to make sure you are not making any mistakes as you go And much more. Many people buy a guitar and just look up their favorite songs on Youtube tutorials. Unfortunately, one of the most frustrating things about learning to play guitar is ironing out old mistakes. Don't skip the basics and pick up bad habits that will become almost impossible to break later. If you want to throw out your air guitar and impress everyone with your guitar skills, then scroll up and click the "Add to Cart" button right now.

The guitar is the absolute best instrument you could learn for a large number of reasons. It's mobile, cheap, and just awesome. The guitarist in the band always gets the most kudos, no question about it. But wait, there is a problem... Getting a guitar is not enough, you also need to learn how to play it somehow. If you want to learn how to play guitar but don't know where to start you are in the right place. First Steps to Play Guitar will show you how to play your first real song on the guitar in five easy to follow steps. Everything you learn here can be applied to both the electric guitar and the acoustic guitar. This lesson on how to play guitar was put together so that you could start seeing progress immediately.

There's something irresistible about guitar... It's music and art. Modern and classic. Beautiful and rugged. It's time alone and time with friends. It's timeless. It's for everyone. It's a whole lot of fun. And now it's easier to learn than ever before! Learn at your own pace You open the book, flip past the section about the various types of guitars and equipment. You're on a mission. You're thinking of that guitar you've had sitting in the corner. The one you promised yourself you'd learn how to play. You pick it up, turn to the section on tuning, and before long, you're ready to go. Next, you follow the tabbed pages to the section on chords. In minutes you've learned how to read rhythm slashes and you're successfully strumming a couple of

A Beginner's Guide to the Classical Guitar is a complete "stand-alone" instruction resource for the first year or two of classical guitar study, and includes basic presentations of fundamentals of music, music and guitar notation, right and left hand technique, as well as an extensive repertoire section that contains music organized by both key and level of difficulty. Along with traditional beginner's musical fare, a refreshingly wide range of music is also offered to the novice guitarist: from melodies of Bach, Vivaldi, Mozart, and Beethoven, to ancient Greek, Tibetan, and Chinese music. In addition, this book is the central hub that, along with multimedia teaching materials, will open many new opportunities for the guitarist. The multimedia resources include a central information depot at the Shelter of Clear Light website, viewable scores with live playback at [ScoreExchange.com](http://ScoreExchange.com), audio recordings of much of the repertoire at iTunes, and instructional videos on YouTube.

more; familiarizes the student with fretboard organization, chord patterns, hand and finger positions, and guitar anatomy by way of easy-to-interpret diagrams, photos and illustrations; provides complete, concise explanations while keeping text to a minimum; and prepares the student for the option of further guitar instruction.

Learning to play the guitar has never been easier! This book begins with an introduction to different types of guitars and their parts, followed by helpful information on how to choose a guitar. You'll learn how to tune the guitar (supplemented with online audio), how to correctly hold it, how to read tablature, and about basic rhythm. Much of the remainder of the book gives you easy-to-follow instructions on learning chords, and each lesson is followed by a fun practice session and a simple song with which to practice the newly learned chords. In addition to over-the-shoulder color photos showing fingering positions and accompanying two-color chord charts that show exactly what to do, the reader can hear the chords, exercises, and songs performed online--with better visual instruction than can be provided with a DVD.
