The highly anticipated fifth book in the Chronicles of Kerrigan. In most fairytales, the princess has to find true love—choose her prince. But every now and again, there comes a princess who makes a different sort of choice... Now that the secret is out, Rae Kerrigan is determined to find her mother. No amount of convincing from Devon, or the Privy Council, is going to make her believe her mother is not alive. Working with Devon and Luke against the PC's wishes, Rae will stop at nothing to find her. Torn between friendship and loyalty, Rae must also choose between Luke and Devon. She can't continue to deny, or fool herself, any longer. The heart wants what the heart wants. When the Privy Council begins to question her motives and scrutinizes her every move, she soon finds herself under fire. Those she trusts become untrustworthy. Those she confides in cannot keep a secret. Those she loves may leave her heartbroken. Will there come a day when she can finally feel free to be herself - no matter the consequences? Is your special friend always waiting at the door for you with a wagging tail and an unconditional look of happiness? Is your favorite lap warmer always ready to keep you company on dark and stormy nights? No matter if your friend is furry, finned, feathered, or leathered, no doubt your pet plays an important role in your life and your family. In fact, your pet may be your family. But after the inevitable happens and you sob your last good-bye, will you see your pet again? In Heaven? Does your pet have a soul? Will your pet go to Heaven? This fun and light-hearted look at a seriously sad subject reveals many perspectives about Spot's stairway to Heaven, Fluffy's final resting place, and birds of Paradise. Will your pet rabbit rest in peace, or will your fish float forever in the septic tank? In addition to their own blend of passionate and compassionate diva dialogue, the four writers quote devoted pet owners, clergy, friends, family, and even those who just aren't "pet people." From the variety of perspectives and opinions, this is a heart-warming, tail-wagging conversation sure to keep you smiling from now until then...

I used to be a spoiled princess, a diva whose life revolved around clothes and expensive trips. Worth fifty million dollars only half a year ago, now I'm down to living on pennies. No more weekend escapades to Aspen or skinny-dipping in Barcelona for me. No more security guards or private chauffeurs. My designer clothes and exclusive jewelry are all gone. My life turned upside down when my father was charged for a crime he didn't commit; a bomb explosion that took the lives of twelve people in the heart of Los Angeles. Hope comes in the form of a gorgeous man and a deal I have no alternative but to accept. Ethan Koenig, a mysterious businessman I haven't heard of before, offers me a helping hand that comes with conditions...conditions that send fear into my heart and delicious shivers down my body. Suspiciously familiar with my father's case, Ethan leads me toward dark secrets that go way beyond the bomb explosion. With each new revelation, I realize the man who's helping me might be the one behind it all. By the time I try to escape, it's too late. My heart is irrevocably lost to the man whose one and only purpose in life is to take revenge on my family.

The future of the United States rests on one man's shoulders... A highly volatile nuclear world looms. Israel has obliterated the deep underground nuclear weapons facility built by Iran, and the United States is nerve-wracked about the stance of a defiant North Korea. Against this backdrop, the Russians plan a cyber warfare offensive on the US. In addition to a ballistic strike on the National Security Agency at Fort Meade, they plan to jam the top-secret electronic access key to America's missile launch system - the nuclear football. If successful, Russia would establish a temporary dominance over the United States. As this geopolitical battle rages in the shadows, behind locked doors, it is up to a Mossad spymaster based in Moscow to avert the Russian scheme. He calls upon the one man he believes can succeed, US Navy SEAL Commander Mack Bedford. It is now up to Mack to prevent the Russians' cyber weaponry from reaching the American mainland, at which point it would be impossible to stop... The final installment in the Mack Bedford series, Power Play is a nerve-shredding thriller, perfect for fans of James Swallow, Tom Clancy and Stephen Leather

What started as a nightmare, turned into a fairytale. Some might argue, Angel Cross was doomed from the start. Born to a life of servitude and raised to be an instrument of death, the girl was never comfortable unless there was a gun in her hand. Then she fell in love and did the craziest thing of all...she fell in love. While the rest of her friends slip into a simple routine of domesticated bliss in the world, Angel has a harder time finding her footing. Instead of explosives, she finds herself toting a car-seat. Instead of multiple homicides in Berlin, she finds herself sitting in back of the PTA. An accidental touch of arson sentences her to Carter-appointed therapy, throwing a spotlight on all that dissonance, but things at the PC are growing rocky as well. Case files are being altered, prisoners are going missing. An inside-person may be working behind the scenes. How long can she pull a thread, before the whole thing unravels? Was such a venture destined to fail from the start? What happens if you realize...happily ever after isn't enough?

Since the 1980s, a peculiar paradox has evolved in American film. Hollywood's children have grown up, and the adults are looking and behaving more and more like children. In popular films such as Harry Potter, Toy Story, Pocahontas, Home Alone, and Jumanji, it is the children who are clever, savvy, and self-sufficient while the adults are often portrayed as bumbling and ineffective. Is this transformation of children into "little adults" an invention of Hollywood or a product of changing cultural definitions more broadly? In *Coining for Capital*, Jyostna Kapur explores the evolution of the concept of childhood from its portrayal in the eighteenth century as a pure, innocent, and idyllic state—the opposite of adulthood—to its expression today as a mere variation of adulthood, complete with characteristics of sophistication, temptation, and corruption. Kapur argues that this change in definition is not a media effect, but rather a structural feature of a deeply consumer-driven society. Providing a new and timely perspective on the current widespread alarm over the loss of childhood, *Coining for Capital* concludes that our present moment is in fact one of hope and despair. As children are fortunately shedding false definitions of proscribed innocence both in film and in life, they must now also learn to navigate a deeply inequitable, antagonistic, and consumer-driven society of which they are both a part and a target.

Book 2 of *The Code of Opposites* (TCO for short) furthers the mission to heal our power issues, and thus shift from the ego's need to dominate into the adoption of wholesome power. While Book 1 focuses on "no push-pull," Book 2 looks at "no self-doubt." Imagine experiencing 100% faith and having total certainty that you can [fill in the blank]... Would that be a valuable change? Yes, but how? Language is where your Power is. To transform, you must look at the story you tell. Activating a metalanguage - a language beyond all languages - allows you to track patterns, understand the purpose of your self-limiting creations, and be able to turn them off. Cracking this code reveals depths of meaning that animate the soul of all wisdom teachings. The

codes are so awesome they naturally raise your vibrational field to the sense of enough by which to resonate with oneness. Radical? Crazy? You betcha! Especially as this ancient language that came back from the future renamed itself "S/Hebrew," to sanctify the union of the feminine and the masculine. Imagine yourself... \* Processing trauma by realizing that mysticism may just be the only proven track to healing. \* Having a unifying equation to explore the shadow, and stretch beyond fear into the sacred. \* Doing what it takes to raise your self-esteem, and trust yourself in your chosen calling. \* Moving out of "ScareCity" by being real enough to know what you want, and ask for it in such a way that you might receive it.

Be careful what you wish for... When a sudden crisis lands Aria and her friends in trouble, they turn to an unexpected ally... only to get a little more than they bargained for in return. Between their PC training schedule and their after-hours practice with Dorian, the friends barely have time to think. But when a secret revelation shocks the gang to the core, unsettling questions rise to the surface. The doors to the Privy Council are finally open, but how far do they truly lead? What's the point of having such unparalleled gifts if they come with a leash? Their powers are growing. The demand to use them is growing as well. Torn between two masters, the friends must decide where their true loyalties lie. But is that a question they really want answered? And once they make a decision, can they ever go back? The Flower Power books follow the funny fifth-grade adventures of four girls with little in common but their flower names who, nevertheless, blossom into the greatest of friends. Katie-Rose, Milla, Yasaman, and Violet have confronted their share of challenges in fifth grade: a dead hamster, turtle theft, trapeze lessons, and pesky boys, just to name a few. Nothing can stop these four fabulous friends. Well, nothing except for their archnemesis, the evil Modessa (a.k.a. "Medusa"). Somehow, Modessa has recruited one of the sweetest girls in the class to be her new sidekick. The flower friends are determined to save Elena, even if it means braving Modessa's wrath. But it will also mean getting Katie-Rose to focus—she's a bit too busy NOT flirting with cute-but-annoying Preston. And then there's Yasaman's little sister's birthday "bubblegum" party, which the four friends promised to organize . . . if it's possible to call anything involving 30 kindergartners organized. Luckily, Violet is back to herself and ready to lead the Flowers to their most glorious triumph. **How does one carry the weight of two worlds...? Since the day he turned sixteen, Julian Decker had been the supernatural world's security blanket, safeguarding the future of magic with the gift of prophecy again, and again, and again. The darkness they battle seems doomed to overtake the light, and the death of a friend makes him wonder if he wants to keep fighting anymore. Why keep waging the war, when history seems fated to repeat itself? Why spend all your time in the future, if you never get to live in the here and now?
