PMBOK® Guide is the go-to resource for project management practitioners. The project management profession has significantly evolved due to emerging technology, new approaches and rapid market changes. Reflecting this evolution, The Standard for Project Management enumerates 12 principles of project management and the PMBOK® Guide - Seventh Edition is structured around eight project performance domains. This edition is designed to address practitioners' current and future needs and to help them be more proactive, innovative and nimble in enabling desired project outcomes. This edition of the PMBOK® Guide: •Reflects the full range of development approaches (predictive, adaptive, hybrid, etc.); •Provides an entire section devoted to tailoring the development approach and processes; •Includes an expanded list of models, methods, and artifacts; •Focuses on not just delivering project outputs but also enabling outcomes; and •Integrates with PMI standards™ for information and standards application content based on project type, development approach, and industry sector.

This book is based on the 6th Edition PMBOK(R) Guide and has been fully updated for the July 1 2020 exam, including the all-important agile content needed to pass this updated exam. A complete guide for the PMP certification exam, The PMP Exam: How to Pass on Your First Try provides all the information project managers need to thoroughly prepare for and pass the test. This comprehensive study resource includes: coverage of predictive, agile, and hybrid approaches; all the processes, inputs, tools, and outputs to be tested; insider secrets, test tricks, and tips; links to more than 60 videos with Andy explaining concepts; over 475 practice exam questions, including end of chapter quizzes and a simulated final exam; exercises designed to strengthen mastery of key concepts; dedicated margin space for study notes; free access to portions of our prep course in InSite, Velociteach's e-learning portal, with additional content including an extra 100 simulated practice exam questions; and glossary of terms and definitions in back of book for reference. The most complete, concise, and up-to-date study resource, Andy's book cuts down on the difficulty factors in obtaining the PMP certification and helps candidates pass the exam on the first try.

Save 25% by purchasing the 2-in-1 combo at the following link: <https://www.amazon.com/dp/B06XF8ZHJ3> Updated for the new PMP Exam based on the PMBOK 6th Edition. Are you preparing for the PMP Certification Exam? This is for you! The certification, awarded by the PMI, is the gold-standard in project management certifications for project managers globally. If you are a project manager who wants to ace the PMP certification on your first attempt, you need to prepare with the right resources! '300 Practice Questions for the PMP Exam', from the author of 'Be a PMP Ace in 30 Days', is unlike the average question bank you may find across for the PMP exam. This question bank contains a set of carefully researched and framed questions meant to optimise your study experience and the content here will stimulate your thinking as it would be required on the actual PMP Exam. Key features of this PMP question bank: 300 questions sorted on individual knowledge areas of the PMBOK - an excellent accompaniment for your revisions during your PMP Exam preparation. Detailed solutions provided at the end of each chapter so that you understand precisely why a particular answer choice is the right one. Also include

on the Project Management Framework and questions on Professional Ethics. Questions are similar in structure, style and difficulty-level with the actual questions that appear in the PMP Exam - you get wider exposure in fewer questions. '300 Practice Questions for the PMP Exam' is an excellent accompaniment to your PMP preparation arsenal that you should not miss! Details of changes in the revised edition of '300 Practice Questions for the PMP Exam': Questions and solutions related to processes and ITTOs from the previous PMBOK 5th Edition that are no longer applicable in the 6th Edition have been permanently removed. Approximately 10% of all questions and solutions are either newly introduced or altered from their original form in the previous edition of this book, to reflect the changes introduced in the PMBOK 6th Edition. Questions/Content from the previous edition of this book that are still relevant for the PMBOK 6th Edition have been retained in this edition to provide continuity. This book has been updated and improved in January 2015 to make it even more indicative of the PMP Exam(r) experience, based on reader and student feedback. It is a low-cost alternative 200-question practice PMP Exam(r) for those studying for the latest (Summer 2013) version of that exam, as it has changed to accommodate the 5th edition of the PMBOK(r) Guide. The author's opinions regarding what makes a good exam question, and of the trends in the PMBOK(r) Guide as it has matured through five editions, are captured in the questions inside. The exam is tightly aligned with the PMP Exam(r) specification in its construction. The answer section shows a process group, knowledge area and specific PMBOK(r) Guide reference point to make the process of learning and re-learning easier. The book is capped off with a one page summary view of the answers and their associated process group and knowledge area references. For those studying for the CAPM(r) Exam, please consider my sample book addressing that exam.

It provides a detailed discussion of the wide-range of project management and exam topics, concepts, and key terms, and will present the material in a logical manner: each section builds upon previous sections and chapters. The book will cover the exam outline 100%. Each chapter will include a list of topics covered in that chapter, followed by in-depth discussion of those objectives, complete with hands-on examples. This Applies to Your Current Project sidebars. The chapter will conclude with an Exam Essentials section and comprehensive review questions. The companion study tools include leading-edge exam preparation engine of practice questions and electronic flashcards. In addition, there will be over 2 hours of additional audio. Bonus Content: The book also prepares those studying for the new Certified Associate in Project Management (CAPM) program offered by PMI by including two bonus CAPM exams.

CAPM Training Manual is based on PMBOK 5th Edition and has been designed in a manner so that it can be useful for trainers as well as the candidates aspiring for PMP Exam. The book covers a wide range of detail. The book also contains sample questions relevant to all the knowledge areas along with answers. At the end of each knowledge area there are around 20 practice questions. The purpose of the book is to help the concepts related to the knowledge areas make your understanding on the relevant processes better. The book also contains three sample papers along with the answers. The first two sample papers are each and the final one is a two hundred question exam. It is highly recommended that the candidates should attempt all the sample questions in the book.

This book contains crunch points and sample questions with answers on all knowledge areas based on PMBOK 5th Edition. It provides an insight into the level of questions that are being asked in the exam. The questions provided in the book are very helpful for quick revision.

This book will help you: Learn PMP's underlying concepts to help you understand the PMBOK principles and pass the certification exam with flying colors Get 100% coverage of the latest principles and certification objectives in The PMBOK® Guide, Sixth Edition Make use of a thorough and effective preparation guide with hundreds of practice questions and exam strategies Explore the material through puzzles, games, problems, and exercises that make learning easy and entertaining Why does this book look so different? Based on the latest research in cognitive science and learning theory, Head First PMP uses a visually rich format to engage your mind, rather than a text-heavy approach that puts you to sleep. Why waste your time struggling with new concepts? This multi-sensory learning experience is designed for the way your brain really works.

Completely revised and updated, this easy-to-use, flashcard-format book lets readers quiz themselves on all nine of the project management knowledge areas and the professional responsibility domain. That's a total of 600 questions, and each one includes references to the five project management process groups, the focus of the PMP® exam. The book is comprised of chapters for each of the processes and each chapter contains 60 questions and answers. A proven tool for preparing for the PMP® certification exam, the book covers information not included on the PMBOK, but that is required to pass the test, such as various quality management concepts, communications styles, and more.

This bestselling study guide provides busy project managers with a brief yet proven comprehensive self-study program for successfully passing the Project Management Professional (PMP) Certification Exam on the first attempt, while cutting study time typically needed in half. Users can simulate 200 exam questions with the CD-ROM.
