Gaining the ability to speak after swallowing a
parakeet, the rabbi's cat uses his newfound talent to tell
lies, the consequences of which lead to being banned
from contact with the rabbi's daughter and an
education in the Torah, despite his preference for the
Kabbalah and his desire for a bar mitvah. Reprint.

Cet ouvrage est une mise au point sur les récentes connaissances en matière de qualité et d'altération du poisson frais. Il traite des aspects fondamentaux de la biologie du poisson, de sa composition chimique et ses modifications post mortem en vue d'asseoir les bases de l'optimisation des procédés de manutention des prises et d'obtention d'une durée de conservation maximale.

This four-volume catalogue, published 1848-54, provides an extensive list of the zoological and geological literature available at the time.

This volume is a collection of articles written by more than 40 scholars who work in the field of Arabic dialectology. All articles are revised versions of papers presented at the 9th Conference of the Association Internationale de Dialectologie Arabe (AIDA) held in Pescara in March 2011. The variety of dialects represented in the book engage various issues in Arabic dialectology - such as sedentary and Bedouin dialects, sociolinguistic phenomena, and the written dimension - investigated from both synchronic and diachronic perspectives. The broad range of meaningful subjects that are tackled in the book offer an important contribution to the current debates on general linguistics and sociolinguistics, Arabic linguistics, Arabic literature, as well as Semitic and Islamic studies.
