Anglo-American culture is
marked by a gladiatorial
impulse: a deep cultural
fascination in watching men
fight each other. The gladiator
is an archetypal character
embodying this impulse and
his brand of violent and

eroticised masculinity has become a cultural shorthand that signals a transhistorical version of heroic masculinity. Frequently the gladiator or celebrity fighter - from the amphitheatres of Rome to the octagon of the Ultimate Fighting Championships - is used as a way of insisting that a desire to fight, and to watch men fighting, is simply a part of our human nature. This book traces a cultural interest in stories about gladiators through twentieth and twenty-first-century film, television and videogames.

Game Guides POKI 1 2 World

As games grow ever-more ubiquitous in our culture and communities, they have become popular staples in public library collections and are increasing in prominence in academic ones. Many librarians, especially those who are not themselves gamers or are only acquainted with a handful of games, are ill-prepared to successfully advise patrons who use games. This book provides the tools to help adult and youth services librarians to better understand the gaming landscape and better serve gamers in discovery of new games—whether they are new to gaming or seasoned players—through advisory services. This book maps all types of games—board,
