An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

Provides detailed information on hundred of characters from the Pokêmon video game and advice on such topics as changing forms, evolution and reversion, items to collect, and types of moves and the characters that use them.

'A masterfully crafted, brutally compelling Norse-inspired epic' Anthony Ryan THE GREATEST SAGAS ARE WRITTEN IN BLOOD. A century has passed since the gods fought and drove themselves to extinction. Now only their bones remain, promising great power to those brave enough to seek them out. As whispers of war echo across the land of Vigrið, fate follows in the footsteps of three warriors: a huntress on a dangerous quest, a noblewoman pursuing battle fame, and a thrall seeking vengeance among the mercenaries known as the Bloodsworn. All three will shape the fate of the world as it once more falls under the shadow of the gods. Set in a brand-new, Norse-inspired world, and packed with myth, magic and bloody vengeance, The Shadow of the Gods begins an epic new fantasy saga from bestselling author John Gwynne. Further praise for The Shadow of the Gods 'Visceral, heart-breaking and unputdownable' Jay Kristoff 'A satisfying and riveting read. The well-realised characters move against a backdrop of a world stunning in its immensity. It's everything I've come to expect from a John Gwynne book' Robin Hobb 'A masterclass in storytelling . . . epic, gritty fantasy with an uncompromising amount of heart' FanFiAddict 'Quintessential Gwynne honed to perfection . . . The Shadow of the Gods is absolutely stunning, one hell of an epic series opener and a spectacular dose of Viking-flavoured fantasy' The Tattooed Book Geek 'Reminds me of all that I love in the fantasy genre. The Shadow of the Gods is an action-packed cinematic read' Fantasy Hive
