From New York Times–bestselling author and illustrator Brian Biggs comes the third board book in the collectible Tinyville Town series. Taking us through a day in the life of another community hero, I’m a Police Officer shows readers what it’s like to be a policewoman protecting and serving the citizens of Tinyville Town, a cozy community where the people are kind, everyone says hello when they’re walking down the street, and all the townsfolk do their part to keep things running smoothly. Brian Biggs’ read-aloud Tinyville Town series launched in 2016 with three books: the world–establishing picture book Gets to Work! and two board books, I’m a Veterinarian and I’m a Firefighter. In addition to I’m a Police Officer, it has grown to include the board book I’m a Librarian and a second picture book, Time for School! With a nod to the busy world of Richard Scarry and the neighborhood feel of Sesame Street, the Tinyville Town series has become a favorite read for preschoolers. Using bold, comic–influenced art to illustrate a growing, thriving, diverse city full of interesting people, these books are ideal for story time and class discussions about occupations and community helpers.

Bruce Delamitri, a hot young Hollywood film director, is murdered at the peak of his career while making popular, stylish movies about killers. 30,000 first printing.

In this “heart–clutching psychological thriller” (People) from an author who Stephen King calls “an absolute master,” a young female police officer faces danger on all fronts—from a clever victim of abuse, skeptical colleagues on the force, and even her own father. Philomena McCarthy is an ambitious police officer with the elite Metropolitan Police in London. The estranged daughter of a notorious and powerful mobster, she has defied the odds to follow her dream. On a routine patrol, Philomena responds to a domestic violence call and rescues a bloodied young woman, Tempe Brown, who is the mistress of a decorated and intimidating London detective, Darren Goodall. The incident is hushed up by the police to protect Goodall’s reputation, but Philomena has now made a dangerous enemy who is afraid of no one. Philomena and Tempe strike up a tentative friendship, determined to protect each other from Goodall, but something isn’t quite right about the stories Tempe tells and the secrets she keeps. Yet the young officer is drawn into Tempe’s world, unsure of what is real or invented. After a bungled break–in and an unsolved murder, Philomena finds herself trapped–with her career, her impending wedding, and her very survival in doubt. Robotham’s brilliant ability to render complex characters, both good and bad, keeps readers sympathetic, yet unsure of whom to trust, “maintain[ing] an air of excruciating suspense” (The Washington Post)–until the very last page.

*Edgar award winner Theresa Schwegel returns with The Good Boy, her most dramatic and emotional novel to date, a family epic that combines the hard-boiled grit of her acclaimed police thrillers with an intimate portrait of a young boy trying to follow his heart in an often heartless city. For Officer Pete Murphy, K9 duty is as much a punishment as a promotion. When a shaky arrest reignites a recent scandal and triggers a multimillion-dollar lawsuit, all eyes are on Pete as the department braces for another media firestorm. Meanwhile, Pete's eleven-year-old son Joel feels invisible. His parents hardly notice him–unless they're arguing about his "behavioral problems"–and his older sister, McKenna, has lately disappeared into the strange and frightening world of teenagerdom. About the only friend Joel has left is Butchie, his father's furry "partner." When Joel and Butchie follow McKenna to a neighborhood bully's party, illegal activity kicks the dog's police training into overdrive, and soon the duo are on the run, navigating the streets of Chicago as they try to stay one step ahead of the bad guys–bad guys who may have a very personal interest in getting some payback on Officer Pete Murphy.*

*This book follows the journey of a young couple from Tallahassee, Florida. Later on, as this young couple grows as adults together, so do their problems. While investigating the mysterious death of a mobster, four police officers come in contact with a strange artifact that grants them the supernatural ability to see the true otherworldly evils that haunt London's streets.

Detectives Jeppe Körner and Anette Werner from the #1 international bestseller The Tenant—which New York Times bestselling author Kathy Reichs heralded as a “stunning debut”—return in this compulsively readable thriller as they race to solve a series of sordid murders linked to some of the most vulnerable patients in a Danish hospital. Hospitals are supposed to be places of healing. But in the coronary care unit at one of Copenhagen’s leading medical centers, a nurse fills a syringe with an overdose of heart medication and stealthily enters the room of an older male patient. Six days earlier, a paperboy on his route in central Copenhagen stumbles upon a macabre find: the naked body of a dead woman, lying in a fountain with arms marked with small incisions. Cause of death? Exsanguination—the draining of all the blood in her body. Clearly, this is no ordinary murder. Lead Investigator Jeppe Körner, recovering from a painful divorce and in the throes of a new relationship, takes on the investigation. His partner, Anette Werner, now on maternity leave after an unexpected pregnancy, is restless at home with a demanding newborn and an equally demanding husband. While Jeppe pounds the streets looking for answers, Anette decides to do a little freelance sleuthing. But operating on her own exposes her to dangers she can’t even begin to fathom. As the investigation ventures into dark corners, it uncovers the ambition and greed that festers beneath the surface of caregiving institutions—all the more shocking for their depravity—and what Jeppe and Anette discover will turn their blood as cold as ice....

The first collection of poetry that allows us to see police officers not just as brutalizers or heroes but as complicated human beings in a position that is sometimes terrifying, sometimes rewarding and often questionable. On a daily basis police save lives, take lives, and risk their own lives. Existing books on police and policing give us a single point-of-view, a black and white story that portrays cops as either saints or villains. This exploration of the dynamic point of understanding makes Off The Cuffs unique. Divided into four sections--Eyewitnesses, Insiders, Victims & Perpetrators, and Dreamers--Off The Cuffs gives us a diversity of voices, telling stories of fear, apprehension, love, brutality, death, sorrow, joy, hope and resolve. Out of this multiplicity of voices: convicts, police, bike messengers and established poets such as Charles Simic, Martin Espada, Kevin Young and Colette Inez - emerges a dialogue showing us the infinite shades of blue that surround the profession and the profession's relationship to the society they are sworn to protect. Off The Cuffs adds an important and unheard piece to this body of work: the usually disparate voices of cops, prisoners and everyone in between engaging with one another within the pages of one book.

Told with Jane Green's keen eye for detailing the emotional landscape of the heart, Summer Secrets is at once a compelling drama and a beautifully rendered portrait of relationships, betrayals, and forgiveness; about accepting the things we cannot change, finding the courage to change the things we can, and being strong enough to weather the storms. When a shocking family secret is revealed, twenty-something journalist Cat Coombs finds herself falling into a dark spiral. Wild, glamorous nights out in London and raging hangovers the next day become her norm, leading to a terrible mistake one night while visiting family in America, on the island of Nantucket. It's a mistake for which she can't forgive herself. When she returns home, she confronts the unavoidable reality of her life and knows it's time to grow up. But she doesn't know if she'll ever be able to earn the forgiveness of the people she hurt. As the years pass, Cat grows into her forties, a struggling single mother, coping with a new-found sobriety and determined to finally make amends. Traveling back to her past, to the family she left behind on Nantucket all those years ago, she may be able to earn their forgiveness, but in doing so she may risk losing the very people she loves the most. "Gripping and powerful."-Emily Giffin "The quintessential beach novel, complete with juicy drama and characters you fall madly in love with. You will devour it!" -Elin Hilderbrand "Warm, witty, sharp and insightful. Jane Green writes with such honesty and zing." -Sophie Kinsella "The perfect summer read...You'll be hooked." -Kristin Hannah

**Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.**

**A REESE'S BOOK CLUB PICK THE NEW YORK TIMES BESTSELLER ONE OF THE NEW YORK TIMES BEST THRILLERS OF THE YEAR** “I loved this book. It gave me the same waves of happiness I get from curling up with a classic Christie...The alternating points of view keep you guessing, and guessing wrong.” — Alex Michaelides, #1 New York Times bestselling author of *The Silent Patient* “Evok[es] the great Agatha Christie classics...Pay close attention to seemingly throwaway details about the characters’ pasts. They are all clues.” -- New York Times Book Review **A wedding celebration turns dark and deadly in this deliciously wicked and atmospheric thriller reminiscent of Agatha Christie from the New York Times bestselling author of The Hunting Party. The bride - The plus one - The best man - The wedding planner - The bridesmaid - The body** On an island off the coast of Ireland, guests gather to celebrate two people joining their lives together as one. The groom: handsome and charming, a rising television star. The bride: smart and ambitious, a magazine publisher. It’s a wedding for a magazine, or for a celebrity: the designer dress, the remote location, the luxe party favors, the boutique whiskey. The cell phone service may be spotty and the waves may be rough, but every detail has been expertly planned and will be expertly executed. But perfection is for plans, and people are all too human. As the champagne is popped and the festivities begin, resentments and petty jealousies begin to mingle with the reminiscences and well wishes. The groomsmen begin the drinking game from their school days. The bridesmaid not-so-accidentally ruins her dress. The bride’s oldest (male) friend gives an uncomfortably caring toast. And then someone turns up dead. Who didn’t wish the happy couple well? And perhaps more important, why?

First experiences can be exciting but they can be worrying too. In this book, Jonathan Drewek tells you about his first visit to hospital.

**The Hate U Give** meets **Internment** in this pulse-pounding thriller about an impenetrable dome around Baltimore that is keeping the residents in and information from going out during a city-wide protest. Jamal Lawson just wanted to be a part of something. As an aspiring journalist, he packs up his camera and heads to Baltimore to document a rally protesting police brutality after another Black man is murdered. But before it even really begins, the city implements a new safety protocol...the Dome. The Dome surrounds the city, forcing those within to subscribe to a total militarized shutdown. No one can get in, and no one can get out. Alone in a strange place, Jamal doesn't know where to turn...until he meets hacker Marco, who knows more than he lets on, and Catherine, an AWOL basic-training-graduate, whose parents helped build the initial plans for the Dome. As unrest inside of Baltimore grows throughout the days-long lockdown, Marco, Catherine, and Jamal take the fight directly to the chief of police. But the city is corrupt from the inside out, and it's going to take everything they have to survive.

"Set against the backdrop of America emerging from World War I, Cakewalk provides an entertaining look at a small town straddling the Mason Dixon line, where the townsfolk remain split between good and bad, or love and sex, or male and female, or politics and sobriety, and the inimitable, irrepressible, distinctly free-thinking Hunsenmier sisters, Louise and Julia--Jutz--and their wide circle of equally indelible friends. An outrageous, affecting, and surprising story of passion, rivalry, and small town antics only Rita Mae Brown could create"--

Terry Zeigler, retired Chief of Police from the Kansas City, Kansas Police Department, shares practical advice for a realistic look into the struggles and successes of leadership. During his time as Chief, Zeigler implemented significant change into a regimented organization, dealt with a strong labor union, navigated unsavory local politics, and helped his organization reduce duty deaths in less than three months. These stories and more, shared in a simple conversation-style format, feel as though he is sitting and sharing with you in person. His stories are real, bold, and unfiltered. Zeigler is candid that several outcomes are not what he had hoped for.Popcorn Fridays is named after the actual popcorn machine that provided a treat, rather than the KCKPD at a time when it was desperately needed. After losing two officers, Zeigler admits that he wasn't open to new ideas as he denied his own grief. He didn't realize how much his personal struggles impacted his decision-making as the leader of an organization. This story demonstrates how intentionally listening to employees benefited a struggling leader and can be the most rewarding part of any career, but it is also hard, messy, full of unforeseen potholes, and can take a toll on not only your professional, but personal life as well. This is not a typical leadership book, the principles can be applied by any individual, whether in a current management position, or aspiring to become a stronger leader.

Leadership Lessons from Law Enforcement

**Unmasks the horrors of a social order reproduced and maintained by the violence of police Year after year the crisis churns: graft and corruption, violence and murder, riot cops and armored vehicles claim city streets. Despite promises of reform, police operate with impunity, unaccountable to law. In The Horror of Police, Travis Linnemann asks why, with this open record of violence and corruption, policing remains for so many the best, perhaps only means of security in an insecure world. Drawing on the language and texts of horror fiction, Linnemann recasts the police not only as self-proclaimed “monster fighters” but as monsters themselves, a terrifying force set loose in the world. Purposefully misreading a collection of everyday police stories (TV cop dramas, detective fiction, news media accounts, the direct words of police) not as morality tales of innocence avenged and order restored but as horror, Linnemann reveals the monstrous violence at the heart of liberal social order. The Horror of Police shows that police violence is not a deviation but rather a deliberate and permanent fixture of U.S. “law and order.” Only when viewed through the refracted motif of horror stories, Linnemann argues, can we begin to reckon the limits of police and imagine a world without them.**

*“These aren’t actors we’re looking for. It’s mug shots not auditions.” McNulty tried not to sound impatient. “It’s local extras. Head and shoulders to see what they look like. If you’re casting cowboys you don’t want to be hiring Indians.” The producer wasn’t appeased. “The reservation’s just over the hill. Indians is what we’re gonna do to get. And I don’t want to get scalped.” “Larry. As long as I’ve known you, you’re the one does the scalping.” Palm Springs, California Jim Grant enlists Vince McNulty’s help with a sting operation where wanted criminals are invited to audition as extras in a Titanic Productions movie. The plan is almost derailed when McNulty and Grant can’t resist protecting a hotel receptionist from an angry biker but the plan goes off without a hitch. Almost without a hitch. Mission successful. Except the Palm Springs sting is a dry run for the main person Grant wants to arrest; a crime lord movie buff in Loveland, Colorado. And the angry biker and the worst snow in decades mean that this time there will be blood and death and a very big hitch.*

*A true friend comes to us, maybe only once in a lifetime. Some "true" friends are born just down the street from us. Some are born right in our very own house. Some of our very best of friends could be our very own brothers and sisters. It could be our fathers and even our mothers. Regardless, we all need friends to make our lives complete. Sometimes, we move away to different places. Some people move to a different part of town, a different street, a different county or, a different state. And some move an ocean away. Friends come in different sizes and ages. And some of our very best friends turn out to be our next door neighbors. Age had no bearing on how a friendship begins. On a personal note, some of my best friends turned out to be co-workers who stay in contact with me and vice versa. The question is, who far does one go to maintain a very special friendship? How many secrets and how many promises can be kept in complete confidence between two friends and, for how long? How long does one have to know to someone to know they are now trusted friends? Is it a week, a month, or does it take years? What if there is a forty or fifty, or even a sixty year gap between the two? What happens when a promise is made to fulfill, and time goes by unfulfilling that promise? Do you forget the promise? Do you throw the promise to the wind and hope it never comes back to haunt you for the rest of your life? How do you sleep knowing your promise was never to be kept now that your friend has gone? But deep down inside, that promise still haunts you? How do you fix it? How do you make it right? What to do? What to do? There's always a way, if you trust in your best friend. We should always trust in Jesus Christ to point us in the right direction.*

*The police. You know everything about them. Or do you? To a lot of people, the world of police officers is a secretive and mysterious place. They’re either omnipresent or never around. Saving lives or roughing people up. Being jerks or buying groceries for a family caught shoplifting for food. In reality, all of the above are true. But what’s not known is why it’s true. Like any job, there are things about policing the general public doesn’t know (or want to know) about. And given the age we live in, the proliferation of police experts who don’t know anything about policing has exploded. So many experts with so little knowledge giving away so much bad advice. This is a guide with real life humorous examples on how to successfully deal with police written by a nearly 30-year veteran police sergeant. A guide to improving police-community relations. A guide to understanding why cops do what they do. And most importantly, a guide to avoiding ending your night wearing orange jammies. Oh, and don't forget wearing underwear that hundreds of other people have worn too. Yes, that's what really happens.*

*Criminal (In)Justice: A Critical Introduction examines the American criminal justice and the social forces that shape it. Using a conversational voice, the book engages readers and challenges them to consider the inequalities in the criminal justice system as well as in the broader society it is designed to protect, then ask, "What can I do to make this better?". Author Aaron Fichtelberg uses a unique, critical perspective to encourage students to look closer at the intersection of race, class, gender, and inequality in the criminal justice system. Covering each of the foundational areas of the criminal justice system—policing, courts, and corrections—this book takes an in-depth look at the influence of social inequality, making it ideal for instructors who want students to critically assess and understand the American criminal justice system in a very open and approachable way. This 2nd edition comes at a time when there is a profound awareness that the criminal justice system reflects deep and systematic inequalities in American society and has been updated to include some of these monumental changes.*
