**'What we all need,' said Larry, 'is sunshine . . . a country where we can grow.' 'Yes, dear, that would be nice,' agreed Mother, not really listening. 'I had a letter from George this morning - he says Corfu's wonderful. Why don't we pack up and go to Greece?' 'Very well, dear, if you like,' said Mother unguardedly. Escaping the ills of the British climate, the Durrell family - acne-ridden Margo, gun-toting Leslie, bookworm Lawrence and budding naturalist Gerry, along with their long-suffering mother and Roger the dog - take off for the island of Corfu. But the Durrells find that, reluctantly, they must share their various villas with a menagerie of local fauna - among them scorpions, geckos, toads, bats and butterflies. Recounted with immense humour and charm My Family and Other Animals is a wonderful account of a rare, magical childhood. What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil's Postman's essential guide to the modern media is more relevant than ever. "It's unlikely that Trump has ever read Amusing Ourselves to Death, but his ascent would not have surprised Postman." -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media—from the Internet to cell phones to DVDs—it has taken on even greater significance. Amusing Ourselves to Death is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. “A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one.” – Jonathan Yardley, The Washington Post Book World

"A guide to the press of the United Kingdom and to the principal publications of Europe, Australia, the Far East, Gulf States, and the U.S.A.

NOW A MAJOR MOTION PICTURE • “A moving experience . . . a powerful cautionary tale.”—Whitley Strieber He was a survivor—a wanderer who traded tales for food and shelter in the dark and savage aftermath of a devastating war. Fate touches him one chill winter's day when he

borrowes the jacket of a long-dead postal worker to protect himself from the cold. The old, worn uniform still has power as a symbol of hope, and with it he begins to weave his greatest tale, of a nation on the road to recovery. This is the story of a lie that became the

most powerful kind of truth. A timeless novel as urgently compelling as War Day or Alas, Babylon, David Brin's The Postman is the dramatically moving saga of a man who rekindled the spirit of America through the power of a dream, from a modern master of science fiction.

The Daily Struggles of Archie Adams (Aged 2 1/4)

Amusing Ourselves to Death

Postman Pat Takes the Bus

Life is hard for Archie. It often seems like the world is out to get him. People are always telling him what to do... "Eat your snack, Archie!, "Don't lick the bus stop, Archie," "Stop putting Mommy's phone in the garbage, Archie!" An then one day his heart is shattered when he learns his parents are to replace him with a younger sibling--the utter bastards! The only comfort he has is that he has his friends, and the sweet relief he gets from sinking his teeth into other people's limbs. From naked protests to dealing with other people looking at YOUR THINGS!, this is a no-holds-barred account of life told through the eyes of Archie--a creatively stifled, modern day toddler. Sunday Times bestseller Hurrah for Gin has delighted fans with its humour. Brilliantly illustrated with Katie Kirby's unique stick-figure drawings and told in the same outrageously funny way, The Daily Struggles of Archie Adams, Aged 2 1/4 once again takes on the highs and lows of family life, this time with one opinionated toddler having his say.

Postman Pat first appeared on TV in 1981. Today he continues to capture children's imaginations. A new TV series starts in September 2004, featuring new animation, stories and characters.
