

Postmortem Scarpetta 1

Dr. Kay Scarpetta plunges into the murky depths of a ship graveyard to recover the very human remains of Ted Eddings, an investigative reporter. Together with her niece Lucy and police captain Pete Marino, Scarpetta will follow the scents of death and violence to the heart of sinister darkness. *San Francisco Chronicle

In this provocative thriller, forensic expert Kay Scarpetta is surrounded by familiar faces, yet traveling down the unfamiliar road of fame.... It is the week before Christmas. A tanking economy has prompted Dr. Kay Scarpetta—despite her busy schedule and her continuing work as the senior forensic analyst for CNN—to offer her services pro bono to New York City's Office of the Chief Medical Examiner. In no time at all, her increased visibility seems to precipitate a string of unexpected and unsettling events, culminating in an ominous package—possibly a bomb—showing up at the front desk of the apartment building where she and her husband, Benton, live. Soon the apparent threat on Scarpetta's life finds her embroiled in a surreal plot that includes a famous actor accused of an unthinkable sex crime and the disappearance of a beautiful millionaire with whom her niece, Lucy, seems to have shared a secret past. Scarpetta's CNN producer wants her to launch a TV show called The Scarpetta Factor. Given the bizarre events already in play, she fears that her growing fame will generate the illusion that she has a "special factor," a mythical ability to solve all her cases. She wonders if she will end up like other TV personalities: her own stereotype.

This volume contains Postmortem and Body of Evidence, the first two Dr Kay Scarpetta novels. In Postmortem, a serial killer is on the loose in Richmond, Virginia, and in Body of Evidence, someone is stalking Beryl Madison.

From the author who virtually invented the forensic thriller comes this much-anticipated omnibus volume that features her first two novels, "Postmortem" and "Body of Evidence," that introduced Virginia Chief Medical Examiner Kay Scarpetta to the book-reading world.

Virginia medical examiner Kay Scarpetta finds herself up against a killer who hides his crimes with fire

"On the eve of a top-secret space mission, Captain Calli Chase--a NASA pilot, quantum physicist, and cybercrime investigator--detects a problem in the tunnels below a NASA research center. She discovers dried blood, a missing security badge, a suspicious suicide. This series of disturbing clues point to Calli's twin sister Carme, who's been missing for days. Desperate to avoid disaster and clear her sister's name, Captain Chase races to find answers to her twin's erratic conduct. But time is running out, and she realizes that failure means catastrophe--for both the space program but for the safety of the entire nation"--Back cover.

Kay Scarpetta finds herself pitted against a possible bioterrorist in this suspense-filled read from #1 New York Times bestselling author Patricia Cornwell. When a woman turns up dismembered in a landfill, Scarpetta initially suspects the work of a serial killer she's been tracking. But her investigation turns far more dangerous when she realizes the victim's skin is covered in an unusual rash—and Scarpetta herself may have just been exposed to a deadly virus.

The eleventh book in the Kay Scarpetta series, from No. 1 bestselling author Patricia Cornwell. 'America's most chilling writer of crime fiction' The Times Physically and psychologically bruised by her encounter with the killer Chandonne, Dr Kay Scarpetta has to leave her home in the hands of the police team investigating the attack. She finds shelter with an old friend, Anna Zenner, but it is not the haven of security she needs when she discovers that Anna has been sub-poenaed to appear before a Grand Jury which is investigating Scarpetta for murder. Kay knows she is being framed and she also knows she can trust no-one. Meanwhile it appears that Chandonne killed a woman in New York before his murderous spree in Virginia, but when Scarpetta looks more closely into that case with the NY prosecutor Jaime Berger, proof of his guilt is far from certain - in fact she begins to believe that he may not be the perpetrator of any of the crimes he is accused of. As she follows the forensic trail to the real killer she gradually realises that someone has been spinning a web for years with the aim of entrapping her. Who is it, and why are they so desperate to be rid of her? Known to millions for his television and film roles, Chris Elliott is one of the most beloved comedians of his generation. With his novel *The Shroud of the Thwacker*, Elliott delivers a laugh-out-loud parody that will delight mystery lovers as well as his devoted fans. Set in New York City in 1882, the story hilariously chronicles the adventures of police chief Caleb Spencer and his two cohorts, Evening Post reporter Liz Smith and mayor Teddy Roosevelt, as they unravel the mystery of the world's first (and most bizarre) serial killer: Jack the Jolly Thwacker. The elusive Thwacker dresses his victims in outlandish costumes, leaves behind taunting poetry, and leads the authorities on a wild chase through New York streets and landmarks (complete with gas-powered wooden cell phones, carriages, gaslights, and the original Original Ray's Pizzeria). In a bizarre twist, Chris Elliott himself joins the action, using time travel and historical documents to uncover the Thwacker's identity. With a wink and a nod to Patricia Cornwell, *The DaVinci Code*, and Caleb Carr's mysteries, Elliott does for the historical crime genre what Douglas Adams did for science fiction in *The Hitchhiker's Guide to the Galaxy*. The first novel featuring Medical Examiner Kay Scarpetta from the #1 bestselling author of *Black Notice* and *Point of Origin* Winner of the Edgar Award and the Macavity Award for best first mystery Four women with nothing in common, united only in death. Four brutalized victims of a brilliant monster - a "Mr. Nobody," moving undetected through a paralyzed city, leaving behind a gruesome trail of carnage . . . but few clues. With skilled hands, an unerring eye, and the latest advances in forensic research, an unrelenting female medical examiner - Kay Scarpetta - is determined to unmask a maniac. But someone is trying to sabotage Kay's investigation from the inside. And worse yet, someone wants her dead . . .

With high-tension suspense and cutting-edge technology, Patricia Cornwell—the world's #1 bestselling crime writer—once again proves her exceptional ability to entertain and enthrall in this remarkable novel featuring chief medical examiner Dr. Kay Scarpetta. On her quest to find out exactly what happened to her former deputy chief, Jack Fielding, murdered six months before, Scarpetta drives to the Georgia Prison for Women to meet a convicted sex offender and the mother of a

vicious and diabolically brilliant killer. Against the advice of her FBI criminal intelligence agent husband, Benton Wesley, Scarpetta is determined to hear this woman out. Scarpetta has both personal and professional reasons to learn more about a string of grisly killings: the murder of a Savannah family years earlier, a young woman on death row, and then other inexplicable deaths that begin to occur at a breathtaking pace. Driven by inner forces, Scarpetta discovers connections that compel her to conclude that what she thought ended with Fielding's death and an attempt on her own life is only the beginning of something far more destructive: a terrifying terrain of conspiracy and potential terrorism on an international scale. And she is the only one who can stop it.

Lit Guild Main. "When it comes to the forensic sciences, nobody can touch Cornwell." —New York Times Book Review [PLEASE BOX:] CHAOS From the Ancient Greek (χάος or kháos) A vast chasm or void. Anarchy. The science of unpredictability. On a late summer evening in Cambridge, Massachusetts, Dr. Kay Scarpetta and her investigative partner, Pete Marino, respond to a call about a dead bicyclist near the Kennedy School of Government. It appears that a young woman has been attacked with almost superhuman force. Even before Scarpetta's headquarters has been officially notified about the case, Marino and Scarpetta's FBI agent husband, Benton Wesley, receive suspicious calls, allegedly from someone at Interpol. But it makes no sense. Why would the elite international police agency know about the case or be interested? It soon becomes apparent that an onslaught of harassment might be the work of an anonymous cyberbully named Tailend Charlie, who has been sending cryptic communications to Scarpetta for over a week. Even Lucy, her brilliant tech-savvy niece, can't trace who it is or how this person could have access to intimate information. When a second death shocks Scarpetta to her core, it becomes apparent she and those close to her are confronted with something far bigger and more dangerous than they'd ever imagined.

Upon relocating to Charleston, Dr. Kay Scarpetta opens a private forensic pathology practice but is quickly targeted by local politics and a covert saboteur before a series of violent deaths brings her skills into high view.

Captain Calli Chase races against time to thwart a plot that leaves the fate of humanity hanging in the balance in this new thriller from international bestselling author Patricia Cornwell. In the aftermath of a NASA rocket launch gone terribly wrong, Captain Calli Chase comes face-to-face with her missing twin sister--as well as the startling truth of who they really are. Now, a top secret program put in motion years ago has spun out of control, and only Calli can redirect its course. Aided by cutting-edge technologies, the NASA investigator and scientist turned Space Force pilot sets out on a frantic search for the missing link between the sabotaged rocket launch and her predetermined destiny...a search that someone else seems very interested in stopping. From NASA to the Chase family farm, to the White House to distant orbits of space, Calli plays a high-stakes game of hide-and-seek with a cunning and ruthless adversary. One wrong move will unleash cataclysmic consequences reaching far beyond the boundaries of Earth. This heart-pounding Captain Chase thriller from Patricia Cornwell will leave readers desperate for more.

Postmortem introduces Dr. Scarpetta, who knows the smell of bone dust from a skullcap saw and how to read a body for clues via lasers, DNA, and computers. As Scarpetta slowly closes in on a killer known as Mr. Nobody, she gets the creepy, well-informed feeling that the killer is closing in on her. Cornwell's debut swept the mystery-writing awards and made her somebody. In *Body of Evidence*, Scarpetta investigates the murder of a Southern writer who mysteriously opened the door for her killer. In *All That Remains*, she hunts a serial killer of young lovers--including the daughter of the president's drug czar, which complicates the forensic chase with political intrigue. Besides suspenseful cat-and-mouse games between sleuth and killer (and writer and reader), Cornwell creates a rich cast of screwed-up characters, chiefly Scarpetta's scruffy confrere, Detective Pete Marino. Scarpetta's character is a magnetic combination of pride, drive, brains, extreme skill at cooking, and a pervasive sadness expressed with tightly wound eloquence.

"When it comes to the forensic sciences, nobody can touch Cornwell," says *The New York Times Book Review*. From the author of *The Bone Bed* and *Flesh and Blood*, his set offers five novels in the #1 *New York Times* bestselling series featuring Kay Scarpetta: *Cause of Death*; *Unnatural Exposure*; *Point of Origin*; *Black Notice*; and *Trace*.
