**What is Advaita Vedanta?**

What means or instruments does it utilize in its attempt to comprehend Reality? What is the nature of its aim? If we begin by answering these questions, we will be ready to follow with the right intelligence the message given by the great SANKARA in Vivekacudamani. The path which is outlined here is not for the majority, quite the contrary. It is for those who, having attained "maturity," tend towards full Awakening. It is for those who want to bring about a profound

revolution within themselves; and this requires an act of courage, of steadfastness and, at the same time, of great humility. Advaita Vedanta is for those who, tired of a long pilgrimage, have finally stopped and in the silence of their own hearts have decided to launch a powerful attack on that terrible and treacherous enemy who lives not outside of us but right within us, and thus realize full liberation from all psycho-physical conflict and bondage. (Vivekacudamani, sutra

of the greatest  
philosophers of India. He  
dedicated his brief and  
intense life (788-820) to  
re-establish the authority  
of the ruti, to codify the  
Advaita Vedanta, the  
doctrine of Non-duality,  
and to anchor the

With his bhasya (commentary) to the Upanisad, the Brahmasutra, and the Bhagavadgita, and with his own writings, Sankara has profoundly influenced not only India's philosophical development, but that of the entire world. RAPHAEL is author and Master in the Western Metaphysical Tradition as well as the Vedanta. For over 35 years, he has written a series of books on the pathway of Non-duality (Advaita). Hymn to Tripurasundarī (Hindu deity).

Composed by the great sage of Advaita Vedanta, Adi Sankara, this work gives an exposition of the symbols of puja (worship) in light of Nonduality.

Written as a dialogue between a disciple and a Guru, the disciple first asks, "What manner of

He then asks similar questions about the details of such in the context of utmost Nonduality, and, starting with the ninth verse, the Guru replies in the light of the Knowledge of that utmost Nonduality.

This book is an attempt to explore the metaphorical aspect of the original work of Sri Jayadeva's Gita Govinda. Gita Govinda is an overtly misunderstood epic love poem depicting intense emotional exchanges between Radha and Krishna mediated by Radha's confidante - Sakhi. As one unravels the apparent emotions of love, elation, anxiety, depression, lack of trust etc. one sees hidden layers, revealing deeper spiritual processes in the life of a sincere seeker. Tantra is an ancient science dealing with many different systems for increasing the speed of human evolution. It predates all of the world's existing religions, and provides the esoteric basis on which many of these religions were later based.

Tantra provides practical techniques applicable by men and women of every temperament and spiritual level, and aims at turning every action of life into an act of sadhana, or

The task of rediscovering them and putting them in a form which can be understood and practised by people of this age has been done solely by Swami Satyananda Saraswati, as his personal contribution to a civilisation searching for a deeper understanding of the basis of life.
