This volume provides an extensive translation of the notes and fragments that survived Kant's death in 1804. These include marginalia, lecture notes, and sketches and drafts for his published works. They are important as an indispensable resource for understanding Kant's intellectual development and published works, casting fresh light on Kant's conception of his own philosophical methods and his relations to his predecessors, as well as on central doctrines of his work such as the theory of space, time and categories, the refutations of scepticism and metaphysical dogmatism, the theory of the value of freedom and the possibility of free will, the conception of God, the theory of beauty, and much more.

A groundbreaking collection of writings by Michel Foucault and the Prisons Information Group documenting their efforts to expose France's inhumane treatment of prisoners Founded by Michel Foucault and others in 1970-71, the Prisons Information Group (GIP) circulated information about the inhumane conditions within the French prison system. Intolerable makes available for the first time in English a fully annotated compilation of materials produced by the GIP during its brief but influential existence, including an exclusive new interview with GIP member H el ene Cixous and writings by Gilles Deleuze and Jean Genet. These archival documents--public announcements, manifestos, reports, pamphlets, interventions, press conference statements, interviews, and round table discussions--trace the GIP's establishment in post-1968 political turmoil, the new models of social activism it pioneered, the prison revolts it supported across France, and the retrospective assessments that followed its denouement. At the same time, Intolerable offers a rich, concrete exploration of Foucault's concept of resistance, providing a new understanding of the arc of his intellectual development and the genesis of his most influential book, Discipline and Punish. Presenting the account of France's most vibrant prison resistance movement in its own words and on its own terms, this significant and relevant collection also connects the approach and activities of the GIP to radical prison resistance movements today.

Core Knowledge and Applications

For many of us, the drive to affect positive change--however vague or idiosyncratic our sense of this might be--has guided our work in higher education. We champion the pursuit of a college degree because few endeavors can match it in terms of advancing a person's economic mobility (Chetty, Friedman, Saez, Turner, and Yagan; 2017). Despite recent debates about the value of a college degree (Pew Research Center, 2017), the opportunities and financial stability awarded to those with college degrees remain apparent when they are compared to peers who have only graduated high school (Pew Research Center, 2014). And while more Americans have a college degree than ever before (Ryan and Bauman, 2016), access to a formal, post-secondary education continues to be elusive for some. Indeed, over the last ten years, analysts have projected that the cost of attending college would keep 2.4 million low-to-moderate income, college-qualified high school graduates from completing a college degree (Advisory Committee on Student Financial Assistance, 2006). During that same period, college students in the United States saw expenses related to tuition and fees increase by 63 percent, school housing costs (excluding board) increase by 51 percent, textbook prices increase by 88 percent (Bureau of Labor, 2016). Because few students can afford a college education by salary alone, 44.2 million Americans have sought financial aid via student loans. As a result, total student loan debt is now topping \$1.45 trillion in the United States (Board of Governors of the Federal Reserve System, 2017), and student loan delinquency rates are averaging 11.2 percent (Federal Reserve Bank of New York, 2017). The burden of a student's financial decisions extends beyond the mere individual: society will inevitably carry the weight of this debt for years to come.
