This 3rd edition of The African-American Odyssey includes not only a CD-ROM-bound into every book (which incorporates over 150 documents in African American history), but also has a broadened international perspective, expanded coverage of interaction among African Americans and other ethnic groups, and new material on African Americans in the western portion of the United States. Free access to Research Navigator is included. This allows readers to access this powerful research tool with one site. Written by leading scholars, The African-American Odyssey is a clear and comprehensive narrative of African-American history, from the Civil War through modern times. The Combined Volume traces African-American history from its African roots through the present. This book places African-American history in the context and at the center of American History. Balancing accounts of the actions of African-American leaders with investigations of the lives of the ordinary men and women in black

communities, exciting and readable coverage includes: African-American history from the Civil War and the beginnings of Reconstruction through the Civil Rights movement to discussions of black life at the dawn of the 21 st century. This is a compelling story of survival, struggle, and triumph over adversity. Readers will learn an appreciation of the central place of black people and black culture in this country, and a better understanding of both African-American and American history.

From the experience of slaves brought to 1789 America to considerations of the place of race in contemporary American society, the editors have compiled readings from the African American experience together in a volume designed to serve in an introductory African American studies course. Essays, an

An Anthology of African American Studies

The African Americans

The African-American Odyssey: Since 1865

This book is the first comprehensive survey of the African-American experience. It draws on recent research to present black history in a clear and direct manner, within a broad social, cultural, and political framework. Life in sixteenth-century Africa, slavery, the antislavery movement, The Civil War, emancipation, and

reconstruction. For anyone who is interested in an in-depth exploration of African-American history as it relates to U.S. history.

The African-American Odyssey is a compelling story of agency, survival, struggle and triumph over adversity. The authors highlight what it has meant to be black in America and how African-American history is inseparably woven into the greater context of American history. The text provides accounts of the lives of ordinary men and women alongside those of key African-Americans and the impact they have had on the struggle for equality to illuminate the central place of African-Americans in U.S. history more than any other text.

A chronological survey of the role and experience of women in American history, *Women and the Making of America* examines the issue of power in women's lives and women's history. Examining relationships between men and women as well as the diverse experiences of different women, the book explores how women were central to the making of America's history.

In this book, David Kling traces the fascinating story of how specific biblical texts have at different times emerged to be the inspiration of movements that have changed the course of history.

This anthology brings together a selection of historical and contemporary writings on topics in African-American Philosophy. Questions regarding a wide range of issues--including slavery and freedom, social progress, self-respect, alienation, sexuality, cultural identity, nationalism, feminism, Marxism and violence--are critically examined from different perspectives by well-known philosophers and by non-philosophers from many disciplines. It emphasizes the historical significance of the philosophical arguments within very specific social and political contexts. Features substantial extracts, and in some cases complete works by important 19th- and 20th-century social and political thinkers--organized under sections on Antebellum Critical Thought, Emigrationist and Diaspora Thought, Assimilation and Social Uplift, Contemporary Black Feminist Thought, Civil Rights and Civil Disobedience, Marxism and Social Progress, Rebellion and Radical Thought, Social Activism Reconsidered, Black Women Writers on Rape, and Alienation and Self-Respect. For anyone interested in the African-American experience and American history.

Everything Your American History Textbook Got Wrong

Out of many, you experience America's history! Out of Many was the first American history college text to put the diversity of America's peoples at the center of our historical experience. The sixth edition continues this tradition as the narrative weaves the distinct experiences and voices of northerners, southerners, and westerners, of African Americans, Latinos, and immigrants, of women and men, throughout each chapter. The author team developed a continental approach to the American past, demonstrating how each region has been closely linked to the broader currents of global development. It is our hope that Out of Many will best help students understand the history that has produced the increasingly complex America of the twenty-first century because out of many, you experience America's history!

This package contains the following components: -0201794896: African American Lives: The Struggle for Freedom, Volume II -020179487X: African American Lives: The Struggle for Freedom, Volume I
