*iPhone For Seniors For Dummies*

The latest iPhone models were released on September 19th in the United States and the United Kingdom, and according to Apple, are the “biggest advancements in iPhone history.” It’s a clever play on words, as the new models both sport much larger screens than the iPhones of yesteryear. Whereas the iPhone 4S and below had a meager 3.5 inch screen (considered generous at the time), the iPhone 5, 5S and 5C were stretched out to 4 inches. Faced with stiff competition from Android flagships that have long featured big screens, the iPhone 6 and 6 Plus are Apple’s authoritative answer to the growing number of iOS fans restlessly awaiting their own big phones. The new phones are powered behind the scenes by Apple’s latest software release, iOS 8, which also brings many features and changes with it. This guide is designed to walk you through the most important parts of the phone, from the basics and learning how to navigate through the phone, to more advanced features like setting up email accounts and understanding what the cloud really is. Towards the end, a list of the 20 top paid and free applications will be available to add many different functionalities to your phone once you are comfortable enough with it.

The iPad Air Survival Guide organizes the wealth of knowledge about the Fifth Generation iPad and iOS7 into one place, where it can be easily accessed and navigated for quick reference. This guide comes with countless screenshots, which complement the step-by-step instructions and help you to realize the iPad’s full potential. The iPad Air Survival Guide provides useful information not discussed in the official iPad Air manual, such as tips and tricks, hidden features, and troubleshooting advice. You will also learn how to download FREE eBooks and how to make video calls using FaceTime. Whereas the official iPad Air manual is stagnant, this guide goes above and beyond by discussing recent known issues and solutions that may be currently available. This information is constantly revised for a complete, up-to-date manual. This iPad Air guide includes, but is not limited to: Getting Started: - Button Layout - Navigating the Screens - Setting Up Wi-Fi - Setting Up an Email Account - Using Email - Logging In to the Application Store - Using FaceTime - Placing a FaceTime Call - Moving the Picture-in-Picture Display - Taking Pictures - Capturing Videos - Browsing and Trimming Captured Videos - Using iTunes to Import Videos - Viewing Videos - Using the Music Application - Using the iTunes Application - Sending Pictures and Videos via Email - Setting a Picture as Wallpaper - Viewing a Slideshow - Importing Pictures Using iPhoto - Creating Albums Using iPhoto Advanced topics: - Using Multitasking Gestures - 171 Tips and Tricks for the iPad - Setting the iPad Switch to Mute or Lock Rotation - Using the Split Keyboard - Downloading FREE Applications - Downloading FREE eBooks - Updating eBooks in the eBooks app - Using the eBooks Application - Highlighting and Taking Notes in eBooks - Moving a Message to Another Mailbox or Folder - Changing the Default Signature - Setting the Default Email Account - Changing How You Receive Email - Saving a Picture Attachment - Managing Contacts - Turning Data Roaming On or Off - Blocking Pop-Up Windows - Managing Applications - Deleting Applications - Setting a Passcode Lock - Changing Keyboard Settings - Maximizing Battery Life

The iPhone 8 is a huge step forward for the iPhone. It has glass on the front and the back to enable wireless charging, it has a Retina Display with True Tone technology to match the ambience around you, it has the most powerful chip ever put into a smartphone, and it comes in three new colors: silver, space grey and gold. Brought to you by the expert team at Tap Guides, and written by best-selling technology author Thomas Anthony, iPhone 8 Advanced Guide is packed with top tips and in-depth tutorials. You'll uncover the history of the iPhone's development from 2007 to 2017, learn about iPhone 8 features such as Portrait Lighting mode, discover how to use iOS 11 and its built-in apps, plus much more. By the time you've finished reading iPhone 8 Advanced Guide you'll be pro in nearly everything iPhone and iOS related. Inside you'll discover:
\* The history of the iPhone
\* The new features of iPhone 8
\* Touch ID and 3D Touch
\* Detailed app tutorials
\* The secrets of mastering mobile photography
\* How to edit photos
\* Essential Settings and configurations
\* Troubleshooting tips

The fun and friendly full-color guide to finding your way around your iPhone Everywhere you look it seems like someone is using an iPhone. If you're feeling left out of the fun, don't despair. For Dummies to the rescue! Written in the accessible For Dummies style and packed with colorful illustrations, this book shows you how to use your iPhone to make and receive calls, send text messages and e-mails, read e-books, watch movies, play games, surf the web, and so much more. The iPad Mini Survival Guide organizes the wealth of knowledge about the seven-inch iPad into one place, where it can be easily accessed and navigated for quick reference. This guide comes with countless screenshots, which complement the step-by-step instructions and help you to realize the iPad Mini's full potential. The iPad Mini Survival Guide provides useful information not discussed in the official iPad Mini manual, such as tips and tricks, hidden features, and troubleshooting advice. You will also learn how to download FREE games and FREE eBooks and how to make VIDEO CALLS using FaceTime. Whereas the official iPad Mini manual is stagnant, this guide goes above and beyond by discussing recent known issues and solutions that may be currently available. This information is constantly revised for a complete, up-to-date manual.

The Using series is not just a book, it is highly integrated with online video, podcasts, and additional bonus content that enables our authors to provide modern, best of class instruction to the beginning audience. Using books are designed to offer a solid and accessible introduction-both tutorial and reference-to a topic. The Using series is written in a succinct yet friendly manner and offers real-world advice and step by step tasks. Using the iPhone takes readers through all the necessary configurations to properly set up their iPhone such as to use multiple networks, send and receive email and text messages, sync to their iTunes, and more. Beyond basic configuration, Using the iPhone explains how to use the default applications that are part of the iPhone as well as how to find and install new apps from the App Store, how to purchase music, movies, and more through iTunes and sync them to the iPhone, and how to troubleshoot and maintain their iPhone. All along the way the reader is offered audio and video to illustrate more difficult or confusing tasks, or to add additional content to a topic.

The iPhone may be the world's coolest computer, but it's still a computer, with all of the complexities. iPhone: The Missing Manual is a illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone master. This updated guide shows you everything you need to know about the new features and user interface of iOS 9 for the iPhone. This easy-to-use book will help you accomplish everything from web browsing to watching videos so you can get the most out of your iPhone.

Provides information for seniors on how to use the phone to make and receive calls; set up iTunes and the iPod; take photographs; send and receive e-mail; browse the Internet; and play podcasts, music, and videos.

If you believe some news stories, the latest iPhone update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPhone doesn't come with a handbook / user guide; this doesn't mean that you have to buy someone else's handbook! iPhone does have a handbook! There are three ways to get it: 1. Download it from the Apple iBookstore (it's free) 2. Get it online by going to manuals.info.apple.com 3. Get it on your phone; if you go to your bookmarked pages on Safari, the last bookmark is for the 'iPhone User Guide'. So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you.

People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 8) then you will most probably find it useful. If you are ready to learn read on!

Get to know your iPhone with this colorful and easy-to-use guide So you just purchased your first iPhone? Although it seems like everyone has an iPhone these days, it's not a given that you'll instantly know how to use one. And that's where this handy book comes in. Written in the friendly For Dummies style and sporting senior-friendly larger type and full-color illustrations, this book clearly shows you how to use your iPhone, even if it's your first-ever smartphone. Make calls, send e-mail, download videos, read e-books, FaceTime video chat, and discover the wonderful world of apps. It's all here and much more! Covers the iPhone 5, iPhone 4S, and iPhone 4 Includes senior-friendly larger type and full-color illustrations Explains how to use the iPhone in the clear, friendly, easy-to-follow language that has defined the series for two decades Covers iPhone accessibility features, using maps, browsing the web, buying apps, playing music, shooting and sharing video and pictures, texting with iMessage, using Reminders and Newsstand, and of course, making calls iPhone 5 For Seniors For Dummies, 2nd Edition helps you discover the wonders of your smartphone and take advantage of all it has to offer!

The Unofficial Guide to the Disney Cruise Line is your no-nonsense, consumer-oriented guide to Disney's cruise vacations. We'll point out the best of Disney's ships and itineraries, including a couple of stellar restaurants, top-notch children's activities, and Castaway Cay, one of the best vacation islands in the Caribbean. We'll also tell you which on-board entertainment and restaurants should be skipped, including what to do instead. Along the way we'll show you how to save money, choose the right stateroom, ship, and itinerary, and how to get to and from your cruise with ease.
