Patchwork Essentials: The Half-Square Triangle Foolproof Patterns and Simple Techniques from Basic Blocks Lucky Spool

Reveling in classic blue and white, acclaimed author and designer Edyta Sitar of Laundry Basket Quilts shares inspiring quilts photographed in a cabin nestled on a snow-capped mountain. Each of the 16 patterns captures Edyta's signature style, and with her guidance, you, too, can create these stunning two-color quilts.

A revealing look at how user behavior is powering deep social divisions online--and how we might yet defeat political tribalism on social media In an era of increasing social isolation, platforms like Facebook and Twitter are among the most important tools we have to understand each other. We use social media as a mirror to decipher our place in society but, as Chris Bail explains, it functions more like a prism that distorts our identities, empowers status-seeking extremists, and renders moderates all but invisible. Breaking the Social Media Prism challenges common myths about echo chambers, foreign misinformation campaigns, and radicalizing algorithms, revealing that the solution to political

tribalism lies deep inside ourselves. Drawing on innovative online experiments and in-depth interviews with social media users from across the political spectrum, this book explains why stepping outside of our echo chambers can make us more polarized, not less. Bail takes you inside the minds of online extremists through vivid narratives that trace their lives on the platforms and off--detailing how they dominate public discourse at the expense of the moderate majority. Wherever you stand on the spectrum of user behavior and political opinion, he offers fresh solutions to counter political tribalism from the bottom up and the top down. He introduces new apps and bots to help readers avoid misperceptions and engage in better conversations with the other side. Finally, he explores what the virtual public square might look like if we could hit reset and redesign social media from scratch through a first-of-its-kind experiment on a new social media platform built for scientific research. Providing data-driven recommendations for strengthening our social media connections, *Breaking the Social Media Prism* shows how to combat online polarization without deleting our accounts.

“Packed with color examples, patterns, and easy step-by-step directions . . . a fine pick for any quilter seeking an easier way of producing star quilts.” —Midwest Book Review Based on the eight-pointed LeMoyne star, these quilt projects use the tried-and-true strip-piecing method that Blanche Young originally developed in 1979.

Blanche and her daughter Helen have been exploring this historical star ever since, playing with different configurations and sizes, to captivate generations of quilters to come. The ten projects include Lone Star, Touching Stars, Rolling Star, Broken Star, Star of Bethlehem, Double Star, and Blazing Star—all of which you can make without having to cut diamonds—and a gallery of twenty-five additional quilts is also provided!

methods for making them (from the slow to the speedy) and combines HSTs with other pieced blocks that complement the triangle blocks. The book is organized into four main sections: patterns that feature Color, Scale, Patchwork Play and, finally culminating with a chapter on Half-Square Triangles only. This final chapter features an inspirational index of over 12'' 60 HST block designs and encourages the reader to design their own quilts using a single block or combining a few.

12 Skill-Building Quilt Patterns

Improve your quilt designs by learning how to organize fabric by size and color, while making adorably sophisticated quilts (both pieced and appliquéd) for babies and children. Each of the 20 bright, happy quilts is shown in warm and cool colorways to spark the imagination and use up your stash. Stacey Day's friendly voice and great advice make it easy to choose beautiful palettes and add design flair, while also guiding you through the best methods for organizing fabrics by color and size, from tiny scraps to bulky yardage.

These are among the most innovative, outstanding quilts being designed today--chosen to appear in the 2001 Quilt National Biennial Exhibition--and a source of new ideas, interest, and excitement for quilt makers, collectors, and enthusiasts alike. Since its inception 22 years ago, the Quilt National exhibit continues to be a showcase for contemporary artists who expand the boundaries of traditional quilt making, creating designs meant for display on walls rather than as covers for beds. It sets the standards and serves as the model for all other art quilt shows. Through the large, spectacular color photographs here, as well as the artists' descriptions of the motivations behind their works, you can enjoy and refer to these quilts as often as you like at home. are wonderful reflections of where quilting has been--and where it's going. Turn fat quarters into gorgeous quilts! A great resource for quilters, especially beginners, fat quarters are bundles of colorful, coordinating fabrics so all of the "choosing" is already done for them! Fat Quarter Workshop features 12 quilt patterns and step-by-step projects using these convenient bundles, plus insightful details on how to choose fabrics and colors to use in your quilt projects and essential quilting techniques. Also included are clear explanations for special treatments and techniques, from custom ruler work, free motion quilting, straight-line quilting, and more. Author Stephanie Soebbing is the owner of Quilt Addicts Anonymous and Stashin' with Stephanie where she provides a fat quarter subscription service for quilters. She is also the author of the wildly popular Simple Quilts for the Modern Home.

Showcase a spectrum of color with striking quilts that breathe new life into the lucky rainbow. Fourth-generation quilter Rebecca Bryan shares 14 modern quilt patterns that take their cues from the color wheel. Ranging from modern-traditional to improvisational, Bryan's rainbow quilts look stunning in your favorite designer fabrics. You'll play with jewel tones, pastels, and even neons, as you incorporate a modern rainbow into quilting projects. Arrange your fabric in a way that honors nature's prism, or take liberties as you mix in neutrals, substitute related colors, or experiment with intensity. Adventures in Improv Quilts

In recent decades, there has been a generational shift of the US veterans' peace movement, founded mostly in the experiences of older white men of the Vietnam War era, to one informed by a young, diverse cohort of post-9/11 veterans. In *Unconventional Combat*, Michael A. Messner traces this transformation through the life-history interviews of six veterans of color to show how their experiences of sexual and gender harassment, sexual assault, racist and homophobic abuse during their military service has shaped their political views and action. Drawing upon participant observation with the Veterans For Peace and About Face organizations and interviews with other male veterans as his backdrop, Messner shows how veterans' military experiences form their collective "situated knowledge" of intersecting oppressions. This knowledge, Messner argues, shapes their intersectional praxis, which promises to transform the veterans' peace movement and potentially link their anti-militarist work with other movement groups working for change. As intersectionality has increasingly become central to the conversation on social movements, *Unconventional Combat* is not only a story about the US veterans' peace movement, but it also has broad relevance to the larger world of social justice activism.

Family can be murder A quilting conference brings Harriet Truman face-to-face with a past she had been happy to forget. Then she learns the quilter staying at Aiden Jalbert's house is an old flame whose real agenda might not involve needle and thread. Then the old flame is found dead in Aiden's temporary living quarters, and all the evidence points to him. Unless Harriet and the Threads can track down the real killer, Harriet's blooming romance may wither on the stem.

by Irene Roderick. This book appeals to beginning and advanced quilters who are looking for a new creative and artistic method of quilt design and construction. A handbook for quilters who want to expand their skills and make unique, personal expressions instead of following traditional quilt methods. The author's approach is fluid and intuitive, inviting you to tap into your imagination and ingenuity in order to create one-of-a-kind quilts in your own creative voice. The book provides instructions for design and construction accompanied by tips and tools to enable you to work freely without preconceived ideas of where the process leads. She will ask you to learn to trust your personal experiences and instincts so that you can develop your own personal style.

This anthology assembles two decades' of work initiated by SisterSong Women of Color Health Collective, who created the human rights-based "reproductive justice" to move beyond polarized pro-choice/pro-life debates. Rooted in Black feminism and built on intersecting identities, this revolutionary framework asserts a woman's right to have children, not have children, and to parent and provide for the children they have.

Papyrus Parables is a stimulating collection of paintings and poetry designed to reveal the untapped potential of humanity. It will take you into the mindsets of alchemic scribes from the past and the future reporting visionary observations about their time and ours. Papyrus Parables is separated into ten scrolls that articulate lost data that could be essential to the fundamental core of our planet. This book will certainly get under your skin.

Every quilter will want to possess this stunning anthology, which features 10 years worth of the most innovative pieces chosen for the Quilt National biennial exhibition--the top showcase for modern quilt artists.
