**Gary Soto writes that when he was five "what I knew best was at ground level." In this lively collection of short essays, Soto takes his reader to a ground-level perspective, resreating in vivid detail the sights, sounds, smells, and textures he knew growing up in his Fresno, California, neighborhood. The "things" of his boyhood tie it all together: his Buddha "splotched with gold," the taps of his shoes and the "engines of sparks**

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

An international manual is like a world cruise: a once-in-a-lifetime experience. All the more reason to consider carefully whether it is necessary. This can hardly be the case if previous research in the selected field has already been the subject of an earlier review-or even several

competing surveys. On the other hand, more thorough study is necessary if the intensity and scope of research are increasing without comprehensive assessments. That was the situation in Western societies when work began on this project in the summer of 1998. It was then, too, that the challenges emerged: any manual, especially an international one, is a very special type of text, which is anything but routine. It calls for a special effort: the "state of the art" has to be documented for selected subject areas and its presentation made as compelling as possible. The editors were delighted, therefore, by the cooperation and commitment shown by the eighty-one contributors from ten countries who were recruited to write on the sixty-two

different topics, by the constructive way in which any requests for changes were dealt with, and by the patient response to our many queries. This volume is the result of a long process. It began with the first drafts outlining the structure of the work, which were submitted to various distinguished colleagues. Friedheim Neidhardt of Berlin, Gertrud Nunner-Winkler of Munich, and Roland Eckert of Trier, to name only a few, supplied valuable comments at this stage.

Photographer Pieter Hugo's images offer an look into Nigeria's thriving film industry. The Nigerian film industry is the third largest in the world, after those of the United States and India. Nigerian films often deal with the

moral dilemmas facing modern Africans and tell stories familiar to African families - of religion, violence, AIDS, and economic hardship. Pieter Hugo documents the intense and incredibly colorful world of Nollywood from an unusual angle. His images are staged representations of Nigerian film sets, featuring local actors who recreate themes and characters from Nollywood films - young men in military fatigues; witch doctors, healers and saints; hunters with their kill; prostitutes in their rooms. The result is a series of surreal tableaux rooted in local symbolic imagery. Accompanying the photographs are texts by Chris Abani, whose short fiction piece captures the chaos of the filmmaking process, and an essay by Zina

Warning: This erotica contains scenes and elements that may be disturbing to some readers. Please review the full content warning below. Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The "freak," Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the

game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? This book contains intense fantasy scenes of hard kinks/edgeplay, graphic sex, and harsh language. It is intended only for an adult audience. Beware: this is a dark, weird, kinky read. The activities depicted therein are dangerous and are not meant to be an example of realistic BDSM. Reader discretion is advised. Kinks/Fetishes within: erotic humiliation,

These lucid and closely reasoned studies of the thought of Jacques Derrida, Michel Foucault, Jrgen Habermas, and Richard Rorty provide a coherent analysis of major pathways in recent critical theory. They defend a position analogous to Kant's - that ideas of reason are both unavoidable presuppositions of thought that have to be carefully reconstructed and persistent sources of illusions that have to be repeatedly deconstructed. examines the critique of impure reason from the complementary viewpoints of the attackers and defenders of Enlightenment rationality. He first analyzes the work of Rorty, Foucault, and Derrida to determine what these radical critics have contributed to our understanding of reason and where they have gone wrong. He explores Habermas's theory of communicative rationality, focusing on the attempt to go beyond hermeneutics, the incorporation of systems theory, the implications of discourse ethics for our understanding of political debate and collective decision making, and the relation of political theology to critical social theory. I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that

pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after

her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her

The whole school goes on lockdown, but Brian and his best friend, Chad, are safe (and stuck) in the theater department—far from Brian's sister, Kenzie, and his ex-girlfriend with a panic attack problem, Laura. Brian and Chad, along with some of the theater kids Brian had never given the time of day before, decide to find the girls and bring them to the safety of the theater. But it won't be easy, and it will test everything they thought they knew about themselves and their classmates. *Questions related to the origin and history of the Basque language spark considerable interest, since it is the only surviving pre-Indo-European language in western Europe. However, until now, there was no readily available source in English providing answers to these questions or giving an overview of past and current research in this area. This book is intended to partly fill this void. The book contains both state-of-the-art papers which summarize our knowledge about particular areas of Basque historical linguistics, and articles presenting new hypotheses and points of view based on hard evidence and careful analysis. *1950's Bordeaux. Even now, the Second World War is never far from people's memories, particularly in a city where the scars of collaboration and resistance are more keenly felt than ever. But another war has already begun. A war without a name, far away across the sea, in Algeria, where young men are sent to fight in a brutal conflict. Daniel knows what awaits him. He's heard stories. Before long, a series of explosive events will set off a spiral of violence that will bring the horrific legacy of wars past and present to the streets of Bordeaux.
