You don't have to live overwhelmed by stuff—you can get rid of clutter for good! Decluttering expert Dana White identifies the emotional challenges that make it difficult to declutter and provides workable solutions to break through and make progress. While the world seems to be in love with the idea of tiny houses and minimalism, many of us simply can't purge it all and start from nothing. Yet a home with too much stuff is difficult to maintain, so where do we begin? Add in paralyzing emotional attachments and constant life challenges, and it can feel almost impossible to make real decluttering progress. In Decluttering at the Speed of Life, decluttering expert and author Dana White identifies the mindsets and emotional challenges that make it difficult to declutter. In her signature humorous approach, she provides workable solutions to break through these struggles and get clutter out—for good! Not only does Dana provide strategies, but she dives deep into how to implement them, no matter the reader's clutter level or emotional resistance to decluttering. She helps identify procrasticlutter—the stuff that will get done eventually so it doesn't seem urgent—as well as how to make progress when there's no time to declutter. In Decluttering at the Speed of Life, Dana’s chapters cover: Why You Need This Book (You Know Why) Your Unique Home Decluttering in the Midst of Real Life Change Your Mind, Change Your Home Breaking Through Your Decluttering Delusions Working It Out Room by Room Helping Others Declutter As long as we're living and breathing, new clutter will appear. The good news is that by following Dana’s advice, decluttering will get easier, become more natural, and require significantly fewer hours, less emotional bandwidth, and little to no sweat to keep going.

****THE INSTANT NEW YORK TIMES BESTSELLER**** In a world that seems so troubled, how do we hold on to hope? Looking at the headlines—the worsening climate crisis, a global pandemic, loss of biodiversity, political upheaval—it can be hard to feel optimistic. And yet hope has never been more desperately needed. In this urgent book, Jane Goodall, the world's most famous living naturalist, and Douglas Abrams, the internationally bestselling co-author of The Book of Joy, explore through intimate and thought-provoking dialogue one of the most sought after and least understood elements of human nature: hope. In The Book of Hope, Jane focuses on her "Four Reasons for Hope": The Amazing Human Intellect, The Resilience of Nature, The Power of Young People, and The Indomitable Human Spirit. Drawing on decades of work that has helped expand our understanding of what it means to be human and what we all need to do to help build a better world, The Book of Hope touches on vital questions, including: How do we stay hopeful when everything seems hopeless? How do we cultivate hope in our children? What is the relationship between hope and action? Filled with moving and inspirational stories and photographs from Jane's remarkable career, The Book of Hope is a deeply personal conversation with one of the most beloved figures in the world today. While discussing the experiences that shaped her discoveries and beliefs, Jane tells the story of how she became a messenger of hope, from living through World War II to her years in Gombe to realizing she had to leave the forest to travel the world in her role as an advocate for environmental justice. And for the first time, she shares her profound revelations about her next, and perhaps final, adventure. The second book in the Global Icons Series—which launched with the instant classic The Book of Joy with His Holiness the Dalai Lama and Archbishop Desmond Tutu—The Book of Hope is a rare and intimate look not only at the nature of hope but also into the heart and mind of a woman who revolutionized how we view the world around us and has spent a lifetime fighting for our future. There is still hope, and this book will help guide us to it.

Salt & Straw is the brainchild of two cousins, Tyler and Kim Malek, who stumbled into ice cream making. But that stumbling is what made them great. With barely an idea of how to make ice cream, they turned to their friends for advice- chefs, chocolatiers, brewers, and food experts of all kinds, and what came out is an ice cream company that sees new flavors and inspiration everywhere they look. Using a super-simple ice cream base you can make in about the time it takes you to decide on a scoop in their shop, here are dozens of their most beloved, innovative, (and a couple of their most controversial) flavors, like Sea Salt with Caramel Ribbons, Roasted Strawberry and Toasted White Chocolate, Roasted Parsnip and Banana, Buttered Mashed Potatoes and Gravy, and Olde People. But more importantly, this book reveals what they've learned, how to tap your own creativity and how to invent flavors of your own, based on whatever you see around you. Because ice cream isn't just be a thing you eat, it's a way to live.

The Case for Burning Your Regrets, Chasing Your Crazy Ideas, and Becoming the Person You're Meant to Be

The Tempest is a popular text for study by secondary students the world over. This edition includes illustrations, preliminary notes, reading lists (including websites) and classroom notes.

A new, sexy standalone from #1 New York Times Bestseller, Vi Keeland. When I first encountered Ford Donovan, I had no idea who he was;well, other than the obvious. Young, gorgeous, successful, smart. Did I mention young? If I did, it bears repeating. Ford Donovan was too young for me. Let’s back up to how it all started. My best friend decided I needed to start dating again. So, without my knowledge, she set up a profile for me on a popular dating site;one that invited men ages twenty-one to twenty-seven to apply for a date. Those nicknamed Cunnilingus King were told they’d go straight to the top for consideration. The profile wasn’t supposed to go live. Another point that bears repeating;it wasn’t supposed to. Nevertheless, that’s how I met Ford, and we started messaging. He made me laugh; yet I was adamant that because of his age, we could only be friends. But after weeks of wearing me down, I finally agreed to one date only;my first after twenty years of being with my high school sweetheart. I knew it couldn’t last, but I was curious about him. Though, you know what they say;curiosity kills the cat. My legs wobbled walking into the restaurant. Ford was seated at the bar. When he turned around, he took my breath away. His sexy smile nearly melted my panties. But;he looked so familiar. As I got closer I realized why. He was the son of the neighbor at our family’s summer home. The boy next door. Only now;he was all man. I hadn’t seen him in years. I left the restaurant and planned to put the entire crazy thing behind me. Which I did. Until summer came. And guess who decided to use his family’s summer home this year?

He always gets what he wants, and what he wants is me, in his bed. He's the kind of trouble every woman should run from. The bullet his bodyguard took for him proves that. I should stay far away, but for one night, I give in to temptation. Before I know it, he's pulling me deeper into his world of excess and violence, invading not only my life but my heart. An inspiring speaker and artist asked 20,000 people around the world to share the regrets they wanted him to burn in a mock Viking ship. This is the story of what he learned about letting go of the pain of the past and embracing the future with hope. Turning 30, artist and speaker Kyle Scheele wanted to do something unusual to mark this milestone. Instead of a birthday bash, he decided to hold a funeral to memorialize the decade of his life that was ending. Building a 16-foot Viking ship out of cardboard, he invited friends to help him set it on fire—a symbolic farewell to his 20s and all the grief, regret, and mistakes that accompanied those years. When video of his Viking funeral went viral, it encouraged many others to let go of past hurts as well. Moved by the response he received, Kyle planned a second funeral (this time with a 30-foot cardboard Viking ship) and asked people to share the things they carried—the bad choices, disappointments, heartaches, and negative thinking that they wanted to lay to rest. He received more than 20,000 responses from around the world—stories both heartbreaking and hilarious, painful and inspiring. In this entertaining and wise book, Kyle reflects on what he discovered about freeing ourselves from the pain of the past, interweaving anecdotes from those who participated with the story of his own journey of renewal. “This story involves multiple Viking funerals, thousands of square feet of cardboard, and enough hot glue to supply your mother-in-law's craft night for the rest of time,” he writes. “But it also involves regret, self-doubt, insecurity, and ultimately, redemption. So buckle up. It's about to get bumpy.” How to Host a Viking Funeral is the story of letting go of the people we used to be, but no longer want to be. It's about renewal: where there was once regret there is now blank space—an opportunity for a fresh start. Verbs and verb conjugations are the basic building blocks when learning a foreign language. Light, compact, and easy to carry wherever students go, books in this series offer approximately 300 frequently-used verbs that are presented in easy-to-read verb conjugation tables. Titles in Barron's Verbs series are shorter versions of Barron's 501 Verbs books.
