Invitation to

Psychology seeks to
aid students in their
study of psychology.

Each chapter in the
Study Guide

corresponds to the
chapter of the same
number in Invitation
to Psychology and is
broken down into
component sections:

Learning Objectives,

learning, memory, and cognition; motivation and emotion;

abnormal psychology and social behavior.

Proper use of the Study Guide will help students get the most from what could be their only formal course in psychology.

To maximize their learning, all of the

components of each chapter must be completed. While no single approach to learning is the best, many students benefit greatly from the use of a study guide.

Longtime Myers collaborator Richard Straub provides an updated study guide for the new edition.
