This book recounts the historical achievements of the National PTA and its sister organization, the National Congress of Colored Parents and Teachers. The PTA is the result of the hard work of such women as Phoebe Apperson Hearst and Alice McLellan Birney, founders of the original National Congress of Mothers, and Selma Sloan Butler, who, with the support of the National PTA, founded the National Congress of Colored Parents and Teachers. When the two organizations merged in 1970, so did their identical mission to improve children's lives. The book profiles these women's work on such issues as juvenile justice, kindergarten classes, child labor laws, hot lunch programs, car safety, the Salk polio vaccine, today's National Education Goals, and the PTA Web site. The book includes:"The Historical Setting"; "The Founding"; "The Early Years, 1900-1909: Schooling Parents"; "1910-1919: For the Health and Safety of Children"; "1920-1929: Be It Resolved"; "1930-1939: The Voice of the PTA--90 Years in Print"; "1940-1949: PTA On the Air"; "1950-1959: Monitoring the Media and the Message"; "1960-1969: Bringing Justice to Juveniles"; "1970-1979: Advocates in Action"; "1980-1989: The Reflections Program"; and "1990-1997: Celebrating a Century of Commitment to Children." NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

The Story of how Many Thousands of Men and Women Have Recovered from Alcoholism

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in his tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

"Scribble, the book's main character, never thought he was different until he met his first drawing. Then, after being left out because he didn't look like everyone else, Scribble teaches the drawings how to accept each other for who they are. Which enables them to create amazing art together!"--

Are morals always relative? Are private actions--among consenting adults--always beyond the law? Or are there some behaviors which so weaken a society that common beliefs about right and wrong must be enforced to protect the common good? In opposing the decriminalization of private acts of homosexuality in Britain, Patrick Devlin maintained that not only is it reasonable to allow popular morality to influence lawmaking, it is imperative: ". . . For a society is not something that is kept together physically; it is held by the invisible bonds of common thought." Some sidestep this controversial issue by asserting that the law should not be used to enforce any morality. Others invoke John Stuart Mill's doctrine that the only purpose for laws governing any member of society is to prevent harm to others, chiefly physical harm. But, Devlin argued, while breaches of shared morality do not cause harm to other individuals in the way that murder and assault do, they do harm society by undermining its moral structure. Patrick Devlin (1905-1992) studied history and law at Cambridge University and became a successful lawyer.

A True Story of Japanese American Experience During and After the World War II Internment

Everygirl's Magazine ...

Virginia PTA Bulletin

Under Two Flags describes the highlights of Ellen Miller Coiles eight decades. This traces her story from her birth in 1930 in England as the youngest in a family of six children. She was evacuated during the entire length of World War II to Ipswich, Wales and Marlow. As a teenager she pursued work opportunities available to a working class girl from London suburbs, including secretary at Peat Marwick and Mitchell, until marrying Russell Cleven Coile, an American, in 1951. Embarking on a sixty year love affair with Russell, she followed him around the world to France, Japan, Italy, and Brazil, then settled in northern California thirty years ago. She earned her Bachelor of Science in Organizational Behavior from the University of San Francisco. Under Two Flags chronicles not just her achievements in volunteer service to numerous organizations but how she expressed her values of social justice and combating discrimination. Her key priorities include family and friendships, extending beyond her three successful children.

"Bobby Clampett is one of the most knowledgeable golfing minds in the game."—Tom Lehman, 1996 British Open Champion, 2006 U.S. Ryder Cup team captain Impact has long been called golf's "moment of truth," and great golfers have spent countless hours working on their swings trying to upgrade their impact dynamics as the golf club approaches, contacts, then swings through the ball. For the first time, with The Impact Zone, golfers will have a book that focuses their attention on the very same region of the swing on which professional golfers have always concentrated. The Impact Zone is a unique instructional guide in that everything in it either focuses on or applies to improving a golfer's understanding and execution of impact. Here, acclaimed professional golfer Bobby Clampett concludes that the overwhelming bias and convention of today's contemporary teaching environment is to value swing styles over swing dynamics, and in so doing, the overwhelming majority of golf teachers miss the boat in terms of teaching the game effectively. Ultimately this emphasis on swing style comes at the expense of helping golfers to develop sound swing dynamics, which are the real keys to consistent ball striking and better golf. With the help of CBS's Swing Vision high-speed camera—using images from many of the game's greatest contemporary players (including Tiger Woods, Phil Mickelson, John Daly, Vijay Singh, Sergio Garcia, and more)—The Impact Zone takes an unprecedented look at the most important six inches in golf, those that immediately precede, contain, and follow impact. To further demonstrate these principles, Clampett presents photos and drills that convey the five essential dynamics golfers need to produce and reproduce solid impact Throughout these instructional pages, Bobby Clampett—teamed with veteran golf writer Andy Brumer—relays his own personal story of straying from swing dynamics and how he found his way back. He recalls memorable stories from the Tour, blending innovative instruction with his colorful, engaging anecdotes. Clampett and Brumer create an essential instructional guide with clear, concise advice—on creating great swing dynamics through the impact zone—the universally acknowledged key to more consistent and better golf.

Born in the golden age of Hollywood, All the Stars in the Heavens captures the luster, drama, power, and secrets that could only thrive in the studio system—viewed through the lives of an unforgettable cast of players creating magic on the screen and behind the scenes. In this spectacular saga as radiant, thrilling, and beguiling as Hollywood itself, Adriana Trigiani takes us back to Tinsel Town's golden age—an era as brutal as it was resplendent—and into the complex and glamorous world of a young actress hungry for fame and success. With meticulous, beautiful detail, Trigiani paints a rich, historical landscape of 1930s Los Angeles, where European and American artisans flocked to pursue the ultimate dream: to tell stories on the silver screen. The movie business is booming in 1935 when twenty-one-year-old Loretta Young meets thirty-four-year-old Clark Gable on the set of The Call of the Wild. Though he's already married, Gable falls for the stunning and vivacious young actress instantly. Far from the glittering lights of Hollywood, Sister Alda Ducci has been forced to leave her convent and begin a new journey that leads her to Loretta. Becoming Miss Young's secretary, the innocent and pious young Alda must navigate the wild terrain of Hollywood with fierce determination and a moral code that derives from her Italian roots. Over the course of decades, she and Loretta encounter scandal and adventure, choose love and passion, and forge an enduring bond of love and loyalty that will be put to the test when they eventually face the greatest obstacle of their lives.

Anchored by Trigiani's masterful storytelling that takes you on a worldwide ride of adventure from Hollywood to the shores of southern Italy, this mesmerizing epic is, at its heart, a luminous tale of the most cherished ties that bind. Brimming with larger-than-life characters both real and fictional—including stars Spencer Tracy, Myrna Loy, David Niven, Hattie McDaniel and more—it is the unforgettable story of one of cinema's greatest love affairs during the golden age of American movie making.
