Accounting for churches is not the same as accounting for businesses. A church bookkeeper must be aware of the special tax codes that govern the church's unique tax standing. But it is often hard for overworked or volunteer administrators to know every aspect of tax code that affects their church's ability to accept donations, oversee a benevolence fund, and offer a compensation package for their minister. Lisa London, The Accountant Beside You who brought you QuickBooks for Churches & QuickBooks for Nonprofits, explains the specialized needs of church accounting in an easy-to-understand manner for church administrators and volunteers. A CPA with decades of experience working with businesses as well as churches and other nonprofits, Lisa explains complex concepts in a reader-friendly, engaging manner. She is joined by Vickey Boatright, an accountant who runs THE online site for all things church accounting, [www.freechurchaccounting.com](http://www.freechurchaccounting.com). Together, Lisa and Vickey guide you through every essential aspect of church accounting.
