A guide to the DSST exams, which are taken to receive college credit, reviews verbal, clerical, math and memory skills; offers test-taking tips; and provides full-length practice tests for such exams as: Introduction to World Religions, Principles of Finance, Criminal Justice, Fundamentals of College Algebra and more. Original.

Esquire Dress Code is the definitive guide men need to put together a great wardrobe and dress stylishly for any occasion. Visually bold, and told with wit and humor, it covers everything from fashion icons, closet must-haves, and investment pieces, to tailoring essentials, office attire, and dressing for every age. Once a man learns to adapt these fashion fundamentals for his personal look, he'll be set for life.

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel’s hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

The X-Men are back in the cinema. Wolverine, Professor X, Cyclops, Jean Grey and the rest of the team return in X2, facing a new threat so dangerous that former enemy Magneto must join their ranks to defeat it.

True Accounts of Slave Rescues: Then and Now

*Similar to The Big Book of Alcoholics Anonymous, Life with Hope thoroughly explains the 12 Steps and 12 Traditions as they relate to marijuana addicts and those with cannabis use disorder. This is an essential resource for anyone seeking recovery through Marijuana Anonymous (MA). "How can we tell you how to recover? We cannot. All we can do is share with you our own experiences and recovery through the Twelve Steps of Marijuana Anonymous." Similar to The Big Book of Alcoholics Anonymous, Life with Hope thoroughly explains the Twelve Steps and Twelve Traditions as they relate to individuals with cannabis use disorder. The text includes the 12 Steps and the 12 Traditions, fifteen personal stories from Marijuana Anonymous members, and the section, A Doctor's Opinion about Marijuana Addiction. Life with Hope is an essential resource for the marijuana addict and for anyone with a cannabis use disorder who is seeking recovery through Marijuana Anonymous (MA). The text is ideal for newcomers, people who are in active addiction, and anyone interested learning more about how marijuana addiction affects people's lives.*

*A techno-thriller novel of the near future when a powerful Artificial Intelligence called Oracle identifies individuals who pose a significant risk to the stability of our society, or who have a high probability of posing such a risk in the future, and sends assassins to kill them. Oracle knows each of us so well, better than we know ourselves, that it is able to determine who might become the next Hitler or Stalin long before that person even has an inkling of such a future. The main character is Henry Poremski, who becomes one of Oracle's assassins when he is recruited after his wife and daughter are killed in a terrorist attack. When he is sent to kill a young girl, the same age as his daughter, he turns against Oracle and vows to protect the girl. He wonders, though: if Oracle knows us so well, why would it send him to kill a girl it had to know he would not kill? And could it really predict how a little girl would turn out as an adult? It all comes to a tense conclusion after Henry learns that his mission to kill the girl was really to set in motion a series of events intended to bring about the downfall of Oracle...because Oracle has determined that it, itself, poses a threat to the human civilization, and needs to be eliminated.*

*This book is crammed with puzzles designed to stimulate each of your brain's cognitive functions, keeping it strong and fit. Many different types of puzzles are included, and each of the five levels increases the challenge of solving them. Includes three self-evaluations that allow you to assess your improvement in areas such as focus, attention, memory, and more. With these puzzles, exercising your brain can be fun! The consultant is Dr. Elkhorn Goldberg, a Ph.D. neuropsychologist who created the Manhattan-based Cognitive Enhancement Program, a fitness center for the brain and who wrote The Executive Brain: Frontal Lobes and the Civilized Mind; and The Wisdom Paradox: How Your Mind Can Grow Stronger as Your Brain Grows Older.*

*Indiana Trivia is the who, what, when, where, and how book of the great state of Indiana. Filled with interesting questions and answers regarding well-known and not so well-known facts about the Hoosier State, Indiana Trivia will provide hours of entertainment and education. Designed for use in a wide variety of settings?home, office, school, parties?it focuses on the history, culture, people, and places of Indiana. Indiana Trivia, is readily adaptable for use with trivia format games.*

The Pustoy

Art of "X-Men 2"

*Britain, in the mid 21st century. A new prime minister, Lev Solokov is elected. In spite of his Russian surname, he is the charismatic politician who, on the surface, appears to be just what Britain needs. But he's not what Gavin needs. Gavin is a Pustoy, a human who, among countless others, Solokov's researchers has declared a soulless, subhuman race. Solokov joins a dark lineage of genocidal tyrants that have gone before him. In synthesizing his own race to persecute others, perhaps he has succeeded in a horror more insidious than any of his forebears, especially as he appears to have done so with both overwhelming public blessing and encouragement. Or at least he would have, if not for the increasing din of the Pustoy protesting outside his offices. Chosen at random owing to his position as a forefront campaigner for the rights of the Pustoy, Gavin is framed for a crime he didn't commit and is forced to go on the run, and so Solokov in one fell swoop kills any budding sympathy the people may have had for the Pustoy, and would appear to have silenced one of his loudest protestors. Just who are the Pustoy of this world? The persecutors or the persecuted? Will Gavin remain a hunted scapegoat? Is Solokov acting for the greater good; are the Pustoy really devoid of a soul? More importantly, how far away is this future, really? Phillippe Blenkiron's conceptual poetry collection demands these questions of the reader, whilst offering an unflinching examination of the human psyche, exploring the clouded moral hues between black and white, between right and wrong, that exist inside all of us. For fans of "1984," "Brave New World," and other greats of dystopian fiction, Philippe Blenkiron's debut poetry collection is shocking, unsettling, and closer to real-life than we dare admit...*

*"In Laura Childs's New York Times bestselling mystery series, Suzanne, Petra, and Toni--co-owners of the Cackleberry Club Café are equally good at serving up breakfast and serving up justice. This time they turn up the heat on a deadly firebug ... As Suzanne is getting her hair colored at Root 66, she's stunned to witness the County Services office next door suddenly go up in flames. Concerned neighbors throng the streets, and the fire department does their best. Unfortunately, their best isn't enough to save longtime civil service worker--and friend to the Cackleberry Club--Hannah Venable. Soon enough, it's discovered that an accelerant was used to fan the flames. Someone set the fire on purpose--was Hannah the intended victim? Suzanne, Petra, and Toni vow to smoke out the culprit. Unfortunately, the list of suspects is as varied as the Cackleberry Club's menu. When Suzanne finds a possible connection between the fire and the nearby Prairie Star Casino, she comes to realize that the arsonist wanted something very big and bad kept secret. And if the ladies aren't careful, they may be the ones gambling with their lives..."--*

*Joyful Mending shows you how to fix old items of clothing, linens and household objects by turning tears and flaws into beautiful features. Simply by applying a few easy sewing, darning, felting, or crocheting techniques, as well as some sashiko and other favorite embroidery stitches, you can repair your favorite pieces in a transformative way. These techniques don't just save you money, but make your life more joyful, fulfilling and sustainable in an age of disposable "fast fashion." Author Noriko Misumi teaches you her philosophy of mending and reusing items based on the age-old Japanese concepts of mindfulness and Wabi Sabi (an appreciation of old and imperfect things). In her book, she shows you how to: Repair any kind of fabric that is torn, ripped or stained—whether knitted or woven Work with damaged flat or curved surfaces to make them aesthetically pleasing again Create repairs that blend in, as well as bold or whimsical visible repairs Darn your handmade or expensive gloves, sweaters and socks to make them look great again The joy to be found in working with your hands and the personal artistry you discover within yourself lie at the heart of this book. While nothing lasts forever, there's pleasure, as well as purpose, in appreciating age and imperfection. Joyful Mending allows you to surround yourself with the things that truly give you joy, whether they were given to you by a loved one, picked up in your travels or simply have a special place in your heart.*

*In COLLEGE MATHEMATICS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES, Soo T. Tan provides an accessible yet accurate presentation of mathematics combined with just the right balance of applications, pedagogy, and technology to help students succeed in the course. The new Sixth Edition includes highly interesting current applications and exercises to help stimulate student motivation. An exciting new array of supplements provides students with extensive learning support so instructors will have more time to focus on teaching core concepts.*

*This book, first appearing in German in 2004 under the title Spezielle Relativit tstheorie f r Studienanf nger, offers access to the special theory of relativity for readers with a background in mathematics and physics comparable to a high school honors degree. All mathematical and physical competence required beyond that level is gradually developed through the book, as more advanced topics are introduced. The full tensor formalism, however, is dispensed with as it would only be a burden for the problems to be dealt with. Eventually, a substantial and comprehensive treatise on special relativity emerges which, with its gray-shaded formulary, is an invaluable reference manual for students and scientists alike.Some crucial results are derived more than once with different approaches: the Lorentz transformation in one spatial direction three times, the Doppler formula four times, the Lorentz transformation in two directions twice; also twice the unification of electric and magnetic forces, the velocity addition formula, as well as the aberration formula. Beginners will be grateful to find several routes to the goal; moreover, for a theory like relativity, it is of fundamental importance to demonstrate that it is self-contained and without contradictions.Author's website: www.relativity.ch.*

*“Remarkable personal journals . . . revealing the combat experience of the German-Russian War as seldom seen before . . . a harrowing yet poignant story” (Military Times). Hans Roth was a member of the anti-tank panzerjager battalion, 299th Infantry Division, attached to the Sixth Army, as the invasion of Russia began. As events transpired, he recorded the tension as the Germans deployed on the Soviet frontier in June 1941. Then, a firestorm broke loose as the Wehrmacht tore across the front, forging into the primitive vastness of the East. During the Kiev encirclement, Roth's unit was under constant attack as the Soviets desperately tried to break through the German ring. At one point, after the enemy had finally been beaten, a friend serving with the SS led him to a site—possibly Babi Yar—where he witnessed civilians being massacred. After suffering through a brutal winter against apparently endless Russian reserves, his division went on the offensive again when the Germans drove toward Stalingrad. In these journals, attacks and counterattacks are described in you-are-there detail. Roth wrote privately, as if to keep himself sane, knowing his honest accounts of the horrors in the East could never pass Wehrmacht censors. When the Soviet counteroffensive of winter 1942 begins, his unit is stationed alongside the Italian 8th Army, and his observations of its collapse, as opposed to the reaction of the German troops sent to stiffen its front, are of special fascination. Roth's three journals were discovered many years after his disappearance, tucked away in the home of his brother. After his brother's death, his family discovered them and sent them to Rosel, Roth's wife. In time, Rosel handed down the journals to Erika, Roth's only daughter, who had emigrated to America. Roth was likely working on a fourth journal before he was reported missing in action in July 1944. Although his ultimate fate remains unknown, what he did leave behind, now finally revealed, is an incredible firsthand account of the horrific war the Germans waged in Russia. Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender “Ode to the Hymen,” Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as “Ode to My Sister,” “Ode of Broken Loyalty,” “Ode to My Whiteness,” “Blow Job Ode,” and “Ode to the Last Thirty-Eight Trees in New York City Visible from This Window,” Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.*

*“Savvily combines literary themes and cross-stitch designs in [a] visually appealing collection of projects . . . delightful.” —Publishers Weekly Inside Book Riot's Lit Stitch, you'll find a number of badass, bookish cross-stitch patterns to let you show off your love of all things literary. Some are for bookmarks, others are for wall decor, and still others can take on a whole host of finished outcomes. What they have in common is their literary bent—the patterns speak to all manner of literary-minded book lovers, who are happy to display their nerdier sides. And what better way than through your own cross-stitch art to hang on your wall, prop on your desk, or even gift to friends and family? Most if not all are beginner-friendly and can be completed in a few hours—instant stitchification! So grab yourself some excellent embroidery floss, hoops, and needles, and pick out one or more of these great cross-stitch patterns for your next project.*

In the latest novel from the New York Times bestselling author of Agony of the Leaves, Indigo Tea Shop owner Theodosia Browning may always be a bridesmaid, never a bride, but this groom is never going to make it to the altar... Theodosia Browning's dear friend Delaine Dish has asked her to be a bridesmaid for her wedding. But when the big day arrives, everything seems to be going wrong. First, a massive storm is brewing over Charleston. A bad omen? Second, Delaine's sister is late for the ceremony. And finally, the groom not only has cold feet--his whole body is cold. A murderer has crashed the wedding. As Theodosia comforts a devastated Delaine, she needs to sort out the suspects on the groom's side from the suspects on the bride's side. One thing soon becomes apparent--revenge won't be the only dish served cold at this wedding. And if Theodosia doesn't watch her step, a cold-blooded killer may have a rude reception in store for her...

The largest of the islands that make up the greater Hong Kong area, Lantau remains decidedly separate from the urban sprawl of Hong Kong island and the Kowloon peninsula, boasting a wide array of native animals and plants as well as numerous longterm "visitors," such as a monk born in Fujian in 1897, an artisan guitar maker, traditional Chinese medical practitioners, and English botanists and graphic designers. Driving Lantau documents these lives and reconstructs various perspectives of the island over the past half century, from the effect of wars and waves of immigrants to marauding pirates and the introduction of Disneyland.

This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been cus tomarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the in terest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

*For the Vampire community, the Solstice Choosing has been the holiest night of the year - for a hundred thousand years. But this year, something new is about to happen. The oldest prophecies are about to be fulfilled - and the Festival of Blessings is finally upon us.*

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

What Life at the World's Margins Can Teach Us about Our Own Future

The Journals of a German Panzerjäger on the Eastern Front, 1941-43

Variations on a Fairy Tale by Hans Andersen

MathLinks 7

Mona Lisa Awakening

To predict our future, we must look to the extremes. So argues the economist Richard Davies, who takes readers to the margins of the modern economy and beyond. These extreme economies illustrate the forces that test human resilience, drive societies to failure, and promise to shape our collective future. Reviving a foundational idea from the medical sciences, Extreme Economies turns the logic of modern economics on its head by arguing that these outlier societies can teach us more about our own than we might imagine. By adapting to circumstances unimaginable to most of us, the people in these societies are pioneering the economic infrastructure of the future.

A smoldering debut novel. From the time she was a child, Mona Lisa knew she was different?but she never knew how different until a man of otherworldly beauty entered her life.

Set in the untamed wilds of nineteenth-century colonial India, this dazzling historical thriller introduces Blake and Avery—an unforgettable investigative pair. India, 1837: William Avery is a young soldier with few prospects except rotting away in campaigns in India; Jeremiah Blake is a secret political agent gone native, a genius at languages and disguises, disenchanted with the whole ethos of British rule, but who cannot resist the challenge of an unresolved mystery.

What starts as a wild goose chase for this unlikely pair—trying to track down a missing writer who lifts the lid on Calcutta society—becomes very much more sinister as Blake and Avery get sucked into the mysterious Thuggee cult and its even more ominous suppression. There are shades of Heart of Darkness, sly references to Conan Doyle, that bring brilliantly to life the India of the 1830s with its urban squalor, glamorous princely courts and bazaars, and the ambiguous presence of the British overlords—the officers of the East India Company—who have their own predatory ambitions beyond London's oversight. A FINALIST FOR THE EDGAR AWARD FOR BEST NOVEL A WASHINGTON POST NOTABLE BOOK LONGLISTED FOR THE BAILEYS WOMEN'S PRIZE FOR FICTION

Now you can choose between thread and yarn!Not everyone enjoys crocheting with thread. This book includes 101 doilies crocheted using size 10 crochet cotton thread or Omega Emilia worsted-weight yarn. The thread creates a small doily, perfect for coasters for glassware, tograce the table under a bud vase or candlestick and more. The doilies made using worsted-weight yarn create a larger doily to be used on tables and dressers. Size: Small – range in diameter from 3 1/2" to 6" Large – range in diameter from 7 1/2" to 14". Skill Level: Easy.
