

## **Rainbow In The Cloud Wisdom And Spirit Of Maya Angelou**

**This is a story about a boy and his cloud. How does a child deal with the death of a loved one? This tender and thoughtful story captures the innocent mind-set of a six year old boy as he struggles to cope with the death of his mother and his father's depression. 50% of all royalties from the sale of this book are being donated to the charity, 'Winston's Wish'. This edition also includes a sneak peak at the eBook version of 'Hugo - A Quest for King Borin'.**

**"A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff** What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. **THE DOOR IS OPEN** uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do this work on your own, or together with a group. It could be a church or synagogue group, a book club, a classroom, or any group of friends who want to get together and expand their spiritual horizons.

**Have you ever questioned life and wonder why you? Can you hear yourself saying, "Is there more to life than this?" I can identify this with you. Did you know? Our brain processes approximately 70,000 thoughts on an average day. Often many wonder why so many give up and quit in life. In this book I will show you how to rise above mediocrity. No more settling for less than God's best and only fantasizing about your heart desires - Its time you Rise Above, Now.**

**Cover subtitle: Things you shouldn't know.**

## **Aural Apocalypticism and the Origins of Early Jewish Mysticism**

**Chasing Bliss**

**Bees in Amber**

**Prodigy of Rainbow Tower**

**The Cloud Diary**

**Yoga Secrets**

**Don't Mess It Up**

**This issue of The Ministry of the Word contains the remaining eight messages given during the fall 2018 term of the full-time training in Anaheim, California. The general subject of this series of messages is "The Central Vision." There are three aspects of the central vision. The first aspect is God as our contents, the second aspect is Christ as the mystery of God, and the third aspect is the church as the mystery of Christ. Christ is the mystery of God, the church is the mystery of Christ, and Christ and the church are the great mystery.**

**Destiny Allen, a Web designer for software giant Scenaria Security Systems, finds herself involved in a deadly puzzle that blurs the boundaries between the virtual and the real. At stake: the infrastructure of modern America. Her resources: Dina Gustafson, a college friend, and Karl Lustig, an Israeli technology journalist with friends in dark places. The challenge: sort the good guys from the bad before the lights go out. A fast-paced technology thriller, Web Games is about real risks and virtual worlds, about Internet threats as close as tomorrow's nightly news, and about the ever-escalating warfare between black-hat hackers and modern society.**

**Marriage is hard. Living together in a committed, non-traditional relationship is just as hard, maybe more so. A less than completely satisfying level of happiness and fulfillment within a primary relationship is perhaps the most common human dysfunction in the modern world. So much so that we have come to accept something less than complete bliss in our marriages, partnerships and domestic arrangements as the normal state of things, an expectation born of human imperfection and the pressing need for constant compromise. We have redefined it as something less than the word bliss actually implies. Coming even mildly close to bliss is considered a rousing success, but even then, whatever sliver of unrest, anxiety and inconsistency remain can flare into a torrent of restlessness that could one day again render you single . In CHASING BLISS, Larry Brooks shows us a path toward bucking that trend through the channeling of our imperfection toward a perfectly functional awareness of how we might be contributing to the problem, while becoming coach and therapist when we're not. While repeatedly reminding the reader that some problems remain the province of professional counselors, CHASING BLISS holds up a mirror to the many ways time and apathy become toxic factors in reducing loving relationships to something less than how they began, with kindness, togetherness, sexual satisfaction**

and hope the price of growing apart while growing weary of each other. The book is divided into three sections: ten reasons why men might cheat... ten reasons why women might leave the nest for a better life... and an exploration of eight primary realms of relationship, the mastery of which becomes a tool chest of strategies and solutions that not only mitigate decline, but serve to refuel the chemistry and hope that once brought you together. This goes beyond the theoretical with specific actionable responses and alternatives to some of the most common challenges couples face, while clarifying tough, indisputable truths about the roles we play in our own domestic tragedies. Even if we feel - all the way to divorce court - that it was the other person's fault. This, promises the author, is the stuff your shrink will goad you into realizing for yourself, but without the weeks and months of therapy it could take to reach that point with clarity and purpose. It's all right here, in your face, unassailable and immediately useful in real life. In her Foreword to the book, Dr. Carrie Rubin says this: the beauty of this book is its power to be a tool for both relationship recovery and healthy relationship maintenance. For those in good shape, its advice will serve as a protective life vest, one that will keep you from sinking into troubled waters." Brooks knows from where he speaks, having been down the road to failure not once, but twice, and is now twenty years happily married to a woman that challenges him to be the best version of himself, with immovable consequences if he is not. "On paper we shouldn't work," he writes, "but we are living in a state I can only describe as bliss, if bliss is defined as inclusive of the trials and challenges that are inevitable and ready to rip you apart. Now we are stronger than the problems life throws our way, not because we are better or smarter than couples who don't make it, but because we are vulnerable to these truths and committed to the principles of interaction and loving partnership that are necessary to make it to the other side." These truths are the heart and soul of CHASING BLISS, a book for people who want to make love work, but fear they aren't up to it. With these principles, you just might become the couple that gets there through an understanding that bliss is not a destination or a finish line, but the road itself. Which, armed with empowered awareness and sensitivity, you can now actually pave with the good intentions that others blame.

Here is a simple, easy-to-read, delightfully illustrated book for young children! The author presents, in a very easily comprehensible way, the basic Spiritual truths, explaining who we are, where we have come from, why we are here and the part God plays in all our lives. It is our responsibility as adults and particularly as parents, to ensure that our young children come to an understanding of the truths about Spiritual matters at as early an age as possible. This book is meant to develop a child's imagination, awakening tender young minds to the beauty that lies all around us and to connect with that beauty in an inspiring and meaningful way. It also explains, in simple terms, realities about creation and the subtle higher energy vibrational levels, which exist in close proximity all around us. The exercises and experiments will delight and amaze, as well as nurture your child's creativity, introducing, in a fascinating way, the truths that are fundamental to our understanding of our existence here on Planet Earth. Your child will learn that life is meant to

be fun and to be enjoyed. But there are rules, as in any game! This book explains these Spiritual Universal Laws, helping your child to see this world as the wonderful, amazing, beautiful place it really is, and to live a life of fulfillment, joy and abundance. What more could you ever hope for?

Life Lessons of Wisdom & Motivation - Volume III

The Ministry of the Word, Vol. 23, No. 5

Stella Maris Speaks

***This is a book that's long overdue: One that provides information that has never before been published, compiled or analyzed in a way that's designed to help fighters. This is a guide to the science of kicking and punching that can settle the debates about which techniques are the most effective and why. It will help a fighter to fight, an instructor to teach and martial artists to advance by working things out for themselves. There is no magic involved in the martial arts. The force and power that is displayed by an expert fighter is the consequence of rigorous training in the accurate application of physical laws. Understanding how to use these laws of physics to create massive impact forces will provide a personal insight into the practice of correct technique and form. This unique piece of work will act as a technical reference that provides the facts and figures that fighters seek, including records of the maximum force and speed achieved by some of the best present day warriors, helping to answer many of the most difficult questions in the martial arts.***

***A compilation of quotations and proverbs from the most enlightened, intelligent, and forward thinkers in human history regarding the most important aspects of life. Compiled and arranged to give the reader a clear direction in their life based on their internal needs, wants, and desires. While no one on Earth is special, everyone is unique. Nobody past, present, or future has gone through or has had the same thoughts and experiences as you, nor will they in the future. As a result, you see the world in a completely unique way. Studying these volumes will guide your mind's eye in distinguishing the most significant passages to you and your being as well as reaffirming or contradicting what you already know and believe, by the wisest people throughout history. Out of the thousands of quotes and proverbs within these volumes, your personality will subconsciously pick out the most relevant quotes and proverbs to you and you alone. It would be a mistake to concentrate on only one topic because all the subjects are connected to aid you in reaching your own epiphany. Many of the most profound quotes and proverbs are recorded under various topics throughout the book. Though you may only be interested***

***in "Success & Failure," many of the quotes and proverbs attributed to success can also be found under "Leadership," "Attitude," or even "Life, Purpose, & Growth," for example. The aim of this huge collection of human wisdom is enlightenment: to assist the readers in realizing what is truly important in life, as well as to find their true self; to shatter the illusions that everyone builds for themselves through false assumptions and stereotypes; to find their true inner being; to find purpose; and, most importantly, to discover what makes them and them alone happy. To receive the full benefit of these volumes and to fully immerse yourself in self-discovery, you must commit to studying the entire collection. If you only want to scratch the surface of what is important in life, then limit yourself to a single volume. But if you want to master your true purpose, then study all four volumes.***

***The laws of love increase happiness, heal sorrow and regret, and bond people in healthy, life-enriching relationships. Friends, lovers, parents, children, co-workers, and strangers will all be affected by your use of these simple yet, powerful laws of love.***

***Surviving Cancer begins with the premise that you are the key magic ingredient in any healing. This how-to, inspirational and practical little volume helps the cancer patient, his care-givers, family and friends learn how to deal with the first news of the diagnosis, with choosing one's doctors or practitioners, with utilizing the healing power of pleasure and the help of friends and family, and with creating a life during treatment; even if terminally ill and especially after one is in remission.***

***Things You Are Not Supposed to Know***

Edwin Feagins, Sr. gives you that fatherly wisdom in a way that is practical, easy to read, and life changing! I Wouldn't Lead You Wrong provides you with the views on life issues and situations from a father's perspective. Drawing on the absence of his father, a father, Feagins, Sr. breaks down life and all of its twists and turns from God to relationships to business. There is no question that you can get father wisdom from this book, but it also reaches those who have fathers but may not have been able to talk to them about the issues of life. For others, it will reinforce what your father taught you or what you already believe. Whichever is the case for you, this is one that you must have in your library and you will want to share with others.

Today is the start of a good day. The light is shining, and there is a way. School is in a little while, and it is May. The sun is b

the light. The flowers, they look beautiful and bright. What a sunshiny day... Author and poet Cassie J. uses a series of poems for children about their happiest memories and the wonderful moments in their daily lives. Her poems, now collected in *Rainbow for Children*, emphasize the importance of happiness, self-esteem, and friendship. Cassie's poems are intended to remind children they truly are. Even simple images like a rainbow or a sun-filled day can show them life's true beauty and brilliance. Cassie encourages children to not only appreciate every day but also enjoy spending time with others. She presents a wide variety of games and activities to do by themselves or with friends. When children read Cassie's charming poems about kids skipping rope or reading a book, they are inspired to do the same. Your child may discover the beauty of nature, find a new favorite activity, or even be inspired to write like Cassie!

*OFF THE GRID WITHOUT A PADDLE* is the true story of two greenhorns, escapees from the gritty City Of Los Angeles, who built a life off the grid in a tropical mountain rainforest in rural Hawaii, with fantasies of utopia and dreams of self-sufficiency, but no real idea of what they're getting into. In their first year in an unfamiliar new world, the high-tech, low-tech, no-tech learning curve is steep and often exasperating, exhilarating . . . exciting! Whether or not you share the dream of moving off the grid, you'll get a laugh out of their adventures.

(black & white) After swimming with wild dolphins, Adena Tryon began receiving messages from angelic dolphin beings called Starlights of the Sea). This book shares their light messages, dolphin wisdom, the medicine of the divine feminine, and healing for humanity. Stella Maris first speaks as a collective. They explain the concept of Starseeds and speak of the Stella Maris High Council, which includes Mother Mary, Quan Yin, and Queen A'Mara. Then, individual Stella Maris members share light messages, healing activities, and scrolls of affirmations. The book concludes with a Beauty Way invitation. Visionary art from Florencia Burton synchronizes with the Stella Maris, creating a truly transformative experience.

You've Got Time

The action-packed, humor-filled, dramatic sequel to 'Legends of Windemere: Beginning of a Hero'. Battling through a demonic assassin and an army of monsters, Luke Callindor has survived his time at Hamilton Military Academy.

Now, Luke and his friends must leave the safety of the academy to escort Duke Solomon's heir down the L'dandrin River and into the safety of the city of Gods' Voice. Joining them for this journey is Nyx, a powerful caster apprentice of Rainbow Tower. With her talent for combat magic and her short temper, Nyx will prove to be a challenge for Luke

and all of their enemies. Who will survive the harrowing trip down the L'dandrin River? And, who will be the one to break Luke's trust?

Words of Wisdom & Inspiration is a collection of over 100 thoughts and ideas, originally posted on social media, that are designed to encourage and strengthen believers. God has a plan and purpose for each and every person, but too often we lose sight of that because of the various things we experience day to day. It is my hope that through reading the nuggets of wisdom and inspiration contained in this book, that the reader will be motivated to move forward in the plan God has for them and to achieve success.

What if you had been there on the night that Jesus was born? What if you could have held the infant Son of God, when He was only a few minutes old? How would it feel to have God Himself in your arms, vulnerable, approachable, and unassuming? In "A Ragamuffin Christmas" Craig Daliessio provides just that view of the Nativity. Far from the usual retelling of a baby, some shepherds, and the Virgin Mary; this is the story of criminals, broken hearted moms, scandalous characters, and legendary Saints, each granted their own visit with the newborn King of Kings. The people and images are unmistakable...and the result of each interaction is life changing. This is the Christmas story as it's never been told before.

This book was created in my prayer closet. It is a transparent and heartfelt account of the challenges and joys on the path of growing closer to God through marital issues, financial strains and everyday challenges that come our way as women. The pages are filled with the sweet and beautiful whispers of reassurance, renewal and love that God provided on this journey.

**ideology of early Jewish mystical accounts."--Back of dust jacket.**

**Black Hat Wisdom was written as the author's personal guide to achieve spiritual freedom and attain inner peace. Its main theme focuses on applying metaphysical attributes, without any specific theological beliefs that might constrain an open minded approach to the everyday occurrences of our daily lives. Its prime intention is to inspire, motivate, and embrace the inner essence of your individuality and the power of your spirit, as the main forces that provide the answers to what we already know but have most probably forgotten. The book is a very non-conventional approach to unravel the elusive truths behind those age-old questions of why we are here? What is the purpose of life? Where do we go after death? Why should we believe in what has been forced upon us through thousands of years of traditions and conventional wisdom? And many other questions which, perhaps because of our practical ways of thinking, we have failed to consider important. Hopefully by reading each essay more than once you will be open to consider a different way of thinking - a new way of thinking that could cement your present beliefs or shake them to their core, or maybe help you embrace other ways of getting closer to the absolute truth or to a truth within which the essential nature is forever changing. Lastly the author hopes that the reader will be inspired to question everything, with the compassion and understanding that will allow LOVE and PEACE to always lead the way. You are greater than you think you are.**

**In Don't Mess It Up: How Founders and Their Successors Can Avoid the Clichés That Inhibit Growth, author and six-time second CEO Les Trachtman offers his expertise on the most effective ways to successfully hand off your company to a worthy successor. He also has advice for those who are inheriting a business and want to take it to the next level, as well as for boards who are dealing with these leadership transitions. In his direct, no-nonsense approach, Les shows readers how seemingly harmless business clichés such as "get it right" and "be careful" can have a detrimental effect on a company's future by conveying that such imperative ingredients such as risk and innovation are things to now be avoided. Readers will learn how to:**

- Understand the metamorphosis required to transition from great founder to great CEO**
- Know when, and if, it's time to replace yourself**
- Pick the right successor**
- Prepare yourself and your company for the fragile transition**
- Create a successful CEO**

**transition • Separate yourself from the company There is likely no one more experienced in founder transitions than Les Trachtman. He has been an innovative and respected successor at six different companies; let his hard-won advice guide you through your transition and toward success.**

**Let me begin by saying that our Christian experience must be translated from the four walls of the church and into our day to day lifestyle. It is in the heartbeat of our calling that we should translate the love of God as we pick it up from church and take it to our workplaces. My mandate through this book is to strategically position you into a place of influence in your nation of calling within the marketplace. For a long time the marketplace has remained the reserve of the children of this world. 'The children of this world are in their generation wiser than the children of light' (Luke 16:8). By failing to take our position of dominion in the marketplace, we have put our God to shame. The name of God has been profaned by many people in this world. Have you realized that anytime you mention that you are born again in your workplace, you encounter ridicule, rejection and even persecution? People have continued to shamelessly talk foul things concerning Christianity and this has to stop. God is saying that He is ready to sanctify His great name that has been profaned. God wants to do this through you. God desires that you prosper in all that you do within the marketplace, and this you must remember is for His purposes. He is not doing it for you to be proud. God is doing it "that they may see and know, and understand together, that the hand of the LORD has done this, and the Holy One of Israel has created it" (Isaiah 41:20). God wants to introduce and establish His Kingdom in the marketplace through you. He will show Himself strong on your behalf for His purposes to be fulfilled in the earth. To many Christians, there has been and there remains to be a great misconception on the perception towards serving God. We see service in the full time ministry position as the only way to serve God. In everything we do, it is important to understand that it is because of the purposes of God that we were created. God is a wise investor and the gifting He invested in you is for the expansion of His Kingdom. God wants to show Himself strong through you. The Kingdom of God is within you and as such, you are supposed to carry it into your marketplaces. It has to manifest through you at your place of work, business and even in your relationships. You should remember that He chose you. You**

***did not choose Him. To quite a number of Christians, business is secular work, whereas serving God in church is the only way to ascribe to ministry. This tendency is so prevalent in the church that many well meaning Christians do their business or work in offices without connecting it to ministry. That is why many Christians have this 'holier than thou' attitude when in church doing the things of God but when they get to their work stations they exhibit lucre luster performances, oblivious of the fact that we are commanded to work as unto God. Many Christians may be concerned with church work and even support it financially, but fail to see the connection between service at their work place and their Christian life. Some even think that if you really are serious about ministry, you ought to quit your job or give up your business in order to pursue a role in full time ministry. The object matter of this book is to bring every believer to the realization that we all were created for a purpose and that the faster we realize this and take up our positions the better. As Christians we are cut out and mandated to fulfill a specific assignment for God here on earth. Our mission is to honour God in our service by extending His will to all our activities.***

*Rainbow's SHADOW and the Covenant of Wisdom Rainbow's Shadow and the Covenant of Wisdom picks up where Rainbow's Shadow and the Tablets of Fate leaves off. Will, Jimmy and Bryan are back to their normal lives until Will is rushed to the hospital with a bizarre case of vertigo. With his head spinning like a top and dreams of his grandfather back in full force, Will is convinced he is being called back to Rainbow Alley for something big. He has secretly tried to gain access back into the portal for months, and his failed attempts to open the vortex have frustrated him beyond belief. Convinced the portal is permanently closed, Will sits in his hospital room confused. It was temptation which lured Bryan to take the shiny black stone as a souvenir from Rainbow Alley. Little did he know he had provided a way for evil to*

*rejuvenate. As he admires the shiny black stone he finishes reading yet another Sorcerer's Shadow novel entitled The Pirate's Revenge. With the book resting up against the stone and another novel entitled The Island Where Magic Began, it only takes a few seconds for the evil forces of the Sorcerer's Shadow to emanate from the stone and open the portal. As the two novels meld together and the portal opens, Will finds himself confronted by an eccentric messenger who instructs him to return the stone. Once the stone is returned the Covenant of Wisdom will be revealed and provide the necessary knowledge to open the path to true paradise. Will and Jimmy find themselves on a new journey into a surreal world as they find access into the portal and into a new adventure. Their mission at first is to save Bryan but quickly transforms into a quest for all mankind.*

*Yoga Secrets: 52 Life-Changing Secrets. Calm your pain, stress, and anxiety and find more energy, happiness, and meaning in your life. Create lasting happiness in your life. Enjoy more success and meaning. Learn to overcome the daily challenges from health, work, and relationships. These 52 easy to use lessons follow the ancient wisdom of the Eight Limbs of Yoga from the Yoga Sutras. The lessons can help open your heart on your journey toward enlightenment and joy. Ken Heptig presents a system with 52 lessons, refined while teaching thousands of yoga classes. He improved the lessons for simplicity and clarity until his students could absorb the lessons while practicing different levels of yoga. This book is suitable for anyone with or without a physical practice of yoga. You can use the lessons on your own or add them to a group activity like sporting events, classrooms, and certainly yoga classes.*

Questioning some commonly accepted metaphysical beliefs and explaining how they are programs-beliefs of control designed to keep a person within this earthly matrix. How to escape these programs and this system by changing your beliefs.

Since the publication of her first autobiography, *I Know Why the Caged Bird Sings*, Maya Angelou has been celebrated as one of America's most important writers and her words are indelibly imprinted on the hearts of millions. Inspired by the woman who has inspired us all, *Rainbow in the Cloud* offers nearly 300 of Dr Angelou's wonderful quotes, organised in themed sections (including art, love, spirituality, womanhood, and life in the American South) - from sage advice and beautiful stanzas to humorous quips and pointed observations - drawn from each of her published works and from her celebrated (and much shared) social media posts.

This collection also features special words of wisdom she shared often with her family, chosen by her son, Guy Johnson.

"Words mean more than what is set down on paper," Maya Angelou wrote in her groundbreaking memoir *I Know Why the Caged Bird Sings*. Indeed, Angelou's words have traveled the world and transformed lives—inspiring, strengthening, healing. Through a long and prolific career in letters, she became one of the most celebrated voices of our time. Now, in this collection of sage advice, humorous quips, and pointed observations culled from the author's great works, including *The Heart of a Woman*, *On the Pulse of Morning*, *Gather Together in My Name*, and *Letter to My Daughter*, Maya Angelou's spirit endures. *Rainbow in the Cloud* offers resonant and rewarding quotes on such topics as creativity and culture, family and community, equality and race, values and spirituality, parenting and relationships. Perhaps most special, Maya Angelou's only son, Guy Johnson, has contributed some of his mother's most powerful sayings, shared directly with him and the members of their family. A treasured keepsake as well as a beautiful tribute to a woman who touched so many, *Rainbow in the Cloud* reminds us that "If one has courage, nothing can dim the light which shines from within."

The Wisdom and Spirit of Maya Angelou

Enjoy 20 limited-detail illustrations, designed for those who would rather keep it simple. Each page was hand-drawn and edited by K J Kraemer, with you in mind. If you don't want to spend days on a project or just want room to get creative, this adult coloring book is for you!

Clearly, the "normal" way of life is the opposite of genuine sustainability, and it has an expiration date. Any way of life that is fully in balance with the family of life must be genuinely sustainable, a healthy path with a future. At present, too few really comprehend this concept. It would be wise to learn, and Sustainable or Bust is a useful tool for the job. Seven-point-something billion people can't switch to sustainable living this afternoon, because it's temporarily impossible. But the collapse of industrial civilization is now in its early stages, and when it's done, the human sphere will be much smaller, slower, and simpler. Decades down the road, many new options will become possible, including genuine sustainability. We could help our descendants find a more direct path to health and balance by learning about sustainability now, and sharing this wisdom with the young ones. There's never been a better time to hit the books and feed our minds – before the lights go out. Nothing can change until ideas change. My first book, What Is Sustainable, presented an introduction to genuine sustainability, with an emphasis on food. Sustainable or Bust is a collection of 64 book reviews, and 16 rants. It's a gallery of thinkers, scholars, and ideas that might make "normal" minds itch and squirm. This book is for pilgrims who are awake, alive, and weary of normal – minds hungry for outside-the-box ideas. I don't expect to see the end of the collapse. What the survivors, if any, choose to do is entirely beyond my control. I am not responsible for the decisions they make, but I am responsible for doing what I can to help them understand their history, predicament, and options. Who are we? Where are we from? How did we get here?
