R. K. Narayan (1906—2001) witnessed nearly a century of change in his native India and captured it in fiction of uncommon warmth and vibrancy. Swami and Friends introduces us to Narayan's beloved fictional town of Malgudi, where ten-year-old Swaminathan's excitement about his country's initial stirrings for independence competes with his ardor for cricket and all other things British. Written during British rule, this novel brings colonial India into intimate focus through the narrative gifts of this master of literary realism.

Why China Sees Red

After giving up the Internet for a month, a writer shares how we can all learn from her experience and rethink our relationship with the digital world. There ' s no doubt that technology has overrun our lives. through the lens of her own Internet fast, author Christina Crook creates a convincing case for increasing intentionality in our day-to-day lives. Using historical data, typewritten letters, chapter challenges, and personal accounts, she invites us to explore a new way of living, beyond our steady state of distracted “connectedness.” Most of us can’t throw away our smartphone or cut ourselves off from the Internet. But we can all rethink our relationship with the digital world, discovering new ways of introducing balance and discipline to the role of technology in our lives. This book is a must-read for anyone wishing to rediscover quietness of mind, and seeking a sense of peace amidst the cacophony of the modern world. Praise for *The Joy of Missing Out* “Crook’s book does a marvelous job of examining where we’ve gone awry and how we might begin to take ourselves and our lives back, while acknowledging the reality and importance of our wired world.” —Dr. Susan Biali, MD, *Psychology Today* “Offers thoughtful consideration of how online communications have evolved, as well as the value we place on being ever present in a digital world, often to the detriment of personal space and quiet time. Through practical examples and directions, Crook champions developing healthier habits for a more mindful online experience.” —Lori A. May, *Portland Book Review*

Many young men drift along with the rest of the crowd according to chance, and thus never reach happiness. From being passive be active. Don't drift. Take your own line. Paddle your own canoe. A rich, panoramic historical novel shows you Kumaon and the Raj as you have never seen them. It is 1856, in picturesque Kumaon. History has already begun its steady march. Six native women clad in black and scarlet pichauras huddle around Naineetal Lake, attempting to cleanse it of threatening new influences. For, these are the days of Upper Mall Road (for Europeans and their horses) and Lower Mall Road ('for dogs, servants and other Indians'). And this is the story of feisty young Tilottama Dutt, whose uncle hangs when he protests the reigning order—and her daughter, Deoki, who will confront change as Indians, and as women. Things to Leave Behind brings alive the romance of the mixed legacy of British-Indian past. Full of the fascinating backstory of Naineetal and its unwilling entry into Indian history, throwing a shining light on the elemental confusion of caste, creed and culture, illuminated with painstaking detail, here is a fascinating historical epic—and Namita Gokhale's most ambitious novel yet.

Excerpt from The Book of Woodcraft and Indian Lore For over twenty-five years I have been giving the talks and demonstrations that are gathered together in this book. Many Of them have appeared in magazines or in the birch-bark Roll that has come out annually for ten years. But this is the first time in which a comprehensive collection has been made Of the activities, customs, laws, and amusements that have been developed in my camps. Some of the related subjects I have treated at too great length for enclosure in one book. Of this class

are the Life Histories Of Northern Animals, Animal Stories, Sign Language and Forestry, which appear as separate works. All are merely parts of a scheme that I have always considered my life work, namely, the development or revival of Woodcraft as a school for Manhood. By Woodcraft I mean outdoor life in its broadest sense and the plan has ever been with me since boyhood. Woodcraft is the first of all the sciences. It was Woodcraft that made man out Of brutish material, and Woodcraft in its highest form may save him from decay. As the model for outdoor life in this country I took the Indian, and have thus been obliged to defend him against the calumnies Of those who coveted his possessions. In giving these few historical extracts to show the Indian character, it must be remembered that I could give hundreds, and that prae tically all the travelers who saw with their own eyes are of one mind in the matter.

Towards evening the storm was at its height. From the terrific downpour of rain, the crash of thunder, and the repeated flashes of lightning, you might think that a battle of the gods and demons was raging in the skies. Black clouds waved like the Flags of Doom. The Ganges was lashed into a fury, and the trees of the gardens on either bank swayed from side to side with sighs and groans.

In 1899 while serving in the 2nd Boer War, Robert Baden-Powell penned his sixth military book, Aids To Scouting. It was a non-typical training manual filled with personal stories of intrigue and even games. Its goal was to encourage the development of light reconnaissance scouting skills within the British Army. The book was well received by various armies of

**its time, including the French Army. His successful defense of Mafeking (1899-1900) in South Africa made Baden-Powell a well-known national hero in Britain. But what completely surprised Baden-Powell was that his book was eagerly taken up by teachers and youth groups to help organize outdoor activities and sport. He eventually embraced the idea of adapting his work into a new youth-oriented book, Scouting for Boys (1908) which went on to sell approx. 150 million copies to date. It was that follow-on book that firmly launched the international Boy Scouts movement. Aids to Scouting contains sections on the characters of a scout, as well as practical advice on observation, stealth/camouflage, map reading, sketching, tracking, reporting and care of horses. It presents these topics in a simple conversational style that makes it easy to read, and is illustrated with personal anecdotes of military adventures by the author. It gives scholars clear insights into his mindset and beliefs that served him well in the siege of Mafeking and shows a clear lineage to the formation of the tenets of his formation of the Boy Scouts. Anyone interested in the history of Boy Scouting will definitely want to read this interesting and formative book. ***Set in the mid-nineteenth century, the action takes place in the Northeast-
the region that spreads from Assam to Arunachal today. The East India
Company is seeking to make inroads into the region and the local people-
in particular the Abor and Mishmee tribes fear their coming and are doing
all they can to keep them out of their territories. The author takes a
recorded historical event-the mysterious disappearance of a French priest,

Mishmee tribe for his murder and woven a gripping, densely imagined work of fiction around it. And, even as the novel tells the story of an impossible journey and an elopement, it explores the themes of the lure of unknown worlds, the love people have for each other and their land and the forces of history. Gimur, a girl from the Abor tribe, runs away with Kajinsha from the Mishmee tribe and they settle down on his land near the Tibetan border. Father Krick's attempts to reach Tibet to set up a Jesuit mission are foiled repeatedly by the local people not because of any personal animus towards the priests or their work but because they feel rightly that once the priests come, the British, with their guns and their garrisons will follow. The story revolves around events in Gimur's and Kajinsha's villages and is also seen from the point of view of Father Krick, a gentle, intelligent man, devout but no bigot, whose determination to reach Tibet no matter what the cost, impacts tragically on all those who encounter him.

UPSC IAS PRE GENERAL STUDIES & CSAT QUESTION PAPERS WITH ANSWERS (2006-2013)

In this illuminating look at gender and Scouting in the United States, Benjamin Rene Jordan examines how in its founding and early rise, the Boy Scouts of America (BSA) integrated traditional Victorian manhood with modern, corporate-industrial values and skills. While showing how the BSA Americanized the original British Scouting program, Jordan finds that the organization's community-based activities signaled a shift in men's social norms, away from rugged agricultural individualism or martial primitivism and toward productive employment in offices and factories, stressing scientific cooperation and a pragmatic approach to the responsibilities of citizenship. By examining the BSA's national reach and influence, Jordan demonstrates surprising ethnic diversity and religious inclusiveness in the organization's founding decades. For example, Scouting officials' preferred urban Catholic and Jewish working-class immigrants and "modernizable" African Americans and Native Americans over rural whites and other traditional farmers, who were seen as too "backward" to lead an increasingly urban-industrial society. In looking at the revered organization's past, Jordan finds that Scouting helped to broaden mainstream American manhood by modernizing traditional Victorian values to better suit a changing nation.

Hindi cinema, ever since Independence, has revolved almost entirely around issues of sex and money. This may seem odd given the conservative taste of the times. But the fact that we do not 'see' sex does not hide just how much sex there is in the cinema. As for money, the nagging theme is the impact of money - or the lack of it - on sex. Sanjay Suri argues that modern Hindi cinema was an unlikely offspring of the Father of the Nation - the product of Gandhi's celibacy and austerity. His heroic retreat from wealth and sexuality was

into the cinema and then elaborately filmed shot by shot. Suri draws on numerous examples - from Mother India to Do Bigha Zameen; Shree 420 to Pyaasa; Sahib, Bhai aur Ghulam to Guide; and Dilwale Dulhania Le Jayenge to Lage Raho Munnabhai - to show how cinema was made within well-defined moral fences that were built with do's and don'ts about sex and money. A Gandhian Affair is a history of India through the preoccupations of its cinema.

Powell's work is a rework of his earlier "Aids to Scouting", published in 1899, and borrows many ideas from Ernest Thompson Seton's "The Birch Bark Roll of the Woodcraft Indians", published in 1906. "Scouting for Boys" includes numerous tales that can be told around the campfire, as well as many of Baden-Powell's personal anecdotes, and opinions on proper moral character of boy scouts. While some of the information in this work may seem outdated and some of the moralizing many seem antiquated to modern readers, "Scouting for Boys" remains an important historical work in the scouting movement. Having sold millions of copies since its first publication, the impact Baden-Powell's "Scouting for Boys" as well as his personal advocacy for the scouting movement cannot be overstated.
