*This is the third Midnight Street anthology to include innovative writing from some of the best writers around. The stories and poems here delve into the dark recesses of the mind, investigate the horrors there and promise unforgettable characters and shocking revelations. From supernatural manifestations to psychological trauma and dark fantasies, the contents of this book are not for the faint-hearted and reward the seeker of the horrific and unexplained, that crawl between the cracks of the reality we know and the depthless void beyond. In the tradition of Midnight Street magazine and Roadworks before it, this anthology and its predecessors light the way into worlds of darkness, where ghosts haunt highways and everything you thought you knew is subverted and your perceptions are altered beyond recognition. Let the Night Light guide you along the Midnight Street... "These stories scare, confuse, confound. We walk along the street at midnight when all else is silent and dreaming. Dripping in moonlight after showers. That street holds the coolness of rain, the bitter cold of frost, the quiet of graves. That street awaits us all. When we pass from this heated, maddening world we pass along the midnight street and sink beneath its stones into whatever lies beyond, or into nothing at all." The full line-up: Stephen Laws, Ralph Robert Moore, Tony Richards, Rhys Hughes, Simon Clark, Andrew Hook, Susan York, Maria V A Johnson, Robert D Richards, Alexander Zeleny, Gary Couzens, Ian Steadman, Michael Washburn, Terry Grimwood, Allen Ashley, Yvonne Chamberlain, David Turnbull, Andrew Darlington, Stephen Faulkner, Mat Joiner*

*The first five years were filled with high adventure, with dreams coming true, with new friendships beginning and old friendships growing. Most of all, though, the years were filled with music being made. We thought about songs night and day, chased the things. I was surrounded by songwriters, musicians, producers, engineers, managers, by people who lived to make music, and we got to see the world through songs. There were a lot of firsts, one after another: First time leaving Oklahoma for Nashville, first time hearing one of our songs on the radio, first time hitting number one. We won't ever get to go through all those firsts again, but this book is my chance to get together with the people who shared the experiences and together remember how it all went down. This book gathers what comes to our minds when we think of the first five years and the songs that came to life during that time. Inside these pages you'll find the music that got released in those first five years, five CDs of it. But you'll also find a few recordings that we've never shared, some of my favorites. You'll find photographs that have never been made public, behind-the-scenes images from before the first record and others from during the journey. There are artifacts from the vaults, things I've saved myself, bits and pieces of this history that mean a lot to me. I've always wanted to bring people closer to what I saw, what I experienced. This feels like the closest I've come to doing just that.*

Introduction to Great Books

The gospels of Leader Olumba Olumba Obu constitute the Tree of Life whose fruit Adam and Eve were not allowed to taste of. Do you want to eat of the tree of life? Then read this book, and it will give you access to the tree of life.

You have entered a reality which is not all that it seems. A world different from your own, yet somehow strangely familiar... Read if you dare, Thomas Malafarina's novella And The Scales Fell From My Eyes, or Reality Games by Tabitha Baumann.
