From Newbery Honor and Coretta Scott King Author Award winner Renée Watson comes the first book in a young middle grade series about Ryan Hart, a girl who is pure spirit, kindness, and sunshine. Ryan Hart has a lot on her mind--school, self-image, and especially family. Her dad finally has a new job, but money is tight. That means some changes, like selling their second car and moving into a new (old) house. But Ryan is a girl who knows how to make sunshine out of setbacks. As her brother says when he raps about her, she's got the talent that matters most: it's a talent that can't be seen, she's nice, not mean! Ryan is all about trying to see the best in people, to be a good daughter, a good sister, a good friend. But even if her life isn't everything she would wish for, when her big brother is infuriating, her parents don't quite understand, and the unexpected happens, she always finds a way forward, with grace and wit. And plenty of sunshine. Acclaimed author Renée Watson writes her own version of Ramona Quimby, one starring a Black girl and her family, in this start to a charming new series. How do you make the perfect jack-o-lantern? With the right pumpkin and some help from your mom, that's how.

"This presentation of the pertinent facts of the life, times, and importance of the sixteenth president of the United States is a good starting point for children beginning history studies and biographies." - School Library Journal

Living with his little brother, Fudge, makes Peter Hatcher feel like a fourth grade nothing. Whether Fudge is throwing a temper tantrum in a shoe store, smearing smashed potatoes on walls at Hamburger Heaven, or scribbling all over Peter's homework, he's never far from trouble. He's a two-year-old terror who gets away with everything—and Peter's had enough. When Fudge walks off with Dribble, Peter's pet turtle, it's the last straw. Peter has put up with Fudge too long. How can he get his parents to pay attention to him for a change?

Jan Richardson's highly anticipated update to the classic bestseller The Next Step in Guided Reading helps you and your students move forward."

"HELP! My Students Can't Write!" Why You Need a Writing Revolution in Your Classroom and How to Lead It. The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, TWR can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical

capabilities TWR is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

We are resilience. We are hope. We are dreamers. Yuyi Morales brought her hopes, her passion, her strength, and her stories with her, when she came to the United States in 1994 with her infant son. She left behind nearly everything she owned, but she didn't

come empty-handed. From the author-illustrator of Bright Star, Dreamers is a celebration of making your home with the things you always carry: your resilience, your dreams, your hopes and history. It's the story of finding your way in a new place, of navigating an unfamiliar world and finding the best parts of it. In dark times, it's a promise that you can make better tomorrows. This lovingly-illustrated picture book memoir looks at the myriad gifts migrantes bring with them when they leave their homes. It's a story about family. And it's a story to remind us that we are all dreamers, bringing our own strengths wherever we roam. Beautiful and powerful at any time but given particular urgency as the status of our own Dreamers becomes uncertain, this is a story that is both topical and timeless. The lyrical text is complemented by sumptuously detailed illustrations, rich in symbolism. Also included are a brief autobiographical essay about Yuyi's own experience, a list of books that inspired her (and still do), and a description of the beautiful images, textures, and mementos she used to create this book. A parallel Spanish-language edition, Soñadores, is also available. Winner of the Pura Belpré Illustrator Award! Starting from the same nonfoundationalist premises, Rosenblatt avoids the extreme relativism of postmodern theories derived mainly from Continental sources. A deep understanding of the pragmatism of Dewey, James, and Peirce and of key issues in the social sciences is the basis for

a view of language and the reading process that recognizes the potentialities for alternative interpretations and at the same time provides a rationale for the responsible reading of texts. The book has been praised for its lucid explanation of the multidimensional character of the reading process - evoking, interpreting, and evaluating the work. The nonliterary (efferent) and the literary (aesthetic) are shown not to be opposites but to represent a continuum of reading behaviors. The author amply illustrates her theoretical points with interpretations of varied texts. The epilogue carries further her critique of rival contemporary theories.
