I should've never agreed to this arrangement... Thirty days ago, my boss (Mr. Wolf of Wall Street), came to me with an offer I couldn't refuse: Sign my name on the dotted line and pretend to be his fiancée for one month. If I agreed, he would let me out of my employment contract with a "very generous" severance package. The rules were pretty simple: No intimate kissing, no actual

sex. Just pretend to love each other for the press, even though I've secretly wanted to knock that sexy smirk off his face since the first day we met. I definitely didn't need to think twice about this. I signed my name and started counting down the seconds to when I would never have to deal with his special brand of ass-holery again. I only made it to one minute... We argued the entire four-hour flight to his hometown, failed to make a convincing impression with the welcoming press, and right when I was about to

knock that arrogant look off his face in real life? He purposely dropped his bath towel in front of me, distracting me with his nine-inch cock to "show me who the bigger person was" in our relationship. Then he gave me his trademark smirk once again and asked if I wanted to consummate our marriage. Tragically, this is only day one. We still have 29 more days to go... It is a one-stop, comprehensive, and compact source for foundational concepts in behavioral research, and can serve as a stand-alone text or as a supplement to research readings in any doctoral seminar or research methods class. This book is currently used as a research text at universities on six continents and will shortly be available in nine different languages.

George Wright was a musician's musician who

always seemed to be in the right place at the right time. He was recruited to play Hammond and Wurlitzer organs at Grant Union High School in Sacramento, where he also broadcast on radio. He moved on to San Francisco, where he played on the Blue Network and was featured organist at the Mighty Wurlitzer in the San Francisco Fox Theatre. Transferred to New York by NBC, he played numerous radio broadcasts, sometimes as a member of the Charles Magnante Trio, and was also hired as featured organist at

During his lifetime, he also represented a number of electronic organ manufacturers, most notably

In this engrossing book, two world-renowned scholars compare the cosmology, science, and medicine of China and Greece between 400 B.C. and A.D. 200, casting new light not only on the two civilizations but also on the evolving character of science. Sir Geoffrey Lloyd and Nathan Sivin investigate the differences between the thinkers in the two civilizations: what motivated them, how they understood the cosmos and the human body, how they were educated, how they made a

The authors' new method integrally compares social, political, and intellectual patterns and connections, demonstrating how all affected and were affected by ideas about cosmology and the physical world. They relate conceptual differences in China and Greece to the diverse ways that intellectuals in the two civilizations earned their living, interacted with fellow inquirers, and were involved with structures of authority. This compelling book
chronicles a young boy's
journey from the horrors of
Jamaican slavery to the
heart of London's literary
world, and reveals the
unlikely friendship that
changed his life. Francis

Barber, born in Jamaica, was brought to London by his owner in 1750 and became a servant in the household of the renowned Dr. Samuel Johnson. Although Barber left London for a time and served in the British navy during the Seven Years' War, he later returned to Johnson's employ. A fascinating reversal took place in the relationship between the two men as Johnson's health declined and the older man came to rely more and more upon his now educated and devoted companion. When Johnson

died he left the bulk of his estate to Barber, a generous (and at the time scandalous) legacy, and a testament to the depth of their friendship. There were thousands of black Britons in the eighteenth century, but few accounts of their lives exist. In uncovering Francis Barber's story, this book not only provides insights into his life and Samuel Johnson's but also opens a window onto London when slaves had yet to win their freedom.

Leon Kennedy, a rookie cop on a new assignment, and

Claire Redfield, sister of the still-missing S.T.A.R.S. member Chris, arrive at Raccoon City to discover a necropolis. A botched attempt by the Umbrella Corporation to retrieve a devastating mutagenic weapon has resulted in a horrifying viral outbreak, transforming the city's population into the living dead. And all of them are hungry.

The result ushered in a new era and made Einstein a celebrity by confirming his prediction that the path of light rays would be bent by gravity. Yet the effort to "weigh light" during the May 29, 1919, solar eclipse has become clouded by myth and skepticism. Could Arthur Eddington and Frank Dyson have gotten the results they claimed? Wizardborn continues the story of the struggle of Gaborn, now the Earth King, who has lost his powers but continues to lead his people. He must contend with the threat of the huge, inhuman Reavers, whose myriads Gaborn and his forces must now pursue across the nation. It has become Gaborn's fate to follow, even into the depths. Raj Ahten, the great warlord endowed with the strength and qualities of thousands of men, once the primary threat to Gaborn, now struggles to retain his own empire. His war of conquest thwarted, his very life is now threatened by the Reaver thousands. New York Times bestselling author Katy Evans expands upon the intense love story begun in Real and Mine—this time from Remington “Riptide” Tate’s point of view. Underground fighter Remington Tate is a mystery, even to himself. His mind is dark and light, complex and enlightening. At times his actions and moods are carefully measured, and at others, they spin out of control. Through it all, there’s been one constant: wanting, needing, loving, and protecting Brooke Dumas. This is his story; from the first moment he laid eyes on her and knew, without a doubt, she would be the realest thing he’s ever had to fight for. I hate him...
