Based on surveys with more than 5,000 gifted young adults, *If I'm So Smart, Why Aren't the Answers Easy?* sheds light on the day-to-day experiences of those growing up gifted. In their own enlightening words, teens share their experiences with giftedness, including friendships and fitting in with

peers, school struggles and successes, and worries about the future. By allowing teens to share their real-life stories, the book gives readers a self-study guide to the successes and pitfalls of being gifted in a world not always open to their unique and diverse needs.

Teens will be able to reflect on their own experiences through the engaging journal prompts included in the book, and their parents and teachers will enjoy hearing directly from other students about the topics gifted teens face daily. Grades 6-10

Children in today's world are inundated with information about who to be, what to do and how to

live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores

had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.
