

## Reuters Our World Now 2 V 2

A powerful look at the history of racism through the prism of sport, showing how we can change things through education and understanding

Revealed to contemporaries by the South African War, the basis on which the system would develop soon became the focus for debate. Commercial organizations, including newspaper combinations and news agencies such as Reuters, fought to protect their interests, while "constructive imperialists" attempted to enlist the power of the state to strengthen the system. Debate culminated in fierce controversies over state censorship and propaganda during and after World War I. Based on extensive archival research, this study addresses crucial themes, including the impact of empire on the press, Britain's imperial experience, and the idea of a "British world".

A masterwork of suspense from the #1 New York Times bestselling author. Tina Evans can think of no better time for a fresh start. It's been a year of unbelievable heartache since her son Danny's death. Now the Vegas show that she directed is about to premiere, so she vows to put her grief behind her. Only there is a message for Tina, scrawled on the chalkboard in Danny's room. Two words that will send Tina on a terrifying journey...NOT DEAD.

A riveting family saga, *The Story of Edgar Sawtelle* explores the deep and ancient alliance between humans and dogs, and the power of fate through one boy's epic journey into the wild. Born mute, speaking only in sign, Edgar Sawtelle leads an idyllic life with his parents on their farm in remote northern Wisconsin. For generations, the Sawtelles have raised and trained a fictional breed of dog whose thoughtful companionship is epitomized by Almondine, Edgar's lifelong companion. But with the unexpected return of Claude, Edgar's uncle, turmoil consumes the Sawtelle's once-peaceful home. When Edgar's father dies suddenly, Claude insinuates himself into the life of the farm – and into Edgar's mother's affections. Grief-stricken and bewildered, Edgar tries to prove Claude played a role in his father's death, but his plan backfires, spectacularly. Edgar flees into the vast wilderness lying beyond the farm. He comes of age in the wild, fighting for his survival and that of the three yearling dogs who follow him. But his need to face his father's murderer, and his devotion to the Sawtelle dogs, turn Edgar ever homeward. Wroblewski is a master storyteller, and his breathtaking scenes – the elemental north woods, the sweep of seasons, an iconic American barn, a ghost made of falling rain – create a family saga that is at once a brilliantly inventive retelling of *Hamlet*, an exploration of the limits of language, and a compulsively readable modern classic.

*The Art of Sport offers a striking collection of sporting pictures taken by Reuters photographers who have had the vision to see and capture extraordinary moments of prowess, drama and beauty from the world of sport. A mixture of first-hand accounts and fine imagery, the photographs in this collection bring alive some of the most colorful, eventful and memorable moments in recent sporting events from around the world. They comprise a story with many threads--action, celebration, skill, power and grace--and offer some of the most spectacular and significant sporting images you will ever see. Some will be familiar, others will jog memories, but most will be seen here for the first time, and all have a story behind them. The Art of Sport sets each photograph in context, outlining the circumstances behind the image- how the photographers came to witness these events and how they managed to document them. It showcases the two essential characteristics of the top sports photojournalist--a nose for a story and an eye for a photo.*

*If you had the chance to change your future, would you take it? Perfect for fans of Neal Shusterman and Jason Reynolds, this powerhouse, mind-bending YA debut follows two teens, a generation apart, whose fates collide across time—and outside of it. Today During arguably the worst week of Esso's life, an accident knocks him into an incredible world—a place beyond space or time, where he can see glimpses of the past and future. But if what he sees there is true, he might not have much longer to live, unless he can use his new gift to change the course of history. Tomorrow Rhia's past is filled with questions, none of which she expects a new physics tutor to answer. But Dr. Esso's not here to help Rhia. He's here because he needs her help—to unravel a tragedy that happened fifteen years ago. One that holds the key not only to Rhia's past, but to a future worth fighting for. Soon to be a major Netflix movie starring Oscar winner Daniel Kaluuya! (Get Out, Black Panther, Judas and the Black Messiah)*

*How do journalists around the world view their roles and responsibilities in society? Based on a landmark study that has collected data from more than 27,500 journalists in 67 countries, Worlds of Journalism offers a groundbreaking analysis of the different ways journalists perceive their duties, their relationship to society and government, and the nature and meaning of their work. Challenging assumptions of a universal definition or concept of journalism, the book maps a world populated by a rich diversity of journalistic cultures. Organized around a series of key questions on topics such as editorial autonomy, journalistic ethics, trust in social institutions, and changes in the profession, it details how the practice of journalism differs across the world in a range of political, social, and economic contexts. The book covers how journalism as an institution is created and re-created by journalists and how they experience their profession in very different ways, even as they retain a commitment to some basic, widely shared professional norms and practices. It concludes with a global classification of journalistic cultures that reflects the breadth of worldviews and orientations found in disparate countries and regions. Worlds of Journalism offers an ambitious, comparative global understanding of the state of journalism in a time when it is confronting a*

*series of economic and political threats.*

*From the million-copy Sunday Times bestseller comes a timeless love story, lost in letters of the past . . . THE RICHARD AND JUDY BOOK CLUB PICK 2018 Can a chance encounter unlock one woman's past? On holiday in Italy, Briony Wood becomes fascinated by the wartime story of a ruined villa hidden amongst the hills of Naples. Not only is it the very place where her grandfather was stationed as a soldier in 1943, but she also discovers that it harbours the secret of a love long lost. Handed a bundle of tattered letters found buried at the villa, Briony becomes enraptured by the blossoming love story between Sarah Bailey, an English woman, and Paul Hartmann, a young German. The letters lead her back almost seventy years to pre-war Norfolk. But as Briony delves into Sarah and Paul's story, she encounters resentments and secrets still tightly guarded. All too quickly it is clear that what happened long ago under the shadow of Vesuvius, she suspects, still has the power to cause terrible pain . . . Praise for Rachel Hore's novels: 'Compelling, engrossing and moving' SANTA MONTEFIORE 'Simply stunning . . . *A New York Times Notable Book of the Year A major reassessment of Winston Churchill that examines his lasting influence in politics and culture. Churchill is generally considered one of the greatest leaders of the twentieth century, if not the greatest of all, revered for his opposition to appeasement, his defiance in the face of German bombing of England, his political prowess, his deft aphorisms, and his memorable speeches. He became the savior of his country, as prime minister during the most perilous period in British history, World War II, and is now perhaps even more beloved in America than in England. And yet Churchill was also very often in the wrong: he brazenly contradicted his own previous political stances, was a disastrous military strategist, and inspired dislike and distrust through much of his life. Before 1939 he doubted the efficacy of tank and submarine warfare, opposed the bombing of cities only to reverse his position, shamelessly exploited the researchers and ghostwriters who wrote much of the journalism and the books published so lucratively under his name, and had an inordinate fondness for*

alcohol that once found him drinking whisky before breakfast. When he was appointed to the cabinet for the first time in 1908, a perceptive journalist called him "the most interesting problem of personal speculation in English politics." More than a hundred years later, he remains a source of adulation, as well as misunderstanding. This revelatory new book takes on Churchill in his entirety, separating the man from the myth that he so carefully cultivated, and scrutinizing his legacy on both sides of the Atlantic. In effervescent prose, shot through with sly wit, Geoffrey Wheatcroft illuminates key moments and controversies in Churchill's career—from the tragedy of Gallipoli, to his shocking imperialist and racist attitudes, dealings with Ireland, support for Zionism, and complicated engagement with European integration. Charting the evolution and appropriation of Churchill's reputation through to the present day, Churchill's Shadow colorfully renders the nuance and complexity of this giant of modern politics.

"ExxonMobil has met its match in Coll, an elegant writer and dogged reporter . . . extraordinary . . . monumental." —The Washington Post  
"Fascinating . . . Private Empire is a book meticulously prepared as if for trial . . . a compelling and elucidatory work." —Bloomberg  
From the award-winning and bestselling author of Ghost Wars and Directorate S, an extraordinary exposé of Big Oil. Includes a profile of current Secretary of State and former chairman and chief executive of ExxonMobil, Rex Tillerson In this, the first hard-hitting examination of ExxonMobil—the largest and most powerful private corporation in the United States—Steve Coll reveals the true extent of its power. Private Empire pulls back the curtain, tracking the corporation's recent history and its central role on the world stage, beginning with the Exxon Valdez accident in 1989 and leading to the Deepwater Horizon oil spill in the Gulf of Mexico in 2010. The action spans the globe—featuring kidnapping cases, civil wars, and high-stakes struggles at the Kremlin—and the narrative is driven by larger-than-life characters, including corporate legend Lee "Iron Ass" Raymond, ExxonMobil's chief executive until 2005, and current chairman and chief executive Rex Tillerson, President-elect Donald Trump's nomination for Secretary of State. A penetrating, news-breaking study, Private Empire is a defining portrait of Big Oil in American politics and foreign policy.

The Reuters Financial Training Series An Introduction to Foreign Exchange & Money Markets A new concept in financial education training, An Introduction to Foreign Exchange & Money Market is guides novices through the intricacies of the world's wealthiest capital exchange markets. This book sets out to give a clear understanding of how and why these markets function, and explains the associated jargon. Readers will be able to take a more detailed look at Money Market and Foreign Exchange instruments and will be able to examine, in particular, the parameters which must be defined in order to place a value on these instruments, together with basic valuation techniques. Key features include:  
\* Introductory sections defining terms and giving background to theories \* Examples and calculations of various types of foreign exchange and money market transactions and instruments \* Summaries and overviews at the end of each chapter recapitulating key points and definitions \* Quick quiz questions and answers to reinforce learning \* Further resources which point to other books, articles and internet tools to widen readers' comprehension and entrench their foundation in the subject. Each book in the series is supported by the Wiley-Reuters Financial Training web site ([www.wiley-rft.reuters.com](http://www.wiley-rft.reuters.com)). This regularly updated site offers a range of screens taken directly from the Reuters terminal, information on professional exams, web links to key institutional finance web sites and much more. This book will be of particular interest to novice traders, investors and trainers in financial institutions looking for a key introductory text. Endorsed by ACI Education, the educational

arm of ACI - The Financial Markets Association, the book provides a comprehensive study for anyone and everyone involved in Foreign Exchange and Money Markets.

**From the front line of the Iraq War, the book presents gripping personal stories of Reuters correspondents who capture the mood of the soldiers who fought in the conflict and the ordinary people caught up in it. The Reuters journalists include : Luke Baker, Samia Nakhoul, Andrew Gray, David Fox, Matthew Green, Nadim Ladki, Caroline Drees, John Chalmers, Adrian Croft, Sean Maguire, Mike Collett-White, Christine Hauser, Michael Georgy, Saul Hudson, and Rosalind Russell.**

**A timely look at children's rights, the young activists who fought for them, and how readers can do the same by Amnesty International, Angelina Jolie, and Geraldine Van Bueren**

**The Reuters Financial Training Series An Introduction to Equity Markets An Introduction to Equity Markets guides novices through the intriguing world of equities. This book explains clearly how equity markets work, what the instruments traded are, who trades them, how equities are valued and how the international markets differ. Subjects addressed in this book include equity valuation, share issues, equity-linked securities and derivatives. Additional support is given in the form of charts and screens from Reuters' trading software. Key features include: \* Introductory sections defining terms and giving background to theories \* Examples and calculations of various types of equity instruments \* Summaries and overviews at the end of each chapter recapitulating key points and definitions \* Quick quiz questions and answers to reinforce learning \* Further resources which point to other books, articles and internet tools to widen readers' comprehension and entrench their foundation in the subject. Each book in the series is supported by the Wiley-Reuters Financial Training web site ([www.wiley-rft.reuters.com](http://www.wiley-rft.reuters.com)). This regularly updated site offers a range of screens taken directly from the Reuters terminal, information on professional exams, web links to key institutional finance web sites and much more. This book will be of particular interest to novice traders, investors and trainers in financial institutions looking for a key introductory text. By providing insights into the equities market, the book will be a useful guide to those venturing into equities trading.**

**Michael Nelson was General Manager of Reuters. He was one of the principal architects of Reuters development of**

computerised financial information, which caused a revolution in world markets. **Castro and Stockmaster** is Michael's fascinating memoir and covers his time with Reuters when he travelled throughout the world and met many heads of state. The most extraordinary meeting was the night he and his wife spent in Havana with Fidel Castro, President of Cuba, which had a remarkable dénouement, recounted here for the first time. The son of a carpenter, Michael read history at Magdalen College, Oxford before joining Reuters as a trainee. He was initially posted to Asia. He was made the global head of Reuters economic services in London at the age of 33. In 1964 Nelson acquired the rights outside North America to an American system of computerised financial information called Stockmaster. Reuters computerised financial information services transformed the fortunes of the company and the newspapers that owned it. The proceeds of the public offering of Reuter shares in 1984 gave new life to British newspapers, enabling many in Fleet Street to move to well equipped premises in Docklands. Michael's memoir will appeal to anyone interested in the media and international finance and is a unique account of the development of Reuters over the last 60 years. Profits from the sales of this book will go to the charity SOS Children, Pakistan. The donation is in recognition of the taxi driver who saved Michael's life in Karachi when he was attacked in an anti-British riot during the Suez crisis.

**Working Backwards** is an insider's breakdown of Amazon's approach to culture, leadership, and best practices from two long-time Amazon executives—with lessons and techniques you can apply to your own company, and career, right now. In **Working Backwards**, two long-serving Amazon executives reveal the principles and practices that have driven the success of one of the most extraordinary companies the world has ever known. With twenty-seven years of Amazon experience between them—much of it during the period of unmatched innovation that created products and services including Kindle, Amazon Prime, Amazon Studios, and Amazon Web Services—Bryar and Carr offer unprecedented access to the Amazon way as it was developed and proven to be repeatable, scalable, and adaptable. With keen analysis and practical steps for applying it at your own company—no matter the size—the authors illuminate how Amazon's fourteen leadership principles inform decision-making at all levels of the company. With a focus on customer

obsession, long-term thinking, eagerness to invent, and operational excellence, Amazon's ground-level practices ensure these characteristics are translated into action and flow through all aspects of the business. Working Backwards is both a practical guidebook and the story of how the company grew to become so successful. It is filled with the authors' in-the-room recollections of what "Being Amazonian" is like and how their time at the company affected their personal and professional lives. They demonstrate that success on Amazon's scale is not achieved by the genius of any single leader, but rather through commitment to and execution of a set of well-defined, rigorously-executed principles and practices—shared here for the very first time. Whatever your talent, career or organization might be, find out how you can put Working Backwards to work for you.

Presents over one hundred photographs and graphics from the 2003 war in Iraq, detailing every aspect of the war from the first strike on Saddam Hussein's bunker to the looting in the streets of Baghdad.

Leon Panetta has had two of the most consequential careers of any American public servant in the past fifty years. His first, beginning as an army intelligence officer and including a run as one of Congress's most powerful and respected members, lasted 35 years and culminated in his role as Clinton's budget czar and White House chief of staff. He then 'retired' to establish the Panetta Institute, to serve on the Iraq Study Group; and to protect the California coast. In 2009 he accepted what many said was a thankless task: returning to public office as the director of the CIA.

*After being cast out of the Clan that had adopted her as a child by the new leader, Ayla shares a lonely valley with a herd of steppe ponies, harnesses their power, and discovers speech and love with Jondalar, a member of her own race. Reprint.*

*How the obsession with quantifying human performance threatens business, medicine, education, government—and the quality of our lives Today, organizations of all kinds are ruled by the belief that the path to success is quantifying human performance, publicizing the results, and dividing up the rewards based on the numbers. But in our zeal to instill the evaluation process with scientific rigor, we've gone from measuring performance to fixating on measuring itself—and this tyranny of metrics now*

*threatens the quality of our organizations and lives. In this brief, accessible, and powerful book, Jerry Muller uncovers the damage metrics are causing and shows how we can begin to fix the problem. Filled with examples from business, medicine, education, government, and other fields, the book explains why paying for measured performance doesn't work, why surgical scorecards may increase deaths, and much more. But Muller also shows that, when used as a complement to judgment based on personal experience, metrics can be beneficial, and he includes an invaluable checklist of when and how to use them. The result is an essential corrective to a harmful trend that increasingly affects us all.*

"The epic story of the rise and fall of the empire of cotton, its centrality in the world economy, and its making and remaking of global capitalism. Sven Beckert's rich, fascinating book tells the story of how, in a remarkably brief period, European entrepreneurs and powerful statesmen recast the world's most significant manufacturing industry combining imperial expansion and slave labor with new machines and wage workers to change the world. Here is the story of how, beginning well before the advent of machine production in 1780, these men created a potent innovation (Beckert calls it war capitalism, capitalism based on unrestrained actions of private individuals; the domination of masters over slaves, of colonial capitalists over indigenous inhabitants), and crucially affected the disparate realms of cotton that had existed for millennia. We see how this thing called war capitalism shaped the rise of cotton, and then was used as a lever to transform the world. The empire of cotton was, from the beginning, a fulcrum of constant global struggle between slaves and planters, merchants and statesmen, farmers and merchants, workers and factory owners. In this as in so many other ways, Beckert makes clear how these forces ushered in the modern world. The result is a book as unsettling and disturbing as it is enlightening: a book that brilliantly weaves together the story of cotton with how the present global world came to exist"--Résumé de l'éditeur.

New York Times Bestseller Winner of the Los Angeles Times Book Prize Winner of the J. Anthony Lukas Award "Nimbly splices

together history, science, reporting and personal experiences into a taut and cautiously hopeful narrative.... Egan's book is bursting with life (and yes, death)." —Robert Moor, New York Times Book Review The Great Lakes—Erie, Huron, Michigan, Ontario, and Superior—hold 20 percent of the world's supply of surface fresh water and provide sustenance, work, and recreation for tens of millions of Americans. But they are under threat as never before, and their problems are spreading across the continent. The Death and Life of the Great Lakes is prize-winning reporter Dan Egan's compulsively readable portrait of an ecological catastrophe happening right before our eyes, blending the epic story of the lakes with an examination of the perils they face and the ways we can restore and preserve them for generations to come.

A fictional biography told as if written by Saint Joan's page and secretary. He relates Joan's brief life and stormy career with understanding and admiration that grew after her death.

The Reuters Financial Glossary

NEW YORK TIMES BESTSELLER • A modern American epic set against the panorama of contemporary politics and culture—a hurtling, page-turning mystery that is equal parts *The Great Gatsby* and *The Bonfire of the Vanities* ONE OF THE BEST BOOKS OF THE YEAR: NPR, PBS, Harper's Bazaar, Esquire, Financial Times, The Times of India On the day of Barack Obama's inauguration, an enigmatic billionaire from foreign shores takes up residence in the architectural jewel of "the Gardens," a cloistered community in New York's Greenwich Village. The neighborhood is a bubble within a bubble, and the residents are immediately intrigued by the eccentric newcomer and his family. Along with his improbable name, untraceable accent, and unmistakable whiff of danger, Nero Golden has brought along his three adult sons: agoraphobic, alcoholic Petya, a brilliant recluse with a tortured mind; Apu, the flamboyant artist, sexually and spiritually omnivorous, famous on twenty blocks; and D, at twenty-two the baby of the family, harboring an explosive secret from himself. There is no mother, no wife; at least not until Vasilisa, a sleek Russian expat, snags the septuagenarian Nero, becoming the queen to his king—a queen in want of an heir. Our guide to the Goldens' world is their neighbor René, an ambitious young filmmaker. Researching a movie about the Goldens, he ingratiates himself into their

household. Seduced by their mystique, he is inevitably implicated in their quarrels, their infidelities, and, indeed, their crimes. Meanwhile, like a bad joke, a certain comic-book villain embarks upon a crass presidential run that turns New York upside-down. Set against the strange and exuberant backdrop of current American culture and politics, *The God House* also marks Salman Rushdie's triumphant and exciting return to realism. The result is a modern epic of love and terrorism, loss and reinvention—a powerful, timely story told with the daring and panache that make Salman Rushdie a force of light in our dark new age.

For more than a century, local journalism has been taken almost for granted. But the twenty-first century has brought major challenges. The newspaper industry that has historically provided most local coverage is in decline and it is not clear whether digital media will sustain new forms of local journalism. This book provides an international overview of challenges facing changing forms of local journalism today. It identifies the central role that diminished newspapers play in local media ecosystems, analyses relations between local journalists and politicians, government officials, community activists and ordinary citizens, and examines the uneven rise of new forms of digital local journalism. Together, the chapters present a multi-faceted portrait of the precarious present and uncertain future of local journalism in the Western world.

This revised 2009 edition brings the content up-to-date with all the biggest sports stories since the previous edition first released: the Beijing Olympics and Michael Phelps; the rise of new stars, among them Lewis Hamilton; as well as an equally spectacular fall from grace by athletes such as Marion Jones.

The defining geopolitical contest of the twenty-first century is between China and the US. But is it avoidable? And if it happens, is the outcome already inevitable? China and America are world powers without serious rivals. They eye each other warily across the Pacific; they communicate poorly; there seems little natural empathy. A massive geopolitical contest has begun. America prizes freedom; China values freedom from chaos. America values strategic decisiveness; China values patience. America is becoming a society of lasting inequality; China a meritocracy. America has abandoned multilateralism; China welcomes it. Kishore Mahbubani, a diplomat and scholar with unrivalled access to policymakers in Beijing and Washington, has written the definitive guide to the deep fault lines in the relationship, a clear-eyed assessment of the risk of any confrontation, and a bracingly honest appraisal of the strengths and weaknesses, and superpower eccentricities, of the US and China.

Private Life in a Digital World

With her son's illness in complete remission, New York City medical examiner Laurie Montgomery returns to work-and finds her first case back to be a dangerous puzzle of the highest order, involving organized crime and two start- up biotech companies caught in a zero-sum game...

Equips parents to inspire kids to take on social injustice--at any age With the constant barrage of difficult stories through news and social media, today's kids are increasingly aware of the real problems real people confront every day. And they're quicker than ever to come to parents and other trusted adults to ask how they can help--or why they're not already doing so. And Social Justice for Allequips Christian families to tackle social justice issues together. It inspires them to bring light and love to a dark and scary world. Educator and mom Lisa Van Engen creates innovative resources to engage kids in understanding and responding to fourteen justice issues such as clean water, creation care, immigration and refugees, hunger, race, and poverty.

After placing each issue in kid-friendly context, she offers interactive features: · High-interest conversation starters for each age group to challenge thinking and assumptions · A family devotional to anchor each social justice issue in God's Word · Engaging, age-tiered activities for reading, playing, observing, creating, connecting, and experimenting in God's world · Tips and internet links to extend awareness and invest resources in social justice.

Throughout each chapter, children speak their own thoughts about injustice and what they think God is calling them to do. By looking at both the roots of injustice and what Christians can do right now to help, And Social Justice for All empowers both adults and children to encounter a broken world with insight and empathy. Simple yet powerful, it lights the path for families to make a real, God-directed difference together.

A world-renowned actress falls victim to a terrifying explosion in Paris—and begins a courageous journey of survival, memory, and self-discovery in Danielle Steel's mesmerizing new novel.

Carole Barber has come to Paris, with its rain-slick slate roofs and winding streets, to work on her novel—and to find herself after a lifetime in the spotlight. A legend of film and stage, Carole has set a standard of beauty and grace, devoting herself to her family and causes around the world. But on this cool November evening, as her taxi speeds into a tunnel just past the

Louvre, a fiery instant of terror shatters hundreds of lives—and leaves Carole alone, unconscious and unidentified in a Paris emergency room. At the Ritz, they wonder where their famous, incognito guest has gone. From California to London, Carole's friends and family begin to make inquiries. Then comes a moment of shock as they all realize that Carole is far from home and fighting for her life. In the days that follow, the paparazzi swarm. A mysterious stranger, a man famous in his own realm, quietly visits the hospital to see the woman he once loved and never forgot. Carole's two grown children rush to her bedside, waiting and praying—until the miraculous begins to happen....But as a woman who the whole world knows slowly awakens, she knows nothing of herself. Every detail must be pieced back together—from a childhood in rural Mississippi to the early days of her career, from the unintentional hurt inflicted on her daughter to a fifteen year-old secret love affair that went tragically wrong. But for Carole an extraordinary opportunity has arisen in a life-threatening crisis: a second chance to count her blessings, heal wounded hearts, recapture lost love... and to live a life that will truly honor others—beginning with herself. A tale of survival and dignity, of small miracles and big surprises, Honor Thyself creates an unforgettable portrait of a public figure whose hopes, fears, and heartbreaks are as real as our own. Her courageous journey inspires us all.

A practical and comprehensive guide to surviving the greatest disaster of our time, from New York Times bestselling self-help author and beloved CBS Sunday Morning science and technology correspondent David Pogue. You might not realize it, but we're already living through the beginnings of climate chaos. In Arizona, laborers now start their day at 3 a.m. because it's too hot to work past noon. Chinese investors are snapping up real estate in Canada. Millennials have evacuation plans. Moguls are building bunkers. Retirees in Miami are moving inland. In *How to Prepare for Climate Change*, bestselling self-help author David Pogue offers sensible, deeply researched advice for how the rest of us should start to ready ourselves for the years ahead. Pogue walks readers through what to grow, what to eat, how to build, how to insure, where to invest, how to prepare your children and pets, and even where to consider relocating when the time comes. (Two areas of the country, in particular, have the requisite cool temperatures, good hospitals, reliable access to water, and resilient infrastructure to serve as climate havens in the years ahead.) He also provides wise tips for managing your anxiety, as well as action plans for riding out every climate catastrophe, from superstorms and wildfires to ticks and epidemics. Timely and enlightening, *How to Prepare for Climate Change* is an indispensable guide for anyone

who read *The Uninhabitable Earth* or *The Sixth Extinction* and wants to know how to make smart choices for the upheaval ahead.
