Her mystic visions revealed Christ's sufferings with extreme intensity, but they also confirmed God's constant love for humanity and infinite capacity for forgiveness. Julian of Norwich's Revelations of Divine Love have had a lasting influence on Christian thought. Written in immediate, compelling

An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in recent articles and monographs. In this connection the authors make their own scholarly contributions to the ongoing study of the biblical text. The text on which these commentaries are based is the UBS Greek New Testament, edited by Kurt Aland and others. While engaging the major questions of text and interpretation at a scholarly level, the authors keep in mind the needs of the beginning student of Greek as well as the pastor or layperson who may have studied the language at some time but does not now use it on a regular basis.
