

Ricette Base Di Pasticceria Pianeta Dessert

When Fearné's not making us laugh onscreen or keeping us company on the radio, you'll find her in the kitchen cooking up a storm. Easy, healthy recipes that are fun to make and delicious to eat - these are the recipes Fearné loves and has become famous for. Recipes she can't wait to share with you, too. With chapters covering fresh and delicious breakfasts to start your day well; simple, sumptuous lunches to enjoy at home and on the run; and comforting dinners that show you how to eat the rainbow. Cook. Eat. Love provides over 100 recipes that will have you eating happily and healthily at every meal. A pescatarian herself who cooks meat for her family, Fearné includes recipes that can cater for both and be packed with goodness either way. You'll also find plenty of ideas for elevenses, afternoon treats, baked goods and desserts that use plenty of natural ingredients to make those sweet treats guilt-free and just as satisfying. From Thai Coconut Soup to Quick and Healthy Pizzas; Roast Chicken Cashew and Chilli salad to Salted Caramel Chocolate Slice and Beetroot Cupcakes, Cook. Eat. Love is guaranteed to bring joy to your kitchen and beyond.

Once considered "the food of the gods," chocolate is now enjoyed by everyone. From the origins of cocoa cultivation, to the secrets of the harvesting and drying the beans, all the way to the art of the processing, Chocolate Sommelier immerses you in the flavors, scents, and infinite variety of chocolate. This magnificent volume, with stunning photographs by Fabio Petroni and mouthwatering cocoa-based recipes, is a chocoholic's delight.

A must-have for every baker, with 130 recipes featuring bold new flavors and ingredients. Here is the go-to cookbook that definitively ushers the baking pantry beyond white flour and sugar to include natural sweeteners, whole-grain flours, and other better-for-you—and delicious—ingredients. The editors at Martha Stewart Living have explored the distinctive flavors and alluring textures of these healthful foods, and this book shares their very best results. A New Way to Bake has 130 foolproof recipes that showcase the many ways these newly accessible ingredients can transform traditional cookies, pies, cakes, breads, and more. Chocolate chip cookies gain greater depth with earthy farro flour, pancakes become protein powerhouses when made with quinoa, and lemon squares get a wonderfully crumbly crust and subtle nutty flavor thanks to coconut oil. Superfoods are right at home in these baked goods; granola has a dose of crunchy chia seeds, and gluten-free brownies have an extra chocolaty punch from cocoa nibs. With a DIY section for making your own nut butter, yogurt, coconut milk, and other basics, and more than 150 photographs, including step-by-step how-to images, A New Way to Bake is the next-generation home-baking bible.

Explore the hyperlocal approach of acclaimed chef Norbert Niederkofler, from his home in South Tyrol in the Italian Alps to the world and back. Norbert Niederkofler has dedicated his life and work to South Tyrol's culture and cuisine. He translates the beauty and vivid character of the mountains into his dishes at St. Hubertus, the only Michelin 3-starred restaurant with completely regional cuisine. Niederkofler's philosophy, summarized as "Cook the Mountain," is to choose local and seasonal ingredients only after talking to the producers and growers in person and to honor the ingredients by keeping food waste to a minimum. In the first volume of this 2-book set, brilliant photographs reveal both unspoiled landscapes and the agricultural and architectural changes humans have made in the past millennia. Striking portraits of locals capture the people and producers Niederkofler works with. Breathtaking food photography conveys the stunning ingredients and creations that Niederkofler develops. The second volume includes 80 of Niederkofler's recipes, divided into the four seasons to reflect his ethos of sustainability. Taken together, Cook the Mountain showcases the unique terroir and cuisine of South Tyrol through the eyes of Niederkofler, who has embraced his home and given it a new culinary identity.

Non c'è niente di più colorato, saporigo e vario della cucina brasiliana. In oltre mezzo millennio di convivenza tra indios e popoli immigrati hanno avuto origine un'infinità di piatti, un meraviglioso groviglio di sapori, e comunque fortemente legati ai prodotti locali e al territorio. Sabor Brasil, nato come un sito di ricette brasiliane per il pubblico italiano, è ora un libro con centinaia di ricette tradizionali di questo sterminato Paese, intercalate con racconti e storie in un affascinante viaggio cultural gastronomico. Oltre a illustrare ingredienti e procedimenti culinari, l'autrice narra le origini delle ricette, spesso legate a una specifica zona geografica e all'influenza di culture arrivate da lontano, racconta come il cibo venga vissuto dal popolo brasiliano e descrive sia i luoghi del suo consumo sia le ritualità che lo accompagnano.

A career flavor scientist who has worked with such companies as Lindt, Coca-Cola and Cadbury organizes food flavors into 160 basic ingredients, explaining how to combine flavors for countless results, in a reference that also shares practical tips and whimsical observations.

Cook the Mountain

Tradition in Evolution. The Art and Science in Pastry

Once upon a time in a very busy city, on a very busy street, in two very small apartments, lived... Herman and Rosie. Herman liked playing the oboe, the smell of hot dogs in the winter, and watching films about the ocean. Rosie liked pancakes, listening to old jazz records, and watching films about the ocean. They both loved the groovy rhythm of the city, but sometimes the bustling crowds and constant motion left them lonely, until one night ... A Neal Porter Book

Recipes and stories to learn all about Japan's food culture. Recipes, anecdotes, histories and stories, maps, techniques, stylings, utensils, native ingredients -- this is a colorful invitation to discover the look and aromas and flavors of Japan. How to make sushi? What is the traditional method of making miso soup? How do you make a full Japanese meal? What are the most frequently cooked dishes in the izakaya? How do you garnish and pack a bento box? Here are the answers in a charmingly, and beautifully, illustrated paperback book. From how to use Japanese knives, chopsticks and cooking vessels, to familiar and unusual seafood (and seaweed!), Japanese vegetables, fruits and soy, the illustrations are clear, atmospheric and empowering. The text runs from ingredients and places to buy them, to simple dishes and whole meals. The design is really fun, and this is a handbook every cook will want to own -- or give to friends and family.

A kitchen classic for over 35 years, and hailed by Time magazine as "a minor masterpiece" when it first appeared in 1984, On Food and Cooking is the bible which food lovers and professional chefs worldwide turn to for an understanding of where our foods come from, what exactly they're made of, and how cooking transforms them into something new and delicious. For its twentieth anniversary, Harold McGee prepared a new, fully revised and updated edition of On Food and Cooking. He has rewritten the text almost completely, expanded it by two-thirds, and commissioned more than 100 new illustrations. As compulsively readable and engaging as ever, the new On Food and Cooking provides countless eye-opening insights into food, its preparation, and its enjoyment. On Food and Cooking pioneered the translation of technical food science into cook-friendly kitchen science and helped birth the inventive culinary movement known as "molecular gastronomy." Though other books have been written about kitchen science, On Food and Cooking remains unmatched in the accuracy, clarity, and thoroughness of its explanations, and the intriguing way in which it blends science with the historical evolution of foods and cooking techniques. Among the major themes addressed throughout the new edition are:
· Traditional and modern methods of food production and their influences on food quality
· The great diversity of methods by which people in different places and times have prepared the same ingredients
· Tips for selecting the best ingredients and preparing them successfully
· The particular substances that give foods their flavors, and that give us pleasure
· Our evolving knowledge of the health benefits and risks of foods
On Food and Cooking is an invaluable and monumental compendium of basic information about ingredients, cooking methods, and the pleasures of eating. It will delight and fascinate anyone who has ever cooked, savored, or wondered about food.

Our planet is being heated, which is mainly due to the burning of fossil fuels. Yet, most of us remain chained to the belief that there is no alternative source of energy sufficiently plentiful and cheap. Dawn of the Solar Age provides a blueprint for shifting the energy base of human civilisation out of fossil fuels and successfully reducing the concentration of greenhouse gases in the atmosphere. The author shows how the commercialisation of fully proven technologies—that can provide limitless amounts of renewable energy and entirely replace all fossil fuels—is being delayed to serve the purposes of dominant corporations and nations. He studies the economic viability of these technologies and tells us how we can avert the imminent disaster that we face today. He concludes that the transition out of fossil fuels, though difficult, need not be too slow to prevent irreparable damage.

The Epic History of the Italians and Their Food

Onigiri

Terra!

Massimo Bottura, the world's best chef, prepares extraordinary meals from ordinary and sometimes 'wasted' ingredients inspiring home chefs to eat well while living well. 'These dishes could change the way we feed the world, because they can be cooked by anyone, anywhere, on any budget. To feed the planet, first you have to fight the waste', Massimo Bottura Bread is Gold is the first book to take a holistic look at the subject of food waste, presenting recipes for three-course meals from 45 of the world's top chefs, including Daniel Humm, Mario Batali, René Redzepi, Alain Ducasse, Joan Roca, Enrique Olvera, Ferran & Albert Adrià and Virgilio Martinez. These recipes, which number more than 150, turn everyday ingredients into inspiring dishes that are delicious, economical, and easy to make.

An apple is an apple... Or is it? Kris Goegebeur shows that there is more to fruit than one would think. Whoever believes that there are only sweet apples, sour apples and apples to make apple sauce with, will be proven terribly wrong. And not only when

The life and times of the Great British Pudding, both savoury and sweet - with 80 recipes re-created for the 21st century home cook Jamie Oliver says of Pride and Pudding 'A truly wonderful thing of beauty, a very tasty masterpiece!' BLESSED BE HE THAT INVENTED PUDDING The great British pudding, versatile and wonderful in all its guises, has been a source of nourishment and delight since the days of the Roman occupation, and probably even before then. By faithfully recreating recipes from historical cookery texts and updating them for today's kitchens and ingredients, Regula Ysewijn has revived over 80 beautiful puddings for the modern home cook. There are ancient savoury dishes such as the Scottish haggis or humble beef pudding, traditional sweet and savoury pies, pastries, jellies, ices, flummries, junkets, jam roly-poly and, of course, the iconic Christmas pudding. Regula tells the story of each one, sharing the original recipe alongside her own version, while paying homage to the cooks, writers and moments in history that helped shape them.

The first book on San Francisco's threeshyphen;Michelin starred restaurant Benu and its chef Corey Lee, hailed by David Chang as one of the best chefs on earth. Since striking out on his own from Thomas Keller's acclaimed French Laundry in 2010, Corey Lee has crafted a unique, James Beard Award­phen;winning cuisine that seamlessly blends his South Korean heritage with his upbringing in the United States. Benu provides a gorgeously illustrated presentation of the running order of one of Lee's 3­phen;course tasting menus, providing access to all the drama and pace of Benu's kitchen and dining room. Forewords by Thomas Keller and David Chang are accompanied by additional short prose and photo essays by Lee, detailing the cultural influences, inspirations, and motivations behind his East­phen;meets­phen;West approach.

Ricette e racconti della tradizione culinaria brasiliana

A groundbreaking handbook—the "method" companion to its critically acclaimed predecessor, The Flavor Thesaurus—with a foreword by Yamot Ottegoingh. Niki Segni used to follow recipes to the letter, even when she'd made a dish a dozen times. But as she tested the combinations that informed The Flavor Thesaurus, she detected the basic rubrics that underpinned most recipes. Lateral Cooking offers these formulas, which, once readers are familiar with them, will prove infinitely adaptable. The book is divided into twelve chapters, each covering a basic culinary category, such as "Bread," "Stock, Soup & Stew," or "Sauce." The recipes in each chapter are arranged on a continuum, passing from one to another with just a tweak or two to the method or ingredients. Once you've got the hang of flatbreads, for instance, then its neighboring dishes (crackers, soda bread, scones) will involve the easiest and most intuitive adjustments. The result is greater creativity in the kitchen: Lateral Cooking encourages improvisation, resourcefulness, and, ultimately, the knowledge and confidence to cook by heart. Lateral Cooking is a practical book, but, like The Flavor Thesaurus, it's also a highly enjoyable read, drawing widely on culinary science, history, ideas from professional kitchens, observations by renowned food writers, and Segni's personal recollections. Entertaining, opinionated, and inspirational, with a handsome three-color design, Lateral Cooking will have you torn between donning your apron and setting back in a comfortable chair.

This enhanced edition of Martha Stewart's Cooking School includes 31 instructional step-by-step videos and hundreds of color photographs that demonstrate the fundamental cooking techniques that every home cook should know. Imagine having Martha Stewart at your side in the kitchen, teaching you how to hold a chef's knife, select the very best ingredients, truss a chicken, make a perfect pot roast, prepare every vegetable, bake a flawless pie crust, and much more. In Martha Stewart's Cooking School, you get just that: a culinary master class from Martha herself, with lessons for home cooks of all levels. Never before has Martha written a book quite like this one. Arranged by cooking technique, it's aimed at teaching you how to cook, not simply what to cook. Delve in and soon you'll be roasting, broiling, braising, searing, steaming, and poaching with confidence and competence. In addition to the techniques, you'll find more than 200 sumptuous, all-new recipes that put the lessons to work, along with invaluable step-by-step photographs to take the guesswork out of cooking. You'll also gain valuable insight into equipment, ingredients, and every other aspect of the kitchen to round out your culinary education. Featuring more than 500 gorgeous color photographs, Martha Stewart's Cooking School is the new gold standard for anyone who truly wants to know his or her way around the kitchen.

Buon appetito! Everyone loves Italian food. But how did the Italians come to eat so well? The answer lies amid the vibrant beauty of Italy's historic cities. For a thousand years, they have been magnets for everything that makes for great eating: ingredients, talent, money, and power. Italian food is city food. From the bustle of medieval Milan's marketplace to the banqueting halls of Renaissance Ferrara; from street stalls in the putrid alleyways of nineteenth-century Naples to the noisy trattorie of postwar Rome: in rich slices of urban life, historian and master storyteller John Dickie shows how taste, creativity, and civic pride blended with princely arrogance, political violence, and dark intrigue to create the world's favorite cuisine. Delizia! is much more than a history of Italian food. It is a history of Italy told through the favors and character of its cities. A dynamic chronicle that is full of surprises, Delizia! draws back the curtain on much that was unknown about Italian food and exposes the long-held canards. It interprets the ancient Arabic map that tells of pasta's true origins, and shows that Marco Polo did not introduce spghetti to the Italians, as is often thought, but did have a big influence on making pasta a part of the American diet. It seeks out the medieval recipes that reveal Italy's long love affair with exotic spices, and introduces the great Renaissance cookery writer who plotted to murder the Pope even as he detailed the aphrodisiac qualities of his ingredients. It moves from the opulent theater of a Renaissance wedding banquet, with its gargantuan ten-course menu comprising hundreds of separate dishes, to the thin soups and bland polentas that would eventually force millions to emigrate to the New World. It shows how early pizzas were disgusting and why Mussolini championed risotto. Most important, it explains the origins and growth of the world's greatest urban food culture. With its delectable mix of vivid storytelling, groundbreaking research, and shrewd analysis, Delizia! is as appetizing as the dishes it describes. This passionate account of Italy's civilization of the table will satisfy foodies, history buffs, Italophiles, travelers, students – and anyone who loves a well-held tale.

This third book in the Italian Food series is the cooking. Baked at a low temperature, the cake mixture divides itself into three layers, each with a distinct texture and taste: a dense, moist cake base; a delicate cream filling; and a light and fluffy sponge to top it off. The result is a cake like you've never tasted before – an explosion of textures and flavours in a moresih cake you just can't have one bite of! With chapters covering the Basics; Tutti-Frutti; Special and Occasion Cakes; and Savoury, there are a host of flavours at your fingertips, from the simple vanilla cake of chocolate hazelnut, to more exotic flavour combinations of raspberries and Matcha green tea. Take the magic cake to a whole new level with the occasion cakes - try the Valentine mango passion cake or the intense chocolate Easter cake. More than just cakes, there are recipes for cupcakes, pies, cheesecakes and brownies - all with the special 'magic' touch. So what are you waiting for? Discover the magic for yourself!

Renowned for recipes that make food look gorgeous and taste great yet require minimal effort, Donna Hay's cookbooks have become international successes. "Modern Classics" is no different. Chapters, including soups, salads, pastas, and pies, begin with a "basic" recipe. Step-by-step photos allow cooks to create increasingly sophisticated variations from this starter recipe.

A delightful culinary voyage to discover the wonderful world of Milanese cooking, presented here through a contemporary lens, yet simultaneously highlighting traditional influences as well. The book is divided into 13 chapters, each dedicated to a particular ingredient or specific dish: brief introductions rich in curious and historical details are followed by tips on recognizing the quality and seasonality of products. The authors share priceless advice with readers. They will lead you to a reconsideration of winter vegetables, through scrumptious dishes like cabbage rolls, cauliflower cream and baked onions. You will also be introduced to the numerous culinary possibilities of cooking with offal, with traditional dishes such as Milanese tripe. Enjoy the lovely flavors of braised meat cooked in wine and broth, the refined experience of goose cassoueta, and the timeless appeal of Milanese classics like ossobuco. For those who wish to delve into tradition while keeping a finger on the pulse of the present, Contemporary Milanese Cooking will surely not disappoint.

Romania is a true cultural melting pot, rooted in Greek and Turkish traditions in the south, Hungarian and Saxon in the north and Slavic in the east and west. Carpathia, the first book from food stylist and cooking enthusiast Irina Georgescu, aims to introduce readers to Romania's bold, inventive and delicious cuisine. Bringing the country to life with stunning photography and recipes, it will take the reader on a culinary journey to the very heart of the Balkans, exploring it's history and landscape through it's traditions and food. From fragrant pilafs, sour borsch and hearty stews, to intricate and moreish desserts, this book celebrates the dishes from a culture living at the crossroads of eastern and western traditions.

La candidatura di Milano, il concept iniziale, le linee guida che hanno portato alla creazione dell'evento, l'eredità culturale e architettonica che Expo lascerà dietro di sé; ma anche il dettaglio dei padiglioni, dei cluster, delle aree tematiche e comuni, in un volume che vuole essere completo ed esauriente, ricco di informazioni e di fotografie, una panoramica a 360 gradi sull'esposizione universale. Il catalogo generale di Expo Milano 2015 racchiude tutto ciò che è necessario sapere per orientarsi all'interno di una manifestazione unica nel suo genere, ed è allo stesso tempo una testimonianza completa e approfondita di quello che sarà l'evento dell'anno

Cooking in large batches is the perfect way to save time and money. It also often turns out to be the healthier option - saving you from ready-meals and take-out; allows you to cook your produce when it's most fresh; and reduces how much food you throw away. In Batch Cooking, Keda Black shows you how to get ahead of the game by using just two hours every Sunday to plan what you are eating for the week ahead and get most of your prep out of the way. By Sunday evening, you are looking forward to five delicious weeknight meals, and enjoying an overwhelming sense of calm about the week ahead. The book covers thirteen menus, with an easy-to-follow shopping list and a handy guide for how to tweak your plans for the season or your dietary requirements. Each menu is broken down into the Sunday preparation time and a day-by-day method to finishing the recipe. Recipes include a heartening Lemongrass, Coconut, Coriander and Ginger Soup, a delightful Green Shakshuka with Feta and an astoundingly easy Pear Brownie.

First published in 1891, Pellegrino Artusi's La scienza in cucina e l'arte di mangiar bene has come to be recognized as the most significant Italian cookbook of modern times. It was reprinted thirteen times and had sold more than 52,000 copies in the years before Artusi's death in 1910, with the number of recipes growing from 475 to 790. And while this figure has not changed, the book has consistently remained in print. Although Artusi was himself of the upper classes and it was doubtful he had ever touched a kitchen utensil or lit a fire under a pot, he wrote the book not for professional chefs, as was the nineteenth-century custom, but for middle-class family cooks: housewives and their domestic helpers. His tone is that of a friendly advisor - humorous and nonchalant. He indulges in witty anecdotes about many of the recipes, describing his experiences and the historical relevance of particular dishes. Artusi's masterpiece is not merely a popular cookbook; it is a landmark work in Italian culture. This English edition (first published by Marsilio Publishers in 1997) features a delightful introduction by Luigi Ballerini that traces the fascinating history of the book and explains its importance in the context of Italian history and politics. The illustrations are by the noted Italian artist Giuliano Della Casa.

Musician and plant-based ambassador Moby shares his favorite creative and delicious vegan dishes Moby became vegan more than thirty years ago, when few people knew how to pronounce the word. Since then, vegan cuisine has flourished as the fastest-growing and most innovative cuisine on the planet. As a passionate animal rights advocate and also a food lover, Moby has helped fuel this evolution at his wildly popular restaurants. He is the original owner of the L.A. celebrity hotspot Little Pine, which showcases an elevated menu proving once and for all that vegan food is "all grown up" and the most delicious way to be eating today. Now Moby takes readers inside this special corner of Southern California with The Little Pine Cookbook, a collection of 125 recipes inspired by the restaurant's beloved dishes. Gateway recipes like Panko-Crusted Piccata will wow even the hardest-to-please meat lovers. And veg-forward small plates like Fried Cauliflower with Kimchi Aioli and go-to pastas like Orecchiette with Braised Leeks, Asparagus & English Peas will become back-pocket staples, no matter your diet. And didn't you know that desserts are healthier when they are vegan? Indulge in the simple pleasure of Butterscotch Pudding or the rich decadence of Chocolate Bread Pudding while feeling good about yourself and your contribution to a better planet. Whatever you're making, the spirit of Little Pine—of community, of sharing, and of giving—is in all these recipes, and they are here for you to savor every day.

This third book in the Kitchen's Littlewoods's acclaimed Bliss trilogy mixes the down-home home-punch of Ingrid Law's Newbery Honor Book Savvy, the always-on-the-edge-of-chaos comedy of Chasper by the Dozen, and a humorous magic all its own to create a thoroughly original confection, a delicious guilty pleasure for readers of all ages. Rose won back her family's magical Cookery Booke in an international baking competition in A Dash of Magic, the second novel in the series. Rose is now world famous—so famous, in fact, that Mr. Butter, head of the Mostess Corporation, has kidnapped her so that she can develop new and improved magical recipes for his company's snack cakes. With the magically enhanced Dinkies and Moony Pies, Mr. Butter plans to take over the world. Together with her brothers, their talking cat and mouse, and an unlikely team of bakers, Rose must overthrow Mr. Butter before he destroys civilization, one magically evil snack cake at a time.

A follow-up to the successful 'The ScandiKitchen' (published September 2015), this new book from Brontë Aurell features over 60 recipes for cakes, bakes and treats from all over Scandinavia. From indulgent cream confections to homely and comforting fruit cakes and traditional breads, sweet buns and pastries.

Whats missing on your bookshelf? This new addition!! The lack or deficiency of certain elements, such as vital organic minerals and salts from our customary diet is the primary cause of nearly every sickness and disease. How can we most readily furnish our body with the elements needed? It is hoped that this delightful book will prove to be of considerable help to those who wish to derive the utmost benefit from natural food.
