

Rich Dad Advisors Tax Free Wealth How To Build Massive Wealth By Permanently Lowering Your Taxes

We were drowning in in record levels of debt before the COVID-19 crisis, and we are now deluged in it. U.S. private-sector loans have tripled relative to income since 1950 – and government debt is also at an all-time high. Soaring debt burdens individuals, stifles growth, compounds inequality, and brings falling living standards for millions. Richard Vague ’ s new book argues that, contrary to mainstream assumptions, we cannot simply hope that the trend will correct itself. Mounting debt is a feature of our economic system, not a bug: debts perpetually grow and compound, polarizing and impoverishing economies if not overtly dealt with. He offers a detailed plan for how we can restructure a range of debts – such as student loans, auto loans, medical debt and more – and offer hard-pressed debtors a ‘ jubilee ’ now, not in some utopian future. Vague ’ s bold polemic contains a wealth of ideas that will free millions from modern-day debt peonage, reduce inequality and bring new vigor to the economy as it struggles to emerge from the pandemic.

Tax-Free Wealth is about tax planning concepts. It ’ s about how to use your country ’ s tax laws to your benefit. In this book, Tom Wheelwright will tell you how the tax laws work. And how they are designed to reduce your taxes, not to increase your taxes. Once you understand this basic principle, you no longer need to be afraid of the tax laws. They are there to help you and your business—not to hinder you. Once you understand the basic principles of tax reduction, you can begin, immediately, reducing your taxes. Eventually, you may even be able to legally eliminate your income taxes and drastically reduce your other taxes. Once you do that, you can live a life of Tax-Free Wealth.

It’s Robert Kiyosaki’s position that "It is our educational system that causes the gap between the rich and everyone else." He laid the foundation for many of his messages in the international best-seller Rich Dad Poor Dad -- the #1 Personal Finance book of all time -- and in Why the Rich Are Getting Richer, he makes his case... In this book, the reader will learn why the gap between the rich and everyone else grows wider. In this book, the reader will get an explanation of why savers are losers. In this book, the reader will find out why debt and taxes make the rich richer. In this book, the reader will learn why traditional education actually causes many highly educated people, such as Robert’s poor dad, to live poorly. In this book, the reader will find out why going to school, working hard, saving money, buying a house, getting out of debt, and investing for the long term in the stock market is the worst financial advice for most people. In this book, the reader will learn the answers Robert found on his life-long search, after repeatedly asking the question, "When will we learn about money?" In this book, the reader will find out why real financial education may never be taught in schools. In this book, the reader will find out "What financially education is... really."

If you're interested in real estate investing, you may have noticed the lack of coverage it gets in mainstream financial media, while stocks, bonds, and mutual funds are consistently touted as the safest and most profitable ways to invest. According to real estate guru Ken McElroy, that's because financial publications, tv and radio programs make the bulk of their money from advertising paid for by the very companies who provide such mainstream financial services. On the other hand, real estate investment is something you can do on your own--without a large amount of money up front. Picking up where he left off in the bestselling ABC's of Real Estate Investing, McElroy reveals the next essential lessons and information that no serious investor can afford to miss. Building on the foundation of real estate investment 101, McElroy tells readers: How to think--and operate--like a real estate mogul How to identify and close expert deals Why multifamily housing is the best real estate investment out there How to surround yourself with a team that will help maximize your money How to avoid paying thousands in taxes by structuring property sales wisely Important projections about the future of real estate investment

From the #1 bestselling author of "Rich Dad, Poor Dad" comes the ultimate guide to real estate--the advice and techniques every investor needs to navigate through the ups, downs, and in-betweens of the market.

The Wall Street Journal, USA Today, and BusinessWeek bestseller Bank On Yourself: The Life-Changing Secret to Growing and Protecting Your Financial Future reveals the secrets to taking back control of your financial future that Wall Street, banks, and credit card companies don't want you to know. Can you imagine what it would be like to look forward to opening your account statements because they always have good news and never any ugly surprises? More than 100,000 Americans of all ages, incomes, and backgrounds are already using Bank On Yourself to grow a nest-egg they can predict and count on, even when stocks, real estate, and other investments tumble. You'll meet some of them and hear their stories of how Bank On Yourself has helped them reach a wide variety of short- and longterm personal and financial goals and dreams in this book.

Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. THIS BOOK WILL TEACH YOU HOW TO: - Secure your investment money - Find your ideal market--and a positive-cash-flow property - Efficiently manage your property - Handle your record keeping - Boost revenues and cut costs - File your taxes using a step-by-step process - Build your real estate portfolio

"I've set up my corporation. Now what do I do?" All too often business owners and real estate investors are asking this question. They have formed their protective entity – be it a corporation, LLC or LP – and don't know what to do next. "Run Your Own Corporation" provides the solution to this very common dilemma. Breaking down the requirements chronologically (ie the first day, first quarter, first year) the book sets forth all the tax and corporate and legal matters new business owners must comply with. Written by Rich Dad's Advisor Garrett Sutton, Esq., who also authored the companion edition "Start Your Own Corporation", the book clearly identifies what must be done to properly maintain and operate your corporation entity. From the first day, when employer identification numbers must be obtained in order to open up a bank account, to the fifth year when trademark renewals must be filed, and all the requirements in between, "Run Your Own Corporation" is a unique resource that all business owners and investors must have. Rich Dad/Poor Dad author Robert Kiyosaki states, "Run Your Own Corporation is the missing link for most entrepreneurs. They've set up their entity, but don't know the next steps. Garrett Sutton's book provides valuable information needed at the crucial start up phase of operations. It is highly recommended reading." When "Start Your Own Corporation" is combined with "Run Your Own Corporation" readers have a two book set that offers the complete corporate picture.

This book will teach you how to: • Achieve wealth and cash flow through real estate • Find property with real potential • Show you how to unlock the myths that are holding you back • Negotiating the deal based on the numbers • Evaluate property and purchase price • Increase your income through proven property management tools

Do you hate taxes? Dread tax season each year? Wheelwright teaches you in plain English how to use the tax code to make you richer. From paying less taxes to surviving an audit, you'll learn to use your tax savings to build tremendous wealth.

AS SEEN ON PUBLIC TELEVISION New for 2021—The complete action plan from Ed Slott, "the best source of IRA advice" (Wall Street Journal), to help you make sure your 401(k)s, IRAs, and retirement savings aren't depleted by taxes by the time you need to use them. If you're like most Americans, your most valuable asset is your retirement fund. We diligently save money for years, yet most of us don't know how to avoid the costly mistakes that cause a good chunk of those savings to be lost to needless and excessive taxation. Now, in the midst of a financial crisis, there is more need than ever to protect your assets. The New Retirement Savings Time Bomb, by renowned tax advisor Ed Slott, shows you in clear-cut layman's terms how to take control over your retirement savings plan. This easy-to-follow plan helps you place your assets to avoid the latest traps set out by congress in addition to any that might be set down the road, so you can keep your hard-earned money no matter what. And, it's fully up-to-date with information on the SECURE Act and everything you need to know about how the coronavirus relief bills will affect your savings down the road. This book is required reading for every American with savings and investments who is planning to retire, be it five years from now or fifty.

The Life-Changing Secret to Protecting Your Financial Future

For years, government bureaucrats have been looking for ways to destroy small businesses. With coronavirus, they finally had their chance. In 2020, the American economy suffered the biggest financial collapse in history. But while Main Street suffered like never before, the stock market continued to reach new highs. How could this be? The answer is that government had slapped oppressive restrictions on small businesses while propping up Wall Street and engineering a historic consolidation of power and wealth. This isn't a new problem. During the last financial crisis, Washington bailed out large banks, saying they were "too big to fail." When the federal government finally pushed out the CARES Act in 2020, it clearly favored the wealthy and well-connected, showing that small businesses were too small to matter. People across the political spectrum constantly complain about the tyranny of big business, and they're not wrong. However, too many think government is the solution. In reality, government is the problem. In The War on Small Business, entrepreneur Carol Roth unveils the many abuses of power inflicted on small businesses during the COVID-19 pandemic. Small business owners were thrown in jail for trying to make a living. Individual rights were discarded. Big government did what it does best—intentionally protect the rich and powerful. This is the most underreported story coming out of the pandemic. The government chose winners and losers, who would thrive and who would fight to survive, based on not data or science, but based on clout and connections. This enabled the government, with the aid of the Federal Reserve, to oversee the largest wealth transfer in history from Main Street to Wall Street. The issues started long ago and continue today with a highly tilted playing field that favors those "in the club" to the detriment of the average Americans. This book is about the Davids vs. the Goliaths and the decentralization that can help the small, independent businesses and individuals participate in wealth creation. If Americans don't wake up and stop it, politicians will continue to produce policies that intensify their war on small business and individuals and all that stands in the way of centralized power and control.

For years, Robert Kiyosaki has firmly believed that the best investment one can ever make is in taking the time to truly understand how one's finances work. Too many people are much more interested in the quick-hitting scheme, or trying to find a short-cut to real wealth. As Kiyosaki has preached over and over again, one has to truly under the process of how money works before one can start out on trying to escape the daily financial Rat Race. Now, in this latest book in the popular Rich Dad Poor Dad series, Kiyosaki lays out his 5 key principles of Financial Intelligence for all to understand. In INCREASE YOUR FINANCIAL IQ, Kiyosaki provides real insights on these key steps to wealth: o How to increase your money -- how to assess what you're really worth now, what your prospects are, and how to start mapping out your financial future. o How to protect your money -- for better or for worse, taxes are a way of life. Kiyosaki shows you that "it's not what you make....it's what you keep." o How to budget your money -- everybody wants to live large, but you have to learn how to live within your budget. Kiyosaki shows you how you can. o How to leverage your money -- as you build your financial IQ, knowing how to put your money to work for you is a crucial step. o How to improve your financial information -- Kiyosaki shows you how to accelerate your wealth as you learn more and more.

Increase your spending power, enhance your standard of living, and achieve financial independence with this "must-read" guide to money management (Jane Bryant Quinn). Laurence Kotlikoff, one of our nation's premier personal finance experts and coauthor of the New York Times bestseller Get What's Yours: The Secrets to Maxing Out Your Social Security, harnesses the power of economics and advanced computation to deliver a host of spellbinding but simple money magic tricks that will transform your financial future.Each trick shares a basic ingredient for financial savvy based on economic common sense, not Wall Street snake oil. Money Magic offers a clear path to a richer, happier, and safer financial life. Whether you're making education, career, marriage, lifestyle, housing, investment, retirement, or Social Security decisions, Kotlikoff provides a clear framework for readers of all ages and income levels to learn tricks like: How to choose a career to maximize your lifetime earnings (hint: you may want to consider picking up a plunger instead of a stethoscope). How to buy a superior education on the cheap and graduate debt-free. Why it's smarter to cash out your IRA to pay off your mortgage. Why delaying retirement for two years can reap dividends and how to lower your average lifetime tax bracket. Money Magic's most powerful act is transforming your financial thinking, explaining not just what to do, but why to do it. Get ready to discover the economics approach to financial planning—the fruit of a century's worth of research by thousands of cloistered economic wizards whose now-accessible collective findings turn conventional financial advice on its head. Kotlikoff uses his soft heart, hard nose, dry wit, and flashing wand to cast a powerful spell, leaving you eager to accomplish what you formerly dreaded: financial planning.

How to Build Massive Wealth by Permanently Lowering Your Taxes

In difficult times, debt can be a matter of life and death, happiness and despair. Controlling your debt can bring order and calm. Mastering debt can bring wealth and success. As bestselling Rich Dad/Poor Dad author Robert Kiyosaki says, “Good debt makes you rich and bad debt makes you poor.” The ABCs of Getting Out of Debt provides the necessary knowledge to navigate through a very challenging credit environment. A Rich Dad ’ s Advisor and best selling author of numerous business books, Garrett Sutton, Esq. clearly writes on the key strategies readers must follow to get out of debt. Unlike other superficial offerings, Sutton explores the psychology and health effects of debt. From there, the reader learns how to beat the lenders at their own game, and how to understand and repair your own credit. Using real life illustrative stories, Sutton shares how to deal with debt collectors, avoid credit scams, and win with good credit. “The reason Garrett Sutton ’ s book is so important is that like it or not, debt is a powerful force in our world today. The financially intelligent are using debt to enrich themselves while the financially uneducated are using debt to destroy their lives.” - Robert Kiyosaki The times call for a book that offers hope and education on mastering credit and getting out of debt.

Garrett Sutton's Own Your Own Corporation has become the resource to turn to to learn how you as a private citizen can take advantage of incorporating yourself and your business. As we now know, such a move can not only save you thousands and thousands of dollars in taxes, but can also protect your home, savings and family assets from the potential attack of creditors. But since the book's publication in 2001, changes in tax laws and other important regulations have been made that affect those pursuing or having corporation status. Now, in a newly revised and updated edition, readers will find the same indispensable and timeless advice (on topics ranging from management control and avoiding disputes to flexibility of decision-making) and a highly accessible breakdown of all the latest pertinent legal developments and how they affect you.

A step-by-step guide to estate planning disseminates information in a comprehensive format and covers such topics as how and when to use wills, preparing living trusts, and protecting one's family. Original.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

How the Government Used the Pandemic to Crush the Backbone of America

Rich Dad's Guide to Investing is a guide to understanding the real earning power of money by learning some of the investing secrets of the wealthy.

The book begins by addressing many of the challenges stock market investors face today and the various ways many investors use the stock market to achieve their goals. A valuable discussion of where paper assets fit (and do not fit) in the context of Rich Dad principles and its place among the other assets classes such as real estate business and commodities. The bulk of the book educates investors on "Andy's 4 pillars of stock market income" and effectively simplifies the four concepts to help investors begin to harness their power. The book concludes with ideas for an individual action plan suited to the goals of the reader

The follow-up to the bestselling The Power of Zero, providing a blueprint to build a guaranteed, tax-free income stream that lasts for the long run. American retirees face a looming crisis. We are living longer than ever before, and most experts predict a dramatic rise in tax rates within the next ten years. The hard truth is that no matter how much you save, you are likely to outlive your money or watch it be taxed into oblivion. But when traditional retirement distribution strategies won't provide sufficient income in the face of higher taxes, what can you do? Tax-Free Income for Life lays out a comprehensive, step-by-step roadmap for a secure retirement. McKnight shows how the combination of guaranteed, inflation-adjusted lifetime income and a proactive asset-shifting strategy can shield you from longevity risk and the

cascade of unintended consequences that result from higher taxes. It's an innovative and proven strategy that maximizes return while effectively neutralizing the two biggest risks to retirement savings. If ever there were a solution for the American retiree, it's guaranteed tax-free income for life.

With the appearance of Grunch of Giants, R. Buckminster Fuller consummates his literary canon, his panoramic lifetime survey of all aspects of the responsibility of human beings for their own destiny. This book is a modern allegory - his long-gestated myth-of the villainy of capitalism and the fecklessness of classic economics. For Fuller, the academic discipline of economics is irrelevant since it derives from an invalid assumption of scarcity. In fact, he has long argued that future historians of our era may subsume our business practices as a branch of mythology; thus it is not surprising that the word economic appears nowhere in his text. Fuller's myth is no idle fairy tale, since he faces his question - the question of a technological imperative which only he could raise with the deadly seriousness of satire. That question is: Can our system of national political sovereignties and corporate profits survive the inevitable technology revolution require to obviate wars by effecting a worldwide rise in the standard of living. One of the functions of myth is to resolve contradictions in our culture. Grunch of Giants portrays the rising of multinational corporations in the paradoxical role of function both as the epitome of capitalistic selfishness and as the inadvertent vehicle for the dissolution of national political boundaries - the last deterrent to a one-world economy. The result is more subversive of the property and profit values of the capitalist system than anything dreamed of since Karl Marx. —E.J. Applewhite, collaborator with RBF on Synergetics and Synergetics 2, author of Cosmic Fishing: A Memoir of Working With R. Buckminster Fuller

To win in business requires a winning business plan. To write a winning business plan requires reading Garrett Sutton's dynamic book on the topic. Writing Winning Business Plans provides the insights and the direction on how to do it well and do it right. Rich Dad/Poor Dad author Robert Kiyosaki says, "The first step in business is a great business plan. It must be a page turner that hooks and holds a potential investor. Garrett Sutton's Writing Winning Business Plans is THE book for key strategies on preparing winning plans for both business and real estate ventures. Crisply written and featuring real life illustrative stories, Writing Winning Business Plans discusses all the key elements for a successful plan. Topics include focusing your business vision, understanding your financials and analyzing your competition. Also covered are how to really use your business plan as a tool and how to attract funding for your new or existing businesses. As business plan competitions become more popular around the world Writing Winning Business Plans also discusses how to enter and how to win these ever more lucrative contests. In addition, how to quickly interest a potential investor, also known as the elevator pitch, is explained. And, as opportunities arise around the world, how to present your plan in various countries is explored. Writing Winning Business Plans is the complete compendium for this essential business rite of passage - preparing a winning plan.

A best-selling personal finance author encourages parents to not put so much emphasis on letter grades, arguing that many C students grow up to become CEOs and successful entrepreneurs. Original.

"Rich Dad, Poor Dad: What The Rich Teach Their Kids About Money--That The Poor And The Middle Class Do Not!," by Robert T. Kiyosaki, compares the financial philosophies of the author's two fathers: his biological father - the poor dad - and the father of his childhood best friend, Mike - the rich dad. Throughout the book the author compares both fathers, and how his real father, the poor and struggling but highly educated man, paled against his rich dad in terms of asset building and business acumen. - Save time on the go with the compact format and concise summary - Explore key quotations from the book

Get the most out of property investment and secure your financial future 7 Steps to Wealth is the only real estate book in Australia endorsed by three of Australia's property billionaires. It shares John L. Fitzgerald's

own 35-year proven property strategy, supported statistically and with real life case studies from readers of earlier editions. Now in its 8th edition the book is completely up-to-date with the latest census data, location criteria and growth forecasts. Most importantly the book exposes the difference between property and real estate, proving that it's only the land that appreciates and that the buildings that sit on the land actually depreciate. Indeed 7 Steps to Wealth uses Warren Buffet's secret of compound growth but adapted for Australian property investors. Fitzgerald proves that certain residential land is Australia's best growth asset -- and will continue to be given current record population growth. • Unlock the secret power of compound growth and make it work for you • Avoid the common mistakes that most property investors make • Read case studies and testimonials from millionaires using the 7 step strategies • Understand how to safely build wealth in property, be cashflow positive and still get a tax deduction. With Australia's record population growth, there is no better time for Australians to use this proven strategy to safely build wealth for a comfortable retirement, one that doesn't mean relying on government welfare.

So you've made your real estate investment, now the question is: How are you going to make it successful? Maximize its potential? Make it grow? One word: management. Hundreds of thousands know bestselling author Ken McElroy as a real estate investment tycoon. In his new book, he reveals the key to his success, exceptional property management, and teaches you its most important principles, showing you how to fundamentally succeed where others fail. THE ABC'S OF PROPERTY MANAGEMENT tells readers: How to decide when to manage your property and when to hire someone to do it How to implement the right systems and structures for your investment How to manage and maximize cash flow What to expect: a month in the life of an owner-manager How to find the right property manager (and avoid the wrong ones) How to assemble a superior management team.

OVER 250,000 COPIES IN PRINT, WITH A NEW CHAPTER ON THE 2018 TAX CUTS. There's a massive freight train bearing down on the average American investor, and it's coming in the form of higher taxes. The United States Government has made trillions of dollars in unfunded promises for programs like Social Security and Medicare—and the only way to deliver on these promises is to raise taxes. Some experts have even suggested that tax rates will need to double, just to keep our country solvent.

Unfortunately, if you're like most Americans, you've saved the majority of your retirement assets in tax-deferred vehicles like 401(k)s and IRAs. If tax rates go up, how much of your hard-earned money will you really get to keep? In The Power of Zero, McKnight provides a concise, step-by-step roadmap on how to get to the 0% tax bracket by the time you retire, effectively eliminating tax rate risk from your retirement picture. Now, in this expanded edition, McKnight has updated the book with a new chapter on the 2017 Tax Cuts and Jobs Act, showing readers how to navigate the new tax law in its first year of being in effect, and how they can extend the life of their retirement savings by taking advantage of it now. The day of reckoning is fast approaching. Are you ready to do what it takes to experience the power of zero?

Buying and Selling a Business reveals key strategies used to sell and acquire business investments. Garrett Sutton, Esq. is a best selling author of numerous law for the layman books, and he guides the reader clearly through all of the obstacles to be faced before completing a winning transaction. "Buying and Selling a Business" uses real life stories to illustrate how to prepare your business for sale, analyze acquisition candidates and assemble the right team of experts. The book also clearly identifies how to understand the tax issues of a business sale, how to use confidentiality agreements to your benefit and how to negotiate your way to a positive result. Robert Kiyosaki, the best selling author of Rich Dad/Poor Dad has this to say about Buying and Selling a Business, "Garrett Sutton's information is priceless for anyone who wants to increase his or her knowledge of the often secret world of the rich, what the rich invest in, and some of the reasons why the rich get richer." Buying and Selling a Business is a timely business book for our times.

Reveals how to actually speed up and maximize the return on investments to achieve total financial independence.

Rich Dad's Guide to Financial Freedom

Turn Bad Debt into Good Debt and Bad Credit into Good Credit

Many people have million-dollar ideas. They're confident that their new product or service or innovation will make them rich and that all their dreams will come true. The problem is: Most people don't know how to turn their million-dollar idea into millions of dollars. According to many social scientists, the most important thing in life is a person's social and professional network. In other words, the people around us—our associates, our team, our friends. The people we surround ourselves with—and the people we go to for advice and guidance—can mean the difference between success and failure. And as he taught in Rich Dad Poor Dad, if the people around you have a poor person's mindset, it's likely that you'll be, or stay, poor. Your team, in life and in business, will determine if your million-dollar idea will give you a million-dollar payday. In More Important Than Money, Robert teams up with his most trusted Advisors who contribute not only chapters on the strengths and talents they bring to the team, but offer candid and insightful individual Profiles and excerpts from each of the 14 Rich Dad Advisor Series books. Readers will meet all of Robert's Rich Dad Advisors and learn why they are among his most valuable assets.

Loopholes of the Rich helps Americans from all walks of life use the same tax loopholes that the wealthy use to lower their tax bill. With this handy guide, you won't need an accountant to find quick and easy ways to pay less. And there's nothing unethical about these tax loopholes. In fact, the government wants you to take advantage of them! These tax-reducing tactics and strategies can give you the freedom to save for your family's future or for your own financial independence. Plus, you'll find a handy checklist of more than 300 business deductions, real-life tax strategy examples, useful sample forms, explanations of IRS codes and rules, and much more.

Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!
