*Peter Grant has been doing some research on an old case in the annexe of the Folly's library. He has discovered that his mentor, Thomas Nightingale, befriended a man named Angus Strallen during the Second World War after Strallen witnessed Nightingale fell an enemy aircraft with a wave of his hand. The pair were reunited in October 1957 as they attempted to track down a dangerous murderer who targeted women: one Professor Uwe Fischer. The ex-Luftwaffe-pilot-turned-scientist remained one step ahead of Nightingale and Strallen at every turn, seemingly surrounded by powerful allies. With the detectives not on his trail after his attempted murder of Asterid Bivalacqua, Fischer decided to leave London and head back to Cumbria. But returning to his day job at Windscale, an atomic reactor plant in the North West, could prove to be even more deadly for the unsuspecting people of Britain...*

*Detective Inspector Peter Grant is back in an all-new comic miniseries from author Ben Aaronovitch! Trouble never lies far from the race track. When a flash car belonging to a young boy racer from England washes up in the Netherlands with a bagload of unusual cargo, it's evident there is more than meets the eye happening at street races held in an Essex car park. Enter Detective Inspector Peter Grant. Fresh from suspension, he takes to the track in his orange 'asbo' Ford Focus to try and infiltrate the big leagues. But Peter soon finds himself sucked back into an otherworldy – a real-life fairyland!*

*From Derf Backderf, the bestselling author of My Friend Dahmer, comes the tragic and unforgettable story of the Kent State shootings: On May 4, 1970, the Ohio National Guard gunned down unarmed college students protesting the Vietnam War at Kent State University. In a deadly barrage of 67 shots, 4 students were killed and 9 shot and wounded. It was the day America turned guns on its own children—a shocking event burned into our national memory. A few days prior, 10-year-old Derf Backderf saw those same Guardsmen patrolling his nearby hometown, sent in by the governor to crush a teacher strike. Using the journalism skills he employed on My Friend Dahmer and Trashed, Backderf has conducted extensive interviews and research to explore the lives of these four young people and the events of those four days in May, when the country seemed on the brink of tearing apart. Kent State: Four Dead in Ohio, which will be published in time for the 50th anniversary of the tragedy, is a moving and troubling story about the bitter price of dissent—as relevant today as it was in 1970.*

**BODY AND SOUL:** *The song. That's what London constable and sorcerer's apprentice Peter Grant first notices when he examines the corpse of Cyrus Wilkins, part-time jazz drummer and full-time accountant, who dropped dead of a heart attack while playing a gig at Soho's 606 Club. The notes of the old jazz standard are rising from the body—a sure sign that something about the man's death was not at all natural but instead supernatural. Body and soul—they're also what Peter will risk as he investigates a pattern of similar deaths in and around Soho. With the help of his superior officer, Detective Chief Inspector Thomas Nightingale, the last registered wizard in England, and the assistance of beautiful jazz aficionado Simone Fitzwilliam, Peter will uncover a deadly magical menace—one that leads right to his own doorstep and to the squandered promise of a young jazz musician: a talented trumpet player named Richard "Larry" Grant—otherwise known as Peter's dear old dad.*

*The ninth novel of the bestselling Rivers of London urban fantasy series returns to the adventures of Peter Grant, detective and apprentice wizard, as he solves magical crimes in the city of London. There is a world hidden underneath this great city. The London Silver Vaults—for well over a century, the largest collection of silver for sale in the world. It has more locks than the Bank of England and more cameras than a paparazzi convention. Not somewhere you can murder someone and vanish without a trace—only that's what happened. The disappearing act, the reports of a blinding flash of light, and memory loss among the witnesses all make this a case for Detective Constable Peter Grant and the Special Assessment Unit. Alongside their boss DCI Thomas Nightingale, the SAU find themselves embroiled in a mystery that encompasses London's tangled history, foreign lands and, most terrifying of all, the North! And Peter must solve this case soon, because back home his partner Beverley is expecting twins any day now. But what he doesn't know is that he's about to encounter something—and somebody—that nobody ever expects... Effortlessly original, endlessly inventive and hugely entertaining—step into the world of the much-loved, bestselling Rivers of London series.*

*The Vinyl Detective plunges into the world of death metal in his sixth adventure. Expect laughs, LPs, cats and the return of fan favourites, Nevada, Tinkler, Stinky Stanmer and more. And the visit from Owyn Wynter, head of Whyte Ravyn Records, who needs the Detective's unique skills. So begins an all-expenses-paid trip to Trollsko, Sweden for the Detective, Nevada, Tinkler and Agatha to track down a copy of the debut album from demonic metal legends, Storm Dream Troopers. Condemned by the church and banned on release, Attack and Decay is a legendary record. But their trip to the homelands of Nordic noir is quickly thrust into a world of intrigue as the Detective closes in on the deal, the band unexpectedly converge on the peaceful town, And worse, their trip somehow coincides with a visit from Stinky Stanmer... Soon the bodies start piling up, and the Vinyl Detective is the only one who can solve the case.*

Spring Breakers meets Lock, Stock and Two Smoking Barrels on the banks of the Thames in this new graphic novel from Ben Aaronovitch! When two of the less well-behaved River goddesses, Chelsea and Olympia, decide to earn a few quid on the side, Peter and Bev find themselves drawn into a sordid cannabis-smuggling operation, controlled by London's new queenpin of crime - the brutal and beautiful Hoodette!

No previous author has attempted a book such as this: a complete history of novels written in the English language, from the genre's seventeenth-century origins to the present day. In the spirit of Dr. Johnson's Lives of the Poets, acclaimed critic and scholar John Sutherland selects 294 writers whose works illustrate the best of every kind of fiction—from gothic, penny dreadful, and pornography to fantasy, romance, and high literature. Each author was chosen, Professor Sutherland explains, because his or her books are well worth reading and are likely to remain so for at least another century. Sutherland presents these authors in chronological order, in each case deftly combining a lively and informative biographical sketch with an opinionated assessment of the writer's work. Taken together, these novelists provide both a history of the novel and a guide to its rich variety. Always entertaining, and sometimes shocking, Sutherland considers writers as diverse as Daniel Defoe, Henry James, James Joyce, Edgar Allan Poe, Virginia Woolf, Michael Crichton, Jeffrey Archer, and Jacqueline Susann. Written for all lovers of fiction, Lives of the Novelists succeeds both as introduction and re-introduction, as Sutherland presents favorite and familiar novelists in new ways and transforms the less favored and less familiar through his relentlessly fascinating readings.

A battered old harmless wooden stall? A snazzy sports car turned homicidal killer? A pack of wayward rich kids? East Asia is normally identified as a group of countries lying along the western edge of the Pacific Ocean, but in recent years scholars have begun thinking about a new East Asia that is a community rather than a set of sovereign states. This regional community is a theoretical notion variously defined on the basis of economic or political relations, philosophical orientations, language or other criteria, with each standard producing a different set of boundaries. This book looks at the new East Asia from a Northeast Asian perspective, considering it both as a theoretical construct and a practical reality. The authors are Asian Studies specialists, mainly from Japan but with contributions from Korea and the United States, and they consider the trade and economic interaction, diplomacy, and security arrangements of East Asia. Prepared as part of a five-year research program conducted by Waseda University's 21st Century Center of Excellence for the Creation of Contemporary Asian Studies, the essays are published here in English for the first time.

A dramatic account of the Americans who tried to stop their nation from fighting in the First World War—and came close to succeeding. In this “fascinating” (Los Angeles Times) narrative, Michael Kazin brings us into the ranks of one of the largest, most diverse, and most sophisticated peace coalitions in US history. The activists came from a variety of backgrounds: wealthy, middle, and working class; urban and rural; white and black; Christian and Jewish and atheist. They mounted street demonstrations and popular exhibitions, attracted prominent leaders from federal office, met with President Woodrow Wilson to make their case, and founded new organizations that endured beyond the cause. For almost three years, they helped prevent Congress from authorizing a massive increase in the size of the US army—a step advocated by ex-president Theodore Roosevelt. When the Great War’s bitter legacy led to the next world war, the warnings of these peace activists turned into a tragic prophecy—and the beginning of a surveillance state that still endures today. My name is Peter Grant and until January I was just probationary constable in that mighty army for justice known to all right-thinking people as the Metropolitan Police Service (and as the Filtl to everybody else). My only concerns in life were how to avoid a transfer to the Case Progression Unit - we do paperwork so real coppers don't have to - and finding a way to climb into the panties of the outrageously perky WPC Leslie May. Then one night, in pursuance of a murder inquiry, I tried to take a witness statement from someone who was dead but disturbingly valuable, and that brought me to the attention of Inspector Nightingale, the last wizard in England. Now I'm a Detective Constable and a trainee wizard, the first apprentice in fifty years, and my world has become somewhat more complicated: nests of vampires in Purley, negotiating a truce between the warring god and goddess of the Thames, and digging up graves in Covent Garden ... and there's something festering at the heart of the city I love, a malicious vengeful spirit that takes ordinary Londoners and twists them into grotesque mannequins to act out its drama of violence and despair.The spirit of riot and rebellion has awakened in the city, and it's falling to me to bring order out of chaos - or die trying.

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students. Peter Grant is one of only two members of a very special branch of London's Metropolitan Police. He is, in fact, pretty much a wizard and it's his job to investigate those shadowy crimes that involve urban vampires, weird folk in the underground and, in this case, why cars are suddenly taking on lives of their own and killing innocent folk!
