This book, the first full-length cross-period comparison of medieval and modern literature, offers cutting edge research into the textual and cultural legacy of the Middle Ages, a significant and growing area of scholarship. At the juncture of literary, cultural and gender studies, and capitalizing on a renewed interest in popular western representations of the Islamic east, this book proffers innovative case studies on representations of cross-religious and cross-cultural romantic relationships in a selection of late medieval and early modern century Orientalist popular romances. Comparing the tropes, characterization and settings of these literary phenomena, and focusing on gender, religion, and ethnicity, it exposes the historical roots of current romance representations of the east, advancing research in Orientalism, (neo)medievalism and medieval cultural studies. Fundamentally, *Representing Difference* invites a closer look at medieval and modern popular attitudes towards the east, as represented in romance, and the kinds of solutions proposed to the apparent problems.

**"A brilliant and glittering jewel of a novel. I was wholly swept away by this story."--Allison Pataki, New York Times bestselling author of The Queen's Fortune "A tale of daring and determination, set against the glamorous heights, and the harsh restrictions of aristocratic society in the middle years of the British nineteenth century."--Sir Julian Fellowes, creator of "Downton Abbey" From one of the most famous former members of the British royal family, Sarah Ferguson, Duchess of York—a mesmerizing novel of a young noblewoman's coming-of-age that richly details both high society and low in Victorian England. Queen Victoria's close friend, the Scottish Duke of Buccleuch, Lady Margaret Montagu Scott is expected to make an advantageous marriage. But Margaret is an impulsive and outspoken girl in a repressive society where women are, quite literally, caged in corsets and required to conform. When Lady Margaret's parents arrange a society marriage for her, she tries to reconcile herself to the match. But shortly before her betrothal is announced, Margaret flees, leaving her parents to explain her sudden absence to an opulent ballroom stuffed with two hundred distinguished guests. Banished from polite society, Margaret throws herself into charitable work and finds strength in a circle of female friends like herself—women intent on breaking the mold, including Queen Victoria's daughter Princess Louise. Margaret resolves to follow her heart—a journey of self-discovery that will take her to Ireland, America, and then back to Britain where she finds the life she was always meant to lead. A bold and thoughtful story about a rebellious woman finding herself and her voice in an age of astounding technological change and great social unrest, Her Heart for a Compass is a delicious costume drama rich in atmosphere, history, and color.**
