Following on from the phenomenally successful Shakespeare, The Movie, this volume brings together an invaluable new collection of essays on cinematic Shakespeares in the 1990s and beyond. Shakespeare, The Movie II: "focuses for the first time on the impact of postcolonialism, globalization and digital film on recent adaptations of Shakespeare; *takes in not only American and British films but also adaptations of Shakespeare in Europe and in the Asian diapora; *explores a wide range of film, television, video and DVD adaptations from Almereyda's Hamlet to animated tales, via Baz Luhrmann, Kenneth Branagh, and 1990s' Macbeths, to name but a few; *offers fresh insight into the issues surrounding Shakespeare on film, such as the interplay between originals and adaptations, the question of spectatorship, and the impact of popularization on the canonical status of "the Bard." Combining three key essays from the earlier collection with exciting new work from leading contributors, Shakespeare, The Movie II offers sixteen fascinating essays. It is quite simply a must-read for any student of Shakespeare, film, media or cultural studies.

Poe's preference for not naming his narrators is potent once again in "The Tell-Tale Heart", a story that is trying so hard to appear sane, but fails miserably in the end. With minute preparations, perfect calculations, and even more precise execution of the conceived gruesome act, the narrator successfully fulfils his purpose, only to be lost in a battle with his sanity and guilt afterwards. Backed by the numerous movie and theatrical adaptations, the story is considered one of Poe's most popular and critically acclaimed. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

In this much needed resource, Maryellen Weimer-one of the nation's most highly regarded authorities on effective college teaching-offers a comprehensive work on the topic of learner-centered teaching in the college and university classroom. As the author explains, learner-centered teaching focuses attention on what the student is learning, how the student is learning, the conditions under which the student is learning, whether the student is retaining and applying the learning, and how current learning positions the student for future learning. To help educators accomplish the goals of learner-centered teaching, this important book presents the meaning, practice, and ramifications of the learner-centered approach, and how this approach transforms the college classroom environment. Learner-Centered Teaching shows how to tie teaching and curriculum to the process and objectives of learning rather than to the content delivery alone.

The new edition of this popular classroom supplement features 40 updated lessons containing word lists, definitions, pronunciation notes, and information on word origins and usage. Exercises, games, and puzzles facilitate vocabulary building, making this title a fine preparation tool for standardized verbal and language tests, notably the SAT and ACT college entrance tests. A new section added to this edition presents a series of brief essay passages that put into context the new words taken from the books vocabulary list.

Teaching Again exposes the very human core of the teaching experience. This book is not just about teaching English/language arts; it is about the heart and soul of the vocation that is teaching. It is also not just about Tom Poetter, the English teacher; it is about every individual who has ever tried to educate, whether that act has taken place in a classroom, a church or synagogue, a museum, or at the kitchen table. Teaching Again brings to life the dance of questions that vie for attention in the mind of a teacher: How do I convince students that they want to learn to what I'm trying to teach? How do I make them understand that this is really actually important to them? And, perhaps most important, how do I get them to like me, and my discipline, in the process? These are the questions that all good teachers ask themselves at the beginning, middle, and end of every single day of their professional lives. Every moment of teaching is a human transaction, and Tom brings us right into the middle of that transaction. He allows the reader to see and hear and feel the tension of the tightrope he has chosen to walk with these students. The reader is right there for the thrilling "ah-ha!" moments, and we experience the anguish of his defeats.

The tragedy "Romeo and Juliet" is one of the most famous plays written by the English author, William Shakespeare. It's one of the most famous love-themed tragedies ever. It was the first tragedy ever written by Shakespeare. He wrote it in 1593 after completing his two comedies, which are less known nowadays. The piece was written during the first phase of his career as a writer. It was inspired by a commonly known legend about two lovers from Verona, who ended their lives tragically because of love. Even Dante mentioned the tragedy of the families Montague and Capulet in his Divine Comedy, in part referring to the Purgatory. Additionally, there are records pointing to the fact that it was a historical event from 1303. Also, the love story was mentioned in work called "History of Verona," which was printed in the period around 1595. Several authors used the motif of a tragic couple of Verona in their works before Shakespeare; however, Shakespeare's version remained the most famous one.The tragedy tells the story about two young people that fall in love with each other, despite the animosity between their families that are consumed by hatred and rivalry. Their love seems impossible at first, but they get married secretly. In the course of various conflicts occurring between the two families, Romeo murders Juliet's cousin and thus has to leave the country. However, he remains in hiding, not to leave Juliet behind.Juliet's parents want to marry her to a prominent nobleman, but she would rather die than violate her love and marriage with Romeo. She receives help again from the priest who married them. He gives Juliet a potion that would put her to sleep but not kill her, so that her family would think she is dead, setting her free. The priest sends the message to Romeo, telling him that Juliet is alive.However, the message never reaches him. After hearing about Juliet's death, Romeo arrives at her tomb, where he takes his life by drinking poison because he sees no sense in living a life without Juliet. Upon that, Juliet wakes up and tries to drink the last drops of poison from Romeo's lips to die, but when she sees that it is not enough, she takes a dagger and commits suicide.Both families then realize that their irrational hatred took the lives of young people, but it failed to stop true love, which is the sole morality of the story.This tragedy is the source of several timeless sentences that remain quoted to this day. Among them is the most famous one: "O Romeo, o Romeo, wherefore art thou Romeo?" It is as if Juliet almost curses her fate for falling in love with Romeo, yet it does not stop her from loving him. The balcony scenes in which Romeo declares his love to Juliet have remained a synonym to romantic declarations of love to this day, and all love stories are compared to this very one, known as the greatest love story ever.The Tragedy of Romeo and Juliet was written in pentameter. The introduction was written in the form of the Shakespearean sonnet, comprised of 14 lines.

Is 'Romeo and Juliet' really a love story, or is it a play about young people living in dangerous circumstances? How might life under occupation produce a new reading of 'Julius Caesar'? What choices must a group of Palestinian students make, when putting on a play which has Jewish protagonists? And why might a young Palestinian student refuse to read? For five months at the start of 2013, Tom Sperlinger taught English literature at the Abu Dis campus of Al-Quds University in the Occupied West Bank. In this account of the semester, Sperlinger explores his students' encounters with works from 'Hamlet' and 'The Yellow Wallpaper' to Kafka and Malcolm X. By placing stories from the classroom alongside anecdotes about life in the West Bank, Sperlinger shows how his own ideas about literature and teaching changed during his time in Palestine, and asks what such encounters might reveal about the nature of pedagogy and the role of a university under occupation.
